Writing the Roma Cynthia Levine-Rasky,2016-09-13T00:00:00Z The culmination of four years of ethnographic research at the Roma Community Centre in Toronto, *Writing the Roma* is the first book to provide an overview of the identities, origins, history and treatment of Roma refugees. Cynthia Levine-Rasky traces the historical and cultural roots of the Roma in Europe, through their genocide in the Holocaust, their persecution in Eastern Europe in the post-Communist era, to their settlement as refugees in Canada. What emerges is a book that challenges the stereotypes surrounding this non-territorial nation while exposing the ways that Canadian immigration policies have affected Roma populations.

Lifelong Learning and the Roma Minority in Western and Southern Europe Andrea Óhidy,Katalin R. Forray,2019-11-22 This book offers an in-depth exploration into the current educational climate and the impact of these policy measures for Roma people in seven Western and Southern European countries and seeks to raise awareness of this forgotten minority and to assess the policies implemented to integrate the Roma people into the education system.

State Identities and the Homogenisation of Peoples Heather Rae,2002-08-15 Publisher Description

Night Dance Reynolds Price,1990 THE STORY: NIGHT DANCE, opens in 1945. Genevieve's husband, Wayne, is due home any day now from World War II which has recently ended. Porter, who has made the Navy his life, is already home, enjoying Roma's cooking and catching up on the news. Nea

Silicon Valley Imperialism Erin McElroy,2024-02-02 In *Silicon Valley Imperialism*, Erin McElroy maps the processes of gentrification, racial dispossession, and economic predation that drove the development of Silicon Valley in the San Francisco Bay Area and how that logic has become manifest in postsocialist Romania. Drawing on ethnographic fieldwork and archival research in Romania and the United States, McElroy exposes the mechanisms through which the appeal of Silicon Valley technocapitalism devours space and societies, displaces residents, and generates extreme income inequality in order to expand its reach. In Romania, dreams of privatization updated fascist and anti-Roma pasts and socialist-era underground computing practices. At the same time, McElroy accounts for the ways Romanians are resisting Silicon Valley capitalist logics, where anticapitalist and anti-imperialist activists and protesters build on socialist-era worldviews not to restore state socialism but rather to establish more just social formations. Attending to the violence of Silicon Valley imperialism, McElroy reveals technocapitalism as an ultimately unsustainable model of rapacious economic and geographic growth.

Globalization and the Health of Indigenous Peoples Ahsan Ullah,2016-11-18 In 70 countries worldwide, there is an estimated 370 million indigenous peoples, and their rich diversity of cultures, religions, traditions, languages and histories has been significant source of our scholarships. However, the health status of this population group is far below than that of non-indigenous populations by all standards. Could the persisting reluctance to understand the influence of self-governance, globalization and social determinants of health in the lives of these people be deemed as a contributor to the poor health of indigenous peoples? Within this volume, Ullah explores the gap in health status between indigenous and non-indigenous peoples by providing a comparative assessment of socio-economic and health indicators for indigenous peoples, government policies, and the ways in which indigenous peoples have been resisting and adapting to state policies. A timely book for a growing field of study, *Globalization and the Health of Indigenous Peoples* is a must read for academics, policy-makers, and practitioners who are interested in indigenous studies and in understanding the role that globalization plays for the improvement of indigenous peoples' health

across the world.

The Romani Movement Peter Vermeersch,2006-08-01 The collapse of communism and the process of state building that ensued in the 1990s have highlighted the existence of significant minorities in many European states, particularly in Central Europe. In this context, the growing plight of Europe's biggest minority, the Roma (Gypsies), has been particularly salient. Traditionally dispersed, possessing few resources and devoid of a common "kin state" to protect their interests, the Roma have often suffered from widespread exclusion and institutionalized discrimination. Politically underrepresented and lacking popular support amongst the wider populations of their host countries, the Roma have consequently become one of Europe's greatest "losers" in the transition towards democracy. Against this background, the author examines the recent attempts of the Roma in Central Europe and their supporters to form a political movement and to influence domestic and international politics. On the basis of first-hand observation and interviews with activists and politicians in the Czech Republic, Hungary and Slovakia, he analyzes connections between the evolving state policies towards the Roma and the recent history of Romani mobilization. In order to reach a better understanding of the movement's dynamics at work, the author explores a number of theories commonly applied to the study of social movements and collective action.

August Snow Reynolds Price,1990 THE STORY: In August of 1937, in a small town in eastern North Carolina, we meet the Avery family. Roma Avery is the widowed matriarch who still maintains a hold on her recently married son, Neal. He and his wife, Taw, a former school teacher, rent

Segregation of Roma Children in Education Sina Van den Bogaert,2018-11-22 In Segregation of Roma Children in Education, Sina Van den Bogaert examines, from the perspective of public international law, how the Framework Convention for the Protection of National Minorities (Council of Europe) and the Racial Equality Directive 2000/43/EC (European Union) have contributed towards desegregation of Roma children in education in Europe.

Foreigners, Refugees or Minorities? Didier Bigo,2016-04-15 When immigration policy and the treatment of Roma collide in international relations there are surprising consequences which are revelatory of the underlying tensions between internal and external policies in the European Union. This book examines the relationship of citizenship, ethnicity and international relations and how these three aspects of the State, its people and its neighbours relate to one another. It studies the wide issue of international relations, citizenship and minority discrimination through the lens of the case study of European Roma who seek refugee status in Canada on account of their persecution in Europe. The volume assesses the relationships among citizenship, state protection and persecution and minority status, and how they can intersect with and destabilize foreign affairs. The central background to the book is the European treatment of Roma, their linkages with visa and asylum policies and their human rights repercussions . The various contributions reveal how modern liberal democracies

can find themselves in contradictory positions concerning their citizens - when these are looking for protection abroad - and foreigners - in search of international protection - as a consequence of visa and pre-border surveillance policies and practices.

Nationalism and Racism in the Liberal Order Bob Brecher, Jo Halliday, 2018-10-26 First published in 1998, this volume emerged in the light of the resurgence of militant nationalism and racism since liberalism's alleged triumph in 1989. We have to ask whether liberalism represents a bulwark against these deformations, or whether it is in fact their harbinger. Central themes explored in this interdisciplinary collection are: the position of the Romani, especially in central and eastern Europe the nature and scope of multiculturalism and its relation to conceptions of recognition the relations of liberalism to nationalism and racism the philosophical relation of 'the individual' to national and other identities the debate between liberal and communitarian conceptions of personhood The book will thus be of particular interest to social and political scientists, philosophers and educationalists, as well as to anyone more generally concerned with contemporary issues of nationalism and racism.

The Global Reach of European Refugee Law Hélène Lambert, Jane McAdam, Maryellen Fullerton, 2013-09-05 Europe has the most advanced regional protection regime in the world. The predicted impact of this body of norms, including the new Common European Asylum System, has been widely identified as one that will have a 'ripple effect' beyond the EU. However, very few studies have noted the fact that this regime has already influenced the law and practice of states around the world, for some time. The purpose of this book is to gather evidence that emulation is happening (if it is), to explore the extent and identify the processes through which it is happening, and to examine the implications of these findings. A review of seven case studies reveals all but one of these cases provides clear evidence of emulation at some point in time. The EU protection regime, which has been most influenced by the European Court of Human Rights, is 'naturally' evolving transnationally and spreading internationally.

Box of Butterflies Roma Downey, 2022-02 Roma Downey--best known as the beloved angel on the TV show Touched by an Angel--has created a beautiful book filled with encouragement and hope, assuring us of God's comforting presence in our lives. Ever since she was a little girl, Roma has seen butterflies as a

reminder of God's presence. They have appeared to her in moments when she needed encouragement and reminded her she is not alone. In this deeply personal book, Roma shares stories from her life, alongside quotes, poems, scripture, and artwork that she prays will uplift you as they have her. Each grace-filled chapter of this beautiful full-color book covers topics such as courage, strength, gratitude, love, and kindness. Reminiscent of the message of her popular television series, *Touched by an Angel*, this book's central theme is that there is a God, He loves you, and that even in your most difficult moments, He is by your side. That though you may feel alone, you are never truly alone. The subtle butterfly theme reminds us that the wonder of God's love and kindness is sometimes reflected in the gentle whispers of his creation and that we all have the power to transform from simple caterpillars into exquisite butterflies. Written in a way that encourages you to 'dip in and out' of its flowing content, this inspiring book invites you to return to its pages again and again, as life brings new challenges or you find yourself in need of new inspiration.

Rethinking (In)Security in the European Union Claudia Anamaria Iov, 2020-05-14 This book is the result of a series of studies devoted to assessing the consequences of migration from the perspective of the migration-identity-(in)security causality, with a specific focus on the Roma issue in France. It demonstrates that, in the context of the new European agenda on security, following the events of 9/11, immigrants, in general and the Roma, in particular, have found themselves trapped in a spiral of insecurity through which migration has been raised to the level of 'meta-problem' and they have become scapegoats. The book argues that these issues reflect a broader political discussion on the EU's identity and social policy. It shows that the socio-economic and security dimension of the 'Roma dossier' is a case that may require policymakers in Brussels to rethink the EU's social responsibilities towards its citizens, thus giving up their ambiguous attitude regarding migration.

Poisoned by Lead Wanda Troszczyńska-van Genderen, Human Rights Watch (Organization), 2009 This 68-page report tells the story of a decade of failure by the UN and others to provide adequate housing and medical treatment for the Roma, and the devastating consequences for the health of those in the camps.
