The Complete Idiot's Guide to Sailing Diane Selkirk, 2013-03-05 The idea of learning to sail excites the imagination with fantasies of a carefree, simple way to relax. But in reality, a lot of work goes into mastering the technical aspects of sailing and learning how to get from one place to another without ending up in the water. Other sailing books go into more detail than the casual learner wants or needs. The Complete Idiot's Guide® to Sailing gives readers just what they need to know to get started and enjoy their time on the water. In it, readers get: A primer on the different types of sailboats and tips for buying or renting. Detailed descriptions of the parts and controls of a sailboat. The roles and jobs of sailor and crew. How to get the boat into the water (if it isn't already). The mechanics of sailing. Departing, anchoring, and docking. Handling, navigating, and weather. Sailing safety and emergency preparedness. The rules of the sailing road. Backup plans: engines and oars. Storing, hauling, and maintaining a sailboat.

Flyfisher's Guide to New England Zambello, Lou, 2016-04-15 This completely new flyfishing guide to New England is the best flyfishing guide ever on this fishery-rich and historic area. Author and flyfishing guide Lou Zambello provides all the information to improve your catch rate in Maine, New Hampshire, Vermont and Massachusetts. Full-color maps accompany the fisheries, complete with GPS coordinates, access points, public land, access roads, boat ramps (including small hand launches), parking areas, named holes and pools and more. Many flyfishers flock to the same well-known waters that are written about again and again and face crowded conditions. Yet there are hundreds of productive waters that are ignored. Zambello, who has spent over 30 years fishing in New England, teamed with former Maine State Fisheries Director John Boland and other experts to cover many of these great uncrowded waters in the Flyfisher's Guide to New England. Lou spent the last several years criss-crossing New England researching this book, a review of many hundreds of both popular and unknown, moving and stillwaters in Maine, New Hampshire, Vermont, and Massachusetts. Following Wilderness Adventures Press' tradition of creating the best flyfishing guide books, the new full-color Flyfisher's Guide to New England will help you get your own piece of fishing heaven. Also check out Zambello's first book, Flyfishing Northern New England's Seasons.

Turkish Waters and Cyprus Pilot Rod and Lucinda Heikell, 2018-12-31 Turkish Waters and Cyprus Pilot covers the entire coast of Turkey from the Black Sea down the Aegean coast and around to the Syrian border. The coasts, ports and marinas of the island of Cyprus are also described. There are few more beautiful cities in the world that it is possible to sail into the heart of, but that is what the authors were able to do in Istanbul while researching this, the tenth edition. Their research also took them south as far as Göcek and to Cyprus. Much has changed, with new marinas completed and more under construction, but much has also stayed the same, namely the warmth and hospitality of the people you encounter. This new edition includes all the latest information and marina developments, with new plans and photos, many of which were taken by the authors. Turkish Waters and Cyprus Pilot is considered the essential companion to sailing these waters.

Chinese Medicine for Maximum Immunity Jason Elias, Katherine Ketcham, 2007-12-18 Reflecting on the connection between the rise in chronic immune disorders and toxic environmental and lifestyle patterns, herbalist and acupuncturist Jason Elias and collaborator Katherine Ketcham looked to the 5,000-year-old The Yellow Emperor's Classic of Medicine to seek clues for restoring the

balance of body and mind. In Chinese Medicine for Maximum Immunity, Elias and Ketcham show how to use the preventive strategies and gentle, supportive remedies of traditional Chinese medicine to heal contemporary chronic illnesses and bolster immunity. The book teaches readers how to identify which element--Wood, Fire, Earth, Metal, and Water--most directly influences them and how to correct imbalances that can lead to particular physical, emotional, and spiritual disorders with step-by-step instruction for using stress-reduction techniques, diet and exercise, herbs, and acupuncture.

Marlene Philippe Djian,2020-09-08 In this electrifying psychological drama, two veterans readjusting to civilian life find their friendship tested when ugly truths come to light. Yemen. Iraq. Afghanistan. After returning from combat to a quiet garrison town, Dan and Richard struggle in their different ways to regain a sense of normality. Dan, desperate to prove to his bourgeois neighbors that he isn't the violent, unstable veteran they'd expect, sticks to a rigorous routine and keeps his head down. Richard, on the other hand, doesn't resist his impulses, repeatedly flouting the law and spending money he doesn't have. All the while, his home life is gradually falling apart—unbeknownst to him, his wife has been having an affair, and his teenaged daughter is becoming increasingly distant and even hostile. The arrival of Richard's sister-in-law, Marlene—a woman with a reputation for sleeping around and bringing bad luck wherever she goes—threatens to destroy what little peace the two men have, calling into question their seemingly unbreakable bond.
