*Tales from the Washington State Cougars Sideline* Jim Walden,2013-10-01 During an association with the Washington State football program that started in 1977, Jim Walden established a foundation of competitive expectations that helped spur the success of contemporary Cougar teams. Walden's 1981 Cougars broke a 51-year bowl drought, and with victories in three of his last five Apple Cup games against Washington, Walden finally leveled the field with WSU's cross-state rivals. Walden's teams beat every opponent in the Pac-10 Conference at least once, squaring off against powerhouses USC, UCLA, and Washington despite a deficit in resources that he once described as "having to fight battles every Saturday with a really short sword." He kidded and sparred with coaches like Don James, John Robinson, and Terry Donahue, while ticking off a few others with his outspokenness. He offered his opinions so frequently and frankly that his university president had "The Walden Release" printed and ready as a disclaimer for the press: "The opinions of Coach Walden do not necessarily reflect the stance of the WSU administration." In *Tales from the Washington State Cougars Sideline*, the stories cover players and coaches alike, including Jack "The Throwin' Samoan" Thompson, the colorful "Lone Star" Dietz, Bill Doba, and many more. Walden reveals the effective strategies and the flubs and tells what really happened on the field and in the locker rooms. He also shares the ways he was able to coax prospects into coming to remote Pullman and what he was really screaming at officials all those times. Walden tells his stories the way he coached—all out and nothing held back, with wit and humor.

**Montana State's Golden Bobcats: 1929 Basketball National Champions** Paul R. Wylie,2022 Montana State's Golden Bobcats celebrates a storied history from the hardwood Ashworth Cat Thompson and brothers Frank and Orland Ward didn't know what to expect when they left southern Utah in the Fall of 1926. They arrived in Bozeman to play on the Montana State College basketball team under charismatic coach and fellow Utah native Ott Romney and Assistant Coach Schubert Dyche. Teamed with Montana products Brick Breeden and Max Worthington the following season, the core formed one of the best teams in the country. Despite Romney returning to Provo at the end of 1928, the Bobcats persevered in '29 under Schubert to win the consensus college national basketball championship, with Cat and Frank Ward earning All-American honors. **The Cougar Conundrum** Mark Elbroch,2020-08-13 The relationship between humans and mountain lions has always been uneasy. A century ago, mountain lions were vilified as a threat to livestock and hunted to the verge of extinction. In recent years, this keystone predator has made a remarkable comeback, but today humans and mountain lions appear destined for a collision course. Its recovery has led to an unexpected conundrum: Do more mountain lions mean they're a threat to humans and domestic animals? Or, are mountain lions still in need of our help and protection as their habitat dwindles and they're forced into the edges and crevices of communities to survive? Mountain lion biologist and expert Mark Elbroch welcomes these tough questions. He dismisses long-held myths about mountain lions and uses groundbreaking science to uncover important new information about their social habits. Elbroch argues that humans and mountain lions can peacefully coexist in close proximity if we ignore uninformed hype and instead arm ourselves with knowledge and common sense. He walks us through the realities of human safety in the presence of mountain lions, livestock safety, competition with hunters for deer and elk, and threats to rare species, dispelling the paranoia with facts and logic. In the last few chapters, he touches on human impacts on mountain lions and the need for a sensible management strategy. The result, he argues, is a win-win for humans, mountain lions, and the ecosystems that depend on keystone predators to keep them in healthy balance. The *Cougar Conundrum* delivers a clear-eyed assessment of a modern wildlife challenge, offering practical advice for wildlife managers, conservationists, hunters, and those in the wildland-urban interface who share their habitat with large predators.

**United States Code** United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.

Pro Sports in 1993 David Ostrowsky,2020-10-20 America and Canada both saw historic sports milestones in 1993. While the Dallas Cowboys and

Chicago Bulls reigned supreme, the Toronto Blue Jays won a second consecutive World Series on a walk-off homer, and the Montreal Canadiens emerged as the last Canadian team to win a Stanley Cup. While stars like Michael Jordan, Wayne Gretzky and Joe Montana overcame physical and emotional challenges to make history, teams were performing unprecedented feats, from the Buffalo Bills' unrivaled comeback on Wild Card Weekend to the Baltimore Orioles' unveiling of their transformative ballpark design during All-Star Week. Drawing on original interviews with dozens of former players and coaches, this book revisits an exceptional sports year for fans across North America, with memorable stories involving some of the most iconic sports figures of the 1990s.

**The Rise of Washington State University Football** Ben Donahue,2023-08-28 The rise of the crimson and gray. In 1987, Dennis Erickson arrived in Pullman, Washington to take over the struggling Washington State University football program. Under his leadership, the Cougars ended 1988 with a 9-3 record and a victory in the Aloha Bowl. In just two years, the team had transformed, and Erickson's lifelong friend, Mike Price, took over in 1989 to build on that legacy. By the end of Price's tenure, WSU had appeared in five bowl games including two Rose Bowls, eclipsing the four bowl games in the entire program's history. The coaches also produced a number of high-profile NFL quarterbacks, including Drew Bledsoe and Ryan Leaf. Join author Ben Donahue as he explores how the Washington State University Cougars went from doormats to perpetual contenders.
