Ringworld Throne Larry Niven, 1997-03-30 Come back to the Ringworld . . . the most astonishing feat of engineering ever encountered. A place of untold technological wonders, home to a myriad humanoid races, and world of some of the most beloved science fiction stories ever written! The human, Louis Wu; the puppeteer known as the Hindmost; Acolyte, son of the Kzin called Chmee . . . legendary beings brought together once again in the defense of the Ringworld. Something is going on with the Protectors. Incoming spacecraft are being destroyed before they can reach the Ringworld. Vampires are massing. And the Ghouls have their own agenda—if anyone dares approach them to learn. Each race on the Ringworld has always had its own Protector. Now it looks as if the Ringworld itself needs a Protector. But who will sit on the Ringworld Throne? “Niven’s work has been an intriguing and consistent universe, and this book is the keystone of the arch. . . . [His] technique is wonderfully polished, his characters and their situations are nicely drawn . . . wraps up (maybe) a corner of a very interesting universe.”—San Diego Union-Tribune

Bride of the Stone: Circle of Nine Trilogy 2 Josephine Pennicott, 2012-04-01 Despite Emma Develle's best efforts, the sacred Eom crystal has started to recharge, throwing the magical Goddess-worshipping world of Eronth into deadly turmoil. Meanwhile, Maya, daughter of Emma and the mysterious Stag Man, is raised to womanhood oblivious to both her identity and destiny in the struggle to come. Maya finds herself in a world threatened with destruction. The sinister Lightcaster feeds off the Eom's dark energy to orchestrate bloody witch hunts; the Sea Hags fulfil ancient prophecies by invading the land; and the Azeaphim dark angels scheme to realise their dreams of supremacy

by harnessing the Eom's power and Maya's future. Amid this chaos Maya begins on a long road to self-discovery, helped by the Wizards of the Circle of Nine, freed after thousands of years trapped in stone. On Earth, Emma's house is occupied by a New-Age cult whose leader's esoteric powers are frighteningly real. But he knows little about his own angelic lineage and even less about the Azephim and other dangerous entities drawn to the house's portal between the worlds. Maya's destiny unfolds as she falls in love with Bwani, leader of the Circle of Nine - but are their combined powers enough to stop the dark forces destroying not only Eronth, but Earth too? Josephine Pennicott has an incredible capacity for story-telling, first-hand knowledge of Wicca, and an in-depth familiarity with mythology; a sure-fire combination which makes for compelling reading. Sarah Micklem brings her lush prose and rich imagination to the second installment of this epic trilogy, set in an imaginary world as real as history and as marvelous as legend. Sire Galan has forbidden his servant and lover Firethorn to follow him to war, but she disobeys, and sets sail with the army of Corymb to the land of Incus. During the crossing, Firethorn is struck by lightning. She regains consciousness to find her speech garbled and her memory in tatters. Despite her injuries, others see her as blessed, for she has survived the touch of a god, *Wildfire*. Priests and soldiers search her nonsensical utterances for hidden prophecies. In the aftermath of battle, Firethorn is captured by the defeated king of Incus. He takes refuge in the kingdom where Firethorn was born, a place she remembered only in dreams. There, a world away from Galan, she discovers not only the land and language she was born to, but a life of unexpected luxury and power. But this privilege has a high cost, one which Firethorn may not be able to bear.
