Brothers of Justice Stewart Jeens,2013-07-08 An uncompromising thriller set in the last decade of the 20th Century. Criminality is reaching epidemic proportions. The combination of a vociferous liberal lobby, the breakdown of family and school disciplines over three generations and a weak judicial system have produced a society living in fear. A seemingly average rape murder case sets Detective Sergeant Phil Queen on an apparently straightforward investigation, when the suspect is swiftly apprehended. For Gary Hart, the wheels of justice begin to turn. In the country at large, a series of random assaults and deaths are occurring. However, due to their sporadic nature, they merge into the general crime figures and, therefore, no connections are made...

A Chain of Events Joan L. Piper,2001-06-30 On April 14, 1994, on a clear morning over northern Iraq's no-fly zone, two U.S. Air Force F-15 jets encountered two U.S. Army Black Hawk helicopters on a routine mission. Within ten minutes, the F-15s misidentified the helicopters and shot them down with fire-and-forget missiles. For three years, aircraft had patrolled these skies with a near-perfect safety record. Although the Black Hawk's downing was one of the worst air-to-air friendly fire incidents involving U.S. aircraft in military history, the Air Force would officially conclude the pilots had made a reasonable mistake. One victim was ebullient twenty-five-old intelligence officer Laura Piper, in love with life and with being an Air Force lieutenant. Movingly written by her mother, A Chain of Events is the story of Laura's final flight and the Air Force's mishandling of the subsequent investigation. It is a story of duty, patriotism, a mother's devotion to a daughter's memory, and her family's disappointment in a beloved institution.
