From Scratch Tembi Locke, 2020-02-04 Now a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is "a captivating story of love lost and found" (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro's traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a

baby girl they adopted at birth. Eventually, they reconciled with Saro's family just as he faced a formidable cancer that would consume all their dreams. From Scratch chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro's family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law's table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro's romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke's case, it is both. "Locke's raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones" (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. From Scratch is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.

The Reunited States of America Mark Gerzon, 2016-02-29

"There are lots of reasons to feel bad about national politics. Mark Gerzon provides some well-thought-out, reality-based reasons to feel better." — James Fallows, National Book Award-winning author of *Breaking the News* In this era of poisonous partisanship, *The Reunited States of America* is a lifesaving antidote. At a time when loyalty to party seems to be overpowering love of country, it not only explains how we can bridge the partisan divide but also reveals the untold story of how some of our fellow citizens are already doing it. This book, a manifesto for a movement to reunite America, will help us put a stop to the seemingly endless Left-Right fistfight while honoring the vital role of healthy political debate. Mark Gerzon describes how citizens all over the country—Republicans, Democrats, and independents—are finding common ground on some of the most divisive and difficult issues we face today.

Our Towns James Fallows, Deborah Fallows, 2018-05-08

NATIONAL BEST SELLER • The basis for the HBO documentary now streaming on HBO Max For five years, James and Deborah

Fallows have travelled across America in a single-engine prop airplane. Visiting dozens of towns, the America they saw is acutely conscious of its problems—from economic dislocation to the opioid scourge—but it is also crafting solutions, with a practical-minded determination at dramatic odds with the bitter paralysis of national politics. At times of dysfunction on a national level, reform possibilities have often arisen from the local level. The Fallowses describe America in the middle of one of these creative waves. Their view of the country is as complex and contradictory as America itself, but it also reflects the energy, the generosity and compassion, the dreams, and the determination of many who are in the midst of making things better. *Our Towns* is the story of their journey—and an account of a country busy remaking itself.

Hope for Film Ted Hope,Anthony Kaufman,2020-08-18 "Essential for the aspiring filmmaker," this is an inspiring, tell-all

look at the independent film business from one of the industry's most passionate supporters (Todd Solondz, director of *Welcome to the Dollhouse*) *Hope for Film* captures the rebellious punk spirit of the indie film boom in 1990s New York City and its collapse two decades later to its technology-fueled regeneration and continuing streaming-based evolution. Ted Hope, whose films have garnered 12 Oscar nominations, draws from his own personal experiences working on the early films of Ang Lee, Eddie Burns, Alan Ball, Todd Field, Hal Hartley, Michel Gondry, Nicole Holofcener, and Todd Solondz, as well as his tenures at the San Francisco Film Society, Fandor, and Amazon Studios, taking readers through the decision-making process that brought him the occasional failure as well as much success. Whether navigating negotiations with studio executives over final cuts or clashing with high-powered CAA agents over their clients, Hope offers behind-the-scenes stories from the wild and often heated world of "specialized" cinema--where art and commerce collide. As mediator between these two opposing interests, Hope offers his unique perspective on how to make movies while keeping your integrity intact and how to create a sustainable business enterprise out of that art while staying true to yourself. Against a backdrop of seismic changes in the independent film industry, from corporate co-option to the rise of social media and the streaming giants, *Hope for Film* provides not only an entertaining and intimate ride through the business of arthouse movies over the last decades, but also hope for its future. "There is nobody in the independent film world quite like Ted Hope. His wisdom and heart shine through every page." —Ang Lee, Academy Award winning director of *Brokeback Mountain*

You Are What You Watch Walter Hickey, 2023-10-24 Pulitzer Prize-winning author and data expert Walt Hickey explains the power of entertainment to change our biology, our beliefs, how we see ourselves, and how nations gain power. Virtually anyone who has ever watched a profound movie, a powerful TV show, or

read a moving novel understands that entertainment can and does affect us in surprising and significant ways. But did you know that our most popular forms of entertainment can have a direct physical effect on us, a measurable impact on society, geopolitics, the economy, and even the future itself? In *You Are What You Watch*, Walter Hickey, Pulitzer Prize winner and former chief culture writer at acclaimed data site FiveThirtyEight.com, proves how exactly how what we watch (and read and listen to) has a far greater effect on us and the world at large than we imagine. Employing a mix of research, deep reporting, and 100 data visualizations, Hickey presents the true power of entertainment and culture. From the decrease in shark populations after *Jaws* to the increase in women and girls taking up archery following *The Hunger Games*, *You Are What You Watch* proves its points not just with research and argument, but hard data. Did you know, for example, that crime statistics prove that violent movies actually lead to less real-world violence? And that the international rise of anime and Manga helped lift the Japanese economy out of the doldrums in the 1980s? Or that British and American intelligence agencies actually got ideas from the James Bond movies? In *You Are What You Watch*, readers will be given a nerdy, and sobering, celebration of popular entertainment and its surprising power to change the world.
