Her blog, Skinnytaste is the number one go-to site for slimmed down recipes that you'd swear are anything but. It only takes one look to see why people go crazy for Gina's food: cheesy, creamy Fettuccini Alfredo with Chicken and Broccoli with only 420 calories per serving, breakfast dishes like Make-Ahead Western Omelet Muffins that truly fill you up until lunchtime, and sweets such as Double Chocolate Chip Walnut Cookies that are low in sugar and butter-free but still totally indulgent. The Skinnytaste Cookbook features 150 amazing recipes: 125 all-new dishes and 25 must-have favorites. As a busy mother of two, Gina started Skinnytaste when she wanted to lose a few pounds herself. She turned to Weight Watchers for help and liked the program but struggled to find enough tempting recipes to help her stay on track. Instead, she started "skinny-fying" her favorite meals so that she could eat happily while losing weight. With 100 stunning photographs and detailed nutritional information for every recipe, The Skinnytaste Cookbook is an incredible resource of fulfilling, joy-inducing meals that every home cook will love.

Weight Watchers Smart Points Cookbook Dexter Jackson, 2017-02-15 Voted as the #1 Way to Lose Weight in 2017! See what all the hype is about! Get these 100 recipes with SmartPoints information and everything, and see how thousands of people are eating, and still losing weight! Weight Watchers is a weight loss program that relies on a point system for its recipes and foods, rather than enforcing a specific caloric restriction or other dietary restrictions, to help its followers achieve weight

loss. When you follow the Weight Watchers program, you are allowed to eat a certain number of points each day. This book includes 100 Weight Watchers SmartPoints Recipes. This new SmartPoints system was introduced in December 2015 and was an upgrade to the old ProPoints system, and users since have achieved 2.6% more weight loss than people participating in any other diet. SmartPoints encourages you to make food choices that are healthier, more nutritious, and will leave you feeling better and with more energy. You can calculate how many SmartPoints you are allowed to eat per day, by using an online calculator on their website where you will need to include your weight, height, weight loss goals etc. This is your SmartPoints budget, and you can decide for yourself how you choose to spend your SmartPoints. Foods that are higher in saturated fat and sugar are given higher SmartPoint totals, while other foods that contain lean protein have lower SmartPoint values. SmartPoints are calculated on 4 components of each food and that is calories, saturated fat, sugar, and protein. So naturally, you are steered towards healthier food choices on a daily basis. Every food/meal/recipe is assigned a SmartPoint value and this is what the weight loss program is based upon. It's incredibly simple, and that's part of the beauty of it. Simplicity yields results. These are the very basics of how the Weight Watchers SmartPoints program works, now let's get into some amazing recipes for you to take advantage of on your weight loss journey. Some of the Recipes inside include: Candy Corn Fruit Parfait Instant Pot Pineapple Pork Slow Cooker Sloppy Joes Strawberry Waffle Shortcake Cheesy Chicken and Rice Casserole Low Fat Cranberry Crumble Bars Crock Pot Meatball Soup And 93 more Recipes! Do yourself this favor and make your weight loss journey that much easier, and that much more enjoyable with these 100 recipes!
