Live from Medicine Park Constance Squires, 2017-10-05 Documentary filmmaker Ray Wheeler is down on his luck. Embroiled in a lawsuit, he is reeling from the consequences of a near-fatal shooting on his last film, and has just lost his teaching gig. Broke and beleaguered, he can't afford to be particular about his next project. So when a former student invites him to film the comeback of Lena Wells, an iconic rock-and-roll singer who hit it big in the seventies, more than two decades earlier, he reluctantly agrees—even though he doesn't like her music. When Ray arrives at Lena's hometown of Medicine Park, Oklahoma, a defunct resort community, he is determined to approach his topic with the professional detachment that has guided his career. His work ethic is modeled on the prime directive of *Star Trek*: never interfere with an alien civilization. But with only five days left before Lena's comeback concert, Ray quickly runs afoul of his subject, who places him on a one-week probation. The terms: impress her or else. It doesn't take long before Ray violates his own ethical standards. Drawn romantically toward Lena, he also fails to prevent himself from interfering with the lives of the people closest to her, including her only son, Gram, whose paternity is a mystery even to himself; her daughter-in-law, Jettie; and the enigmatic guitar player Cyril Dodge. When disaster strikes Ray's set again, this time in Medicine Park, he must face truths he has avoided for too long—about love, relationships, and responsibility. An ode to both southwestern Oklahoma and rock music, *Live from Medicine Park* is a bittersweet reflection on the search for identity and purpose amid tragedy. As the novel reaches its climax, Ray sets out on one last adventure to set things right. Redemption may be possible—but only on its own terms.

THE HIGH AUCTION Misba,2021-09-26 In the near future, a machinist, a monk, and a mesmerizer are looking for the Source of the universe, but among the ancient scriptures, they only find the devil ... Few humans in the future find the secrets of what words and sounds can do, for the Apocalypse and war have led them to evolve in mind and physique. Two of them end World War III with just a four-minute speech. Some say they did mass hypnosis. Others say it was their voice and will. Fifty years later in South Asia, KUSHA, a twenty-three-year-old machine-geek with social awkwardness and amnesia, tries to get the Devil's Book with secrets of voice. But her idol of voice and everyone's beloved war heroes, YUAN and RUEM, are also after it for power. In a society that worships the evolved High Grades with voice, how you speak and which words you talk with is important. As someone who finds all solutions in books, Kusha thinks the secrets in the three-foot-long ancient book will teach her to speak mesmerizingly. She believes it will help her evolve. So, she decides to attend the auction where the book will be sold. But there's a problem; powerful High Grades want the book too. They want to code fate, rewriting the material world. They are undead, immortal mesmerizers. And being a philosopher, Kusha admires their ethics while she must fight them—the fight that starts with the book. The fight creates a chain reaction leading her to an epic journey.
