Trans-National English in Social Media Communities Jennifer Dailey-O'Cain, 2017-06-28 This book explores the use of English within otherwise local-language conversations by two continental European social media communities. The analysis of these communities serves not only as a comparison of online language practices, but also as a close look at how globalization phenomena and 'international English' play out in the practices of everyday life in different non-English-speaking countries. The author concludes that the root of the distinctive practices in the two communities studied is the disparity between their language ideologies. She argues that community participants draw on their respective national language ideologies, which have developed over centuries, but also reach beyond any static forms of those ideologies to negotiate, contest, and re-evaluate them. This book will be of interest to linguists and other social scientists interested in social media, youth language and the real-world linguistic consequences of globalization.

Indisch Lexicon P. Mingaars, J. Heij, P. Posthumus, 2021-09-13 In het Indisch Lexicon zijn bijna 19.000 Indische woorden en begrippen, zoals ze in de Nederlandse taal vanaf ongeveer 1600 gebruikt zijn, vastgelegd, omschreven en in hun context geplaatst. Van ieder woord is de betekenis gegeven op basis van reeds bestaande Indonesische, Maleise, Javaanse, Soendaneze en Nederlandse woordenboeken. Niet alleen enkelvoudige woorden maar ook samenstellingen en spellingsvarianten zijn opgenomen, met citaten uit de bron waarin het betreffende woord voorkomt. Dit lexicon is een belangrijk naslagwerk om de Indische woorden en uitdrukkingen die langzaam uit ons collectieve geheugen verdwijnen, vast te houden, weer tot leven te wekken en te verklaren binnen hun semantische en culturele context. Let op: bijgaande CD functioneert niet op Windows Vista en opvolgende besturingssystemen.
