**Succeeding at SaaS** Amy Wohl,2008 Succeeding at SaaS: Computing in the Cloud is both an overview of the SaaS market and a series of recommendations for ISVs, platform vendors, and customers who want to participate in it. The centerpiece of the book is 22 interviews Wohl conducted with these market participants, illustrating the state of the SaaS market and its direction. Author Amy Wohl has been following the SaaS market since its inception (as the earlier ASP market) in the late 90's and she has filled the book with advice based on her consulting practice and her observations of the industry. The book includes both a brief history of the market and its precedents, a definition of cloud computing and its relationship to SaaS, and a discussion of their likely futures.

Glory Daze Chris M.,2015-08-22 Glory Daze transports the reader to a small town situated amongst cornfields of Indiana and the late 1960s. Fun could be had on the baseball diamonds known as sandlots. Trouble could also be found without much effort. This book relates some of the ups and downs of a game that often has more downs than ups. It explores pain of a first strike out to the joy of that first hit. In a time of great change and molded in the crucible of the hot sandlot, we all pretty much turned out okay.

**Genocide in the Congo (Zaire)** Yaa-Lengi M. Ngemi,2000 Genocide in the Congo/Zaire exposes incredible and horrific atrocities taking place in the heart of Africa, in the Congo/Zaire, a country that is as big as all of Western Europe or the United States East of the Mississippi River. The World, though, is silent over 1.7 million deaths, a number larger that the Rwandan genocide in 1994. Why the silence? How come the American mainstream media has not raised hell or demanded action? Is this a repeat of the 1960’s when the American Government and its CIA engaged in covert operations to kill foreign heads of states and destabilize foreign governments that they did not like? What is happening in the Congo comes close to that. The 1.7 million Congolese have died with the financial, military and political blessings and help of the US Government, Western Europe (The Paris Club), and the mining Conglomerates. Who own the media outlets? Who finance the politicians’ campaigns? This book exposes, both in words and pictures, the genocide and humanitarian misery being directed by President Clinton, Europe and the companies that are enriching themselves over Congo’s mineral wealth. Because President Kabila of the Congo wants a fair deal for the wealth of his country, Clinton and the West don’t like him. So he must be removed, like it was done to Patrice Lumumba in the 60’s. In this process, already 1.7 million Congolese have died. Would genocide, rape, and mutilations of the Congolese be President Clinton’s Congo Legacy?

*Here Today, Gone to Maui* Carol Snow,2009-01-06 From the author of the delightful( Booklist) Getting Warmer, a comedy about what happens when the best lei'd plans go awry. When Jane Shea's boyfriend, Jimmy, invites her to spend a week at a swanky resort in Maui, she's thrilled-of course-but nervous, too. She worries about missing their flight. She worries about losing her luggage. It never even occurs to her that she might misplace Jimmy. But paradise has a way of attracting trouble, and Jane hasn't even managed to learn the hula or paddle under a waterfall before Jimmy disappears. When the police suggest that Jimmy has drowned, Jane thinks things can't get any worse-but her troubles have just begun. This is one vacation the guidebooks never prepared her for.
