The Emphasised Bible Joseph Bryant Rotherham,1902

The Finished Mystery Charles Taze Russell,1918

Bearing Thorough Witness about God's Kingdom (Vol. 5) Watchtower Bible and Tract Society of New York,2010-09-30

*Jehovah's Witnesses* ,1993 History and teachings of Jehovah's Witnesses organization.

*How to Escape from Jehovah's Witnesses* Lloyd Evans,2018-04-25 Jehovah's Witnesses number into the millions globally and are well known for their public evangelism about God's kingdom. But beneath the facade of brotherly love and organizational unity lies a captive organization in which doubts are stifled and dissent is ruthlessly crushed. Once a Witness stops believing, they face being ostracized as a loathed mentally diseased apostate. They must navigate a labyrinth of obstacles and dilemmas due to the organization's cruel policy of shunning former members. Lloyd Evans is a well known ex-Witness writer and activist, and in his second book he draws on his firsthand, insider

knowledge as a former elder to guide would-be escapees through the minefield that awaits them. How should elders be dealt with? What resources are available for objective research? What should someone do if they are threatened with judicial action? What about coming clean to family members? How does someone go about rebuilding their social circle? What precautions should be taken to maintain privacy when browsing apostate material online? All these questions and more are answered in *How to Escape From Jehovah's Witnesses*, described by Paul Grundy of JWfacts.com as an invaluable tool in helping [former Witnesses] move on as efficiently and painlessly as possible.

**Revelation** ,1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the Beast will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

**Lessons You Can Learn from the Bible** Watchtower Bible and Tract Society of New York,2017-05-31

The Reluctant Apostate Lloyd Evans, 2017-01-20 Jehovah's Witnesses, well known for their enthusiastic evangelism, are a global religious movement boasting over 8 million members. Despite being a familiar sight on doorsteps and street corners, little is known about their doctrines and practices. What are their expectations regarding Armageddon, and who do they believe will survive? How do they justify their ban on blood transfusions? What happens to members who decide to leave? In this remarkably candid part-memoir, part-history guide, former Witness Lloyd Evans comprehensively explores the religion of his upbringing, charting the organization's metamorphosis from unassuming 19th Century brethren to global brand in the modern age. The Witness rules on sex are dissected, as are their far-reaching ramifications on the private lives of millions of devotees. Evans also delves into the controversies surrounding child abuse and the prohibition on blood transfusions with the aid of first hand accounts from those who have been personally impacted. Intertwined with the historical narrative and commentary is the story of the author's journey from devout Witness youth to outspoken ex-Witness activist and atheist. Evans lays bare the circumstances leading to his awakening

with startling honesty and reveals how the heartbreaking loss of his mother played a profound role in keeping long-held doubts suppressed. In the final chapters, the author discusses the various means by which Witnesses are controlled by their leadership. Evans analyzes the role of shunning (disfellowshipping) and the stigmatization of apostates in enforcing loyalty among Witnesses, and reflects on the indifference of society in general to human rights violations by high-control groups. The phenomenon of fundamentalist brainwashing, or undue influence, is also scrutinized, and those in search of a new life free from its pervasive effects are given reasons for hope. Rather than being a sensationalist rant by an embittered ex-member, *The Reluctant Apostate* offers a relaxed, good-humored tour of Witness history and teachings supported by extensive references (to be found in the Notes section). Though written predominantly with the non-Witness reader in mind, special boxes are also provided for Jehovah's Witness readers. Reviews Both memoir and reference book, Lloyd Evans' work is an extensive compilation of Jehovah's Witness history and theology. In his honest and exhaustively researched expose, Evans has written what is sure to be the most important book on the

religion in this century. The Reluctant Apostate is a must-read for Jehovah's Witnesses and anyone else who has been touched by the faith. -Scott Terry, author of Cowboys, Armageddon and the Truth Insight only an 'insider' can bring to a subject difficult to understand for those who have never been part of this world, and unthinkable to contemplate for those inside its bubble. Lloyd does a magnificent job of speaking to both audiences and everyone in between. Compassion for the plight of those still held captive bleeds through every page. -Mike Rinder, former senior executive of the Church of Scientology, as featured on the A&E series Leah Remini: Scientology and the Aftermath A compelling and informative window on the world of the Jehovah's Witnesses that will be a vital and life changing resource for former members and many others too in forming an authentic understanding of this group, its beliefs, methods and effects on individuals and families. -Professor Rod Dubrow-Marshall, Ph.D. Co-Editor International Journal of Cultic Studies and co-founder RETIRN UK Dr. Linda Dubrow-Marshall, Ph.D. Co-founder RETIRN UK

**Your Will Be Done on Earth Watch Tower Bible And Tract Society,2013-08**

*The Phantom Tollbooth* Norton Juster, 1988-10-12 With almost 5 million copies sold 60 years after its original publication, generations of readers have now journeyed with Milo to the Lands Beyond in this beloved classic. Enriched by Jules Feiffer's splendid illustrations, the wit, wisdom, and wordplay of Norton Juster's offbeat fantasy are as beguiling as ever. "Comes up bright and new every time I read it . . . it will continue to charm and delight for a very long time yet. And teach us some wisdom, too." -- Phillip Pullman For Milo, everything's a bore. When a tollbooth mysteriously appears in his room, he drives through only because he's got nothing better to do. But on the other side, things seem different. Milo visits the Island of Conclusions (you get there by jumping), learns about time from a ticking watchdog named Tock, and even embarks on a quest to rescue Rhyme and Reason. Somewhere along the way, Milo realizes something astonishing. Life is far from dull. In fact, it's exciting beyond his wildest dreams!
