Highlights the histories, backgrounds and greatest moments of the college sports careers of players and coaches in football, basketball and hockey from the Big Ten school the University of Wisconsin. Original.

Common Enemies Thomas F. Schaller, 2021-11 During the 1980s Black athletes and other athletes of color broadened the popularity and profitability of major-college televised sports by infusing games with a "Black style" of play. At a moment ripe for a revolution in men's college basketball and football, clashes between "good guy" white protagonists and bombastic "bad boy" Black antagonists attracted new fans and spectators. And no two teams in the 1980s welcomed the enemy's role more than Georgetown Hoya basketball and Miami Hurricane football. Georgetown and Miami taunted opponents. They celebrated scores and victories with in-your-face swagger. Coaches at both programs changed the tenor of postgame media appearances and the language journalists and broadcasters used to describe athletes. Athletes of color at both schools made sports apparel fashionable for younger fans, particularly young African American men. The Hoyas and the 'Canes were a sensation because they made the bad-boy image look good. Popular culture took notice. In the United States sports and race have always been tightly, if sometimes uncomfortably, entwined. Black athletes who dare to challenge the sporting status quo are often initially vilified but later accepted. The 1980s generation of barrier-busting

college athletes took this process a step further. True to form, Georgetown's and Miami's aggressive style of play angered many fans and commentators. But in time their style was not only accepted but imitated by others, both Black and white. Love them or hate them, there was simply no way you could deny the Hoyas and the Hurricanes.

Game of My Life Virginia Tech Hokies Mike Harris, 2015-07-07 Virginia Tech's Shayne Graham trots onto the field at West Virginia on November 6, 1999, with two thoughts in his mind. One is a missed field goal that would have beaten Miami a year earlier. The other is the 44-yard field goal he is about to try against the Mountaineers, a kick he must make if the Hokies are to stay unbeaten and on track for a national championship. Head down, he focuses on his mark as the ball is snapped. He steps forward, the dream of an entire team resting with his leg. Now, hear Graham's memory of that kick in his own words, for the first time. Game of My Life: Virginia Tech Hokies, first published in 2006, celebrates the extraordinary football and basketball moments that have shaped the college's rich athletic heritage. Through interviews with some of the school's most prestigious athletes, Hokies fans can relive the big games that defined the school's winning tradition. Carroll Dale, later a fixture with the Green Bay Packers, dove—arms outstretched—to haul in a crucial two-point conversion in a 1957 game against the University of Richmond. Les Henson shot from the baseline—the other baseline—as the clock neared zero against Florida State in 1980. Chris Smith went well beyond the double-double

standard for points and rebounds. How about 30 and 31 against Marshall in 1959? Corey Moore made life miserable for Clemson quarterback Brandon Streeter one night in 1999. Bruce Smith did the same for Duke quarterback Ben Bennett in 1983. The Hokies' Jim Pyne, meanwhile, made sure Syracuse's Kevin Mitchell didn't do the same to Tech quarterback Maurice DeShazo in 1993. Carlos Dixon, Mike Imoh, Andre Davis, Dell Curry, Bryan Still, Don Strock, Bryan Randall—all the Tech greats from the gridiron and hardwood—are in these pages, including coach Frank Beamer. Join thousands of Virginia Tech fans in remembering these cherished stories. For the athletes within, these truly were the games of their lives. Carolina Basketball Adam Lucas, 2010 In This Definitive Centennial History of the University of North Carolina men's basketball team, Adam Lucas chronicles the coaches, players, venues, rivalries, challenges, and triumphs that have defined the program through its first 100 years. Boasting six national championships and numerous Hall of Fame coaches and players, Carolina Basketball has come a long way from the first season---when the campus newspaper published a notice asking an unknown culprit to return the team's basketball. These pages are packed with little-known stories from the program's earliest days and new insights into its best-loved moments. All the greats are here, from Jack Cobb and the Blind Bomber George Glamack to Lennie Rosenbluth, Phil Ford, James Worthy, Michael Jordan, Antawn Jamison, and Tyler Hansbrough. Drawing on unparalleled interviews with those around the UNC program, Lucas reveals the meaning of the Carolina Family and the origins and evolution of Tar Heel traditions that have made North Carolina one of the premier men's basketball teams in college sports. The stories here are brought to life with more than 175 color and black-and-white photos; a foreword by Hall of Fame coach Dean Smith and an afterword by fellow Hall of Famer Roy Williams;

and an appendix of records and statistics. Some 25 sidebars feature first-person recollections from prominent players, including Rosenbluth, Ford, and Jordan; opposing coaches like Lefty Driesell; and famous Carolina alumni like Peter Gammons and Alexander Julian. School Segregation in Western North Carolina Betty Jamerson Reed, 2011-10-14 Although African Americans make up a small portion of the population of western North Carolina, they have contributed much to the area's physical and cultural landscape. This enlightening study surveys the region's segregated black schools from Reconstruction through integration and reveals the struggles, achievements, and ultimate victory of a unified community intent on achieving an adequate education for its children. The book documents the events that initially brought blacks into Appalachia, early efforts to educate black children, the movement to acquire and improve schools, and the long process of desegregation.

Personnel issues, curriculum, extracurricular activities, sports, consolidation, and construction also receive attention. Featuring commentary from former students, teachers and parents, this work weighs the value and achievement of rural segregated black schools as well as their significance for educators today.
