

Weed Maps Marijuana Strains

Had Kimmerly

Just Breathe, Cannabis Review Journal Amy Newton,2020-06-03 This Cannabis Review Journal is a great way to keep track of your experience of different marijuana strains that you have consumed whether it's for medical, personal or recreational. Each page includes writing prompts for the following: Strain Name - Write what the name of the strain is. Grower Name - Record who the grower is. Date & Price - For writing the date of your purchase and purchase price. Indica, Hybrid or Sativa - Circle or check which type of cannabis. Flower, Edible, Concentrate - Check box to indicate which. Symptoms Relieved - Space to write which of your symptoms were relieved. Flavor Wheel - Check or color in the flavor wheel indicating whether Sweet, Floral, Spicy, Herbal, Woodsy, Earthy, Sour or Fruity. Effects & Strength - Check or circle the effects whether Peaceful, Sleepy, Pain Relief, Hungry, Uplifted, Creative. Also check the strength 1-5. Star Rating - Overall ratings 1-5 stars. Notes - Blank ruled, lined notes for any other important information you might want to remember such as ideas, whether you might want to grow your own, etc. This Marijuana Review Notebook makes a perfect gift for anyone who loves to smoke weed and wants to track and document as they review. Designed for anyone who smokes dope. Simple and easy to use. Convenient small size is 6x9 inches, 110 pages, quality white paper, soft matte finish cover, paperback.

Book of Strains Victoria Young,Justin Griswell,2011-05 Would you like to know more about medical marijuana? Do you question the accuracy of information you were given about cannabis strains? Do you wonder which strains are highest in THC? Book of Strains answers these questions and more. Book of Strains is for you if you want to know: -- How to pick the marijuana strains that work for you. -- What the average THC content is in the 50 most common strains. -- Whether a strain is pure Indica or Sativa or a percentage of each. -- The strains that were crossed to produce each strain. -- How easy a strain is to grow. -- What states allow medical marijuana. -- What ailments each state has approved for MMj. -- Where you can get your medical marijuana tested for cannabinoid content. You can see more sample pages at this URL: http://professorgrow.com/wp-content/uploads/Sample_Pages_from_Book_of_Strains.pdf

The Cannabis Strains Guide Book Waston Collins Ph D,2020-02-11 Beauty of Cannabis is a visual journey into the spectacular marijuana strains being grown in the 21st Century. Award-winning photographer Spurs Broken takes us as deep as the lens will allow by directing light into the valleys between the leaves and through fissures full of crystal trichomes to reveal the beautiful strands, strings, and balls of earthly delight. Readers will learn to direct light inside each bud so it can reflect off the crystals to reveal beautiful colors and will discover the rewards of alternating the depth of field by a few microns to find the deep-orange pistils and the saturated brilliance that manifests from the contrast when a shot is done just right. Cannabis connoisseurs will delight in intimate views of what they're smoking, as Spurs' signature style of macro-photography reveals the makeup of each plant's personality and characteristics of the individual strains in all their glory

The Big Book of Buds Ed Rosenthal, 2004-10-31 The Big Book of Buds Volume 2 continues in the tradition of its predecessor by combining stunning, full-color photography with fun and clear descriptions of the characteristics that any gardener or connoisseur wants to know. With no strains repeated from Volume 1, this second volume supplements the first Big Book of Buds with another 100 of the latest and greatest marijuana strains commercially available in the world today. No other book brings together as much information for choosing or identifying specific marijuana strains. Each variety is described with quick reference icons for immediate overview and sorting. An engaging text description also helps the enthusiast distinguish the unique qualities of each strain, including appearance, ripening time, and growing characteristics, as well as smell, taste and the texture of the high. Interspersed throughout the book are short, engaging essays that offer insights into botanical and cultural aspects of this controversial yet immensely popular plant. The practical information provides an indispensable reference for the grower, while the lush photographs and entertaining, insightful essays make this a great book for the casual browser as well.
