

Watch Chicago

Pamela Dell

City Watch Jon Anderson, 2001-05-04 In forty-five years as one of Chicago's liveliest journalists for Time, Life, and the Chicago Tribune, Jon Anderson has established a reputation for picking up on what someone once called the beauty of the specific fact. Part Talk of the Town, part On the Road with Charles Kuralt, Anderson's twice-a-week City Watch columns in the Chicago Tribune seek out interesting and unexpected people and places from the everyday life of what the author calls the most typical American big city. In the process he discovers the joys and triumphs of ordinary people. Anderson writes with wit and insight about those who find themselves inspired or obsessed with alternative ways of viewing life or getting through the day. Like the man who started with one light pole, then painted all the poles in his southside neighborhood. Or the founder of Cats-Are-Purrsons-Too, a nun who lives with sixty-seven cats. Or the philosopher who, with no financial success, still publishes a newsletter called The Meaning of Life. After years of hunting down moments of everyday life that have drama and meaning, Anderson offers a book that has curious power, because all of its stories are true. Drawn from the best of Anderson's columns, City Watch introduces readers to an eclectic mix of social clubs, subcultures, and minor celebrities. From Foraging Friends, a group of penniless ecologists who forage for wild foods in a county forest preserve, to the annual Dumpster Diver fashion show, from the Oakton Elementary School chess team to a group that calls itself Some Chicago Anarchists, readers will discover the characters and events that define Chicago's local color.

End of Watch Edward M. Burke, Thomas J. O'Gorman, 2007

City of the Century Donald L. Miller, 2014-04-09 “A wonderfully readable account of Chicago’s early history” and the inspiration behind PBS’s American Experience (Michiko Kakutani, The New York Times). Depicting its turbulent beginnings to its current status as one of the world’s most dynamic cities, *City of the Century* tells the story of Chicago—and the story of America, writ small. From its many natural disasters, including the Great Fire of 1871 and several cholera epidemics, to its winner-take-all politics, dynamic business empires, breathtaking architecture, its diverse cultures, and its multitude of writers, journalists, and artists, Chicago’s story is violent, inspiring, passionate, and fascinating from the first page to the last. The winner of the prestigious Great Lakes Book Award, given to the year’s most outstanding books highlighting the American heartland, *City of the Century* has received consistent rave reviews since its publication in 1996, and was made into a six-hour film airing on PBS’s American Experience series. Written with energetic prose and exacting detail, it brings Chicago’s history to vivid life. “With *City of the Century*, Miller has written what will be judged as the great Chicago history.” —John Barron, Chicago Sun-Times “Brims with life, with people, surprise, and with stories.” —David McCullough, Pulitzer Prize-winning author of *John Adams* and *Truman* “An invaluable companion in my journey through Old Chicago.” —Erik Larson, New York Times—bestselling author of *The Devil in the White City*

Chicago People Richard Younker,2001 In this photodocumentary, Richard Younker reveals the second city - the shadowy sister of the glittering, guidebook Chicago - through the stories and black-and-white images of its inhabitants. Many of the men and women depicted on these pages live on the edge, or close to it. Some survive by wit and cunning, some by violence, some by grinding, backbreaking work. But they are all survivors, and their stories, gritty and luminous, pulsate with the energy of that survival.--BOOK JACKET.

Authors of the Storm Gary Alan Fine,2009-10-15 Whether it is used as an icebreaker in conversation or as the subject of serious inquiry, "the weather" is one of the few subjects that everyone talks about. And though we recognize the faces that bring us the weather on television, how government meteorologists and forecasters go about their jobs is rarely scrutinized. Given recent weather-related

disasters, it's time we find out more. In *Authors of the Storm*, Gary Alan Fine offers an inside look at how meteorologists and forecasters predict the weather. Based on field observation and interviews at the Storm Prediction Center in Oklahoma, the National Weather Service in Washington, D.C., and a handful of midwestern outlets, Fine finds a supremely hard-working, insular clique of professionals who often refer to themselves as a “band of brothers.” In Fine’s skilled hands, we learn their lingo, how they “read” weather conditions, how forecasts are written, and, of course, how those messages are conveyed to the public. Weather forecasts, he shows, are often shaped as much by social and cultural factors inside local offices as they are by approaching cumulus clouds. By opening up this unique world to us, *Authors of the Storm* offers a valuable and fascinating glimpse of a crucial profession.

Slow Trains Overhead Reginald Gibbons, 2010-05-15 Few people writing today could successfully combine an intimate knowledge of Chicago with a poet’s eye, and capture what it’s really like to live in this remarkable city. Embracing a striking variety of human experience—a chance encounter with a veteran on Belmont Avenue, the grimy majesty of the downtown El tracks, domestic violence in a North Side brownstone, the wide-eyed wonder of new arrivals at O’Hare, and much more—these new and selected poems and stories by Reginald Gibbons celebrate the heady mix of elation and despair that is city life. With *Slow Trains Overhead*, he has rendered a living portrait of Chicago as luminously detailed and powerful as those of Nelson Algren and Carl Sandburg. Gibbons takes the reader from museums and neighborhood life to tense proceedings in Juvenile

Court, from comically noir-tinged scenes at a store on Clark Street to midnight immigrants at a gas station on Western Avenue, and from a child's piggybank to nature in urban spaces. For Gibbons, the city's people, places, and historical reverberations are a compelling human array of the everyday and the extraordinary, of poverty and beauty, of the experience of being one among many. Penned by one of its most prominent writers, *Slow Trains Overhead* evokes and commemorates human life in a great city.

Chicago Comedy Margaret Hicks, 2011-04-22 "An overview of Chicago's comedic legacy, from its early days . . . to its present day position as a breeding ground for some of comedy's biggest names" (Gapers Block). Famous for being a city of broad shoulders, Chicago has also developed an international reputation for split sides and slapped knees. Watch the Chicago style of comedy evolve from nineteenth-century vaudeville, through the rebellious comics of the fifties and into the improvisation and sketch that ushered in a new millennium. Drawing on material both hilarious and profound, Second City alum Margaret Hicks touches on what makes Chicago different from other cities and how that difference produced some of the greatest minds comedy will ever know: Amos 'n' Andy, Jack Benny, Lenny Bruce, Del Close, John Belushi, Tina Fey, Stephen Colbert and so many, many more. Includes photos!

The Great Chicago Fire of 1871 Kay Melchisedech Olson, 2006-08 In graphic novel format, tells the story of the Great Chicago Fire of 1871, an inferno that forever changed the city's skyline.
