Wedding Rings Sam Siv, 2014-11-22 ***See a Huge Variety of Beautiful Wedding Ring Pictures*** Selecting your engagement and wedding rings is, in many ways, an investment of sorts. Precious metals and stones (generally diamonds) hold or increase in value rather than depreciate; making their purchase something you should put thought and consideration into. In addition to making your selection based upon what looks nice, you need to make sure you purchase quality pieces of jewelry that will last a lifetime. The purpose of this book is to help you make sound and knowledgeable decisions when selecting your wedding rings. By acquainting yourself with the terms most often used in the industry, you will be able to be a wiser and more prudent shopper. Additionally, the gallery of rings you are about to see will serve to whet your appetite and give you an overview of what is available without having to deal with sales clerks. Readers will be able to see first-hand the differences between varying types of diamonds, wedding band styles and the different precious metals used to make them. An engagement ring and wedding ring are investments. That's why it is so important to choose the best you can possibly and reasonably afford. Upon reading this book, couples will know what they are looking and how to choose wisely when they walk through the doors of the jewelry store. *Be able to recognize the difference between the different cuts and styles of diamonds. * Know how and why diamonds are cut the way they are. * Understand the fact that the rings they buy are an investment as well as a sign of commitment. * Feel more comfortable in the fact that they will be making an informed decision when making their purchase. * Much, much more! Design Your Dream Wedding Rings Calla Gold, 2019-01-25 Your wedding rings are the most important pieces of jewelry you'll ever have. As a symbol of love and a pledge of faithfulness they hold much. Making them unique is a fun and creative process. Author Calla Gold believes there is a jewelry designer in each one of us and that the jeweler's job is to ask questions and help find that design inside of you. In this book you'll find examples of textures and details that add definition to your design, that evoke a feeling or vibe. You'll see how your lifestyle effects your ring design choices. You'll read stories like the way Marlo and Ben used family diamonds in their designs, how the right shaped center diamond helped Kaitlyn's short fingers look longer, and how a Rock and Roll drummer chose a special finish to make his fiancé's ring pop. Questions like these will be answered; what's the difference between platinum and white gold? What engraving techniques are out there and which ones would work for you? Is rose gold a safe choice with tiny prongs? What's the difference between the engagement ring and the wedding band? What are good gemstone alternatives to a diamond in the center? This book is your guide to creating your dream engagement and wedding rings.
