Watchmakers and Clockmakers of the World G. H. Baillie,2013-04-16 "Watchmakers and Clockmakers of the World" is a comprehensive reference book of the most notable makers of clocks and watches in the world at the time when this book was first published. It is presented as a series of lists, each containing different information pertaining to the industry and the main companies involved in the manufacture of timepieces. Contents Include: "Conventions Abbreviations", "List of Names with Alternative Spellings", "List of Watch and Clockmakers", "List of Initials and Monograms", "List of Place Names", "Maps", etc. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new introduction on clockmaking.

Crossroads Mark Radcliffe,2019-09-05 Standing at the crossroads – the Mississippi crossroads of Robert Johnson and the devil’s infamous meeting – Mark Radcliffe found himself facing his own personal juncture. Aged sixty, he had just mourned the death of his father, only to be diagnosed with mouth and throat cancer. Together these events led Radcliffe to think about pivotal tracks in music and how the musicians who wrote and performed them had reached the crossroads that led to such epoch-changing music. Crossroads is a warm, intimate account of music and its power to transform our lives, as Radcliffe takes a personal journey through these key tracks.

West Midlands Studies ,1980

Tracing Your Black Country Ancestors Michael Pearson,2012-10-30 The Black Country in the West Midlands is an important site for family historians. Many researchers, seeking to trace their ancestry back through the generations, will find their trail leads through it. And yet, despite the burgeoning interest in genealogy and the importance of the region in so many life stories, no previous book has provided a guide to the Black Country's history and to the documents and records that family historians can use in their research. In this accessible and informative introduction to the subject, Michael Pearson looks at the history and heritage of the region and gives a graphic insight into the world in which our ancestors lived. He concentrates on the role the Black Country played during the industrial revolution when the development of mining, industry and transport transformed the economic and social life of the area. This was a period when living and working conditions were poor, families were large, children worked from an early age, often in the mines, and life expectancy was less than 20. And it was the era in which the Black Country took on the distinctive identity by which it is known today. As well as retelling the fascinating story of the development of the Black Country, the author introduces the reader to the variety of records that are available for genealogical research, from legal and ecclesiastical archives, birth and death certificates to the records of local government, employers, institutions, clubs, societies and schools.

Reports from Committees Great Britain. Parliament. House of Commons,1868

The Diary of an Unwilling Virgin Adam Pearson,2011-10-24 Welcome to the world of football-mad Troy Brown, a typical fifteen-year-old, with a loving family, a tight-knit group of friends, and a nice house in Cowes on the Isle of Wight. Materially, he has a comfortable life - but then no hormone-ridden, angst-filled teenager would ever describe their life as comfortable, and Troy was no exception, plagued as he was by 'the whole world is against me' complex, 'no girlfriend' syndrome, the pains of unrequited love (or lust) and the usual hoard of teenage frustrations and obsessions. A privileged peek into his very private 'warts and all' 2003 diary reveals the transformation of his boring, ordinary life, as Troy tries to negotiate the many twists and turns in what was to become the most extraordinary year of his life, fraught with family secrets, misunderstandings, dangerous liaisons, challenging adventures, shocking realities and unexpected outcomes, interspersed with teenage insights into the state of the world, including war, crime, death and disease. As you travel with Troy on his one-year life-changing journey, you will undoubtedly laugh at the adolescent humour, cry at his misfortunes, sympathise with his plights and empathise with his feelings as he works through his personal traumas and is forced to learn by his mistakes. Be warned, however: those of a sensitive disposition may also be shocked by some of the diary’s content, possibly offended, but you are, after all, delving into the grimy mind of a pubescent youth!

The Working Class in England 1875-1914 John Benson,2016-07-01 First published in 1985. Too often aspects of working-class life have been treated as distinct and separate. The contributors to this volume are aware of the dangers of such atomisation and have attempted to bring together a collection of studies which add to our knowledge of life in that time. The examinations of family, health, work, leisure and criminal trends form the basis of this work, and suggest that the everyday lives and values of the working-class were even more varied, creative and complex than is generally believed. This title will be of interest to students of history.

50 Gems of the Black Country John Shipley,2019-10-15 This beautifully photographed selection of fifty of the Black Country’s most precious assets shows what makes it such a fascinating area.

Curiosities of Clocks and Watches Edward J. Wood,1866

Curiosities of Clocks and Watches from the Earliest Times Edward J. WOOD (of Clerkenwell.),1866

Crime and Society in England Clive Emsley,2013-09-13 Acknowledged as one of the best introductions to the history of crime in the eighteenth and nineteenth centuries,Crime and Society in England 1750-1900 examines the developments in policing, the courts, and the penal system as England became increasingly industrialised and urbanised. The book challenges the old but still influential idea that crime can be attributed to the behaviour of a criminal class and that changes in the criminal justice system were principally the work of far-sighted, humanitarian reformers. In this fourth edition of his now classic account, Professor Emsley draws on new research that has shifted the focus from class to gender, from property crime to violent crime and towards media constructions of offenders, while still maintaining a balance with influential early work in the area. Wide-ranging and accessible, the new edition examines: the value of criminal statistics the effect that contemporary ideas about class and gender had on perceptions of criminality changes in the patterns of crime developments in policing and the spread of summary punishment the increasing formality of the courts the growth of the prison as the principal form of punishment and debates about the decline in corporal and capital punishments Thoroughly updated throughout, the fourth

edition also includes, for the first time, illuminating contemporary illustrations.

Crime and Society in England, 1750-1900 Clive Emsley,2018-01-12 Ranging from the middle of the eighteenth through to the end of the nineteenth century, Crime and Society in England, 1750-1900 explores the developments in policing, the courts and the penal system as England became increasingly industrialised and urbanised. Through a consideration of the difficulty of defining crime, the book presents criminal behaviour as being intrinsically tied to historical context and uses this theory as the basis for its examination of crime within English society during this period. In this fifth edition Professor Emsley explores the most recent research, including the increased focus on ethnicity, gender and cultural representations of crime, allowing students to gain a broader view of modern English society. Divided thematically, the book’s coverage includes: the varying perceptions of crime across different social groups crime in the workplace the concepts of a ‘criminal class’ and ‘professional criminals’ the developments in the courts, the police and the prosecution of criminals. Thoroughly updated to address key questions surrounding crime and society in this period, and fully equipped with illustrations, tables and charts to further highlight important aspects, Crime and Society in England, 1750-1900 is the ideal introduction for students of modern crime.
