Code as Creative Medium Golan Levin,Tega Brain,2021-02-02 An essential guide for teaching and learning computational art and design: exercises, assignments, interviews, and more than 170 illustrations of creative work. This book is an essential resource for art educators and practitioners who want to explore code as a creative medium, and serves as a guide for computer scientists transitioning from STEM to STEAM in their syllabi or practice. It provides a collection of classic creative coding prompts and assignments, accompanied by annotated examples of both classic and contemporary projects, and more than 170 illustrations of creative work, and features a set of interviews with leading educators. Picking up where standard programming guides leave off, the authors highlight alternative programming pedagogies suitable for the art- and design-oriented classroom, including teaching approaches, resources, and community support structures.

Love's Winning Plays: A Novel Inman Majors,2012-08-27 Raymond Love--a young, inexperienced coach for a Southeastern Conference football team--falls for the athletic director's daughter and joins her book club to impress her while on a motivational tour of small towns with the team's head coach.

The Story of the Lone Wolf Patrol Kearney Smith,2023-01-23 This book described what life was like for country boys on the farm growing up in the beginning of WW II and how they helped their families until they were drafted into military. The book is dedicated to the memory of Ernest Leroy Outen who was killed in Okinawa Japan.

Memory Linda Nagata,2005-12-27 Acclaimed hard-SF author Linda Nagata introduces a new world, where the sky is bisected by an arch of light, and the mysterious silver rises from the ground each night to completely transform the landscape--and erase from existence anything it touches. Young Jubilee is devastated when her brother Jolly is taken by the silver. But when a forbidding stranger with the power to control the silver comes seeking Jolly--and claiming that Jolly knows him--Jubilee flees. For she has learned an impossible secret: Jolly may still be alive! Jubilee's flight will lead her to discoveries she could never have imagined, from the secret history of her civilization, to the awesome forgotten memories within her. And with these she will forever alter her world's future... unless the dark stranger, relentless in his pursuit, achieves his goal of destroying it.

The Just City Jo Walton,2015-01-13 Here in the Just City you will become your best selves. You will learn and grow and strive to be excellent. Created as an experiment by the time-traveling goddess Pallas Athene, the Just City is a planned community, populated by over ten thousand children and a few hundred adult teachers from all eras of history, along with some handy robots from the far human future—all set down together on a Mediterranean island in the distant past. The student Simmea, born an Egyptian farmer's daughter sometime between 500 and 1000 A.D, is a brilliant child, eager for knowledge, ready to strive to be her best self. The teacher Maia was once Ethel, a young Victorian lady of much learning and few prospects, who prayed to Pallas Athene in an unguarded moment during a trip to Rome—and, in an instant, found herself in the Just City with grey-eyed Athene standing unmistakably before her. Meanwhile, Apollo—stunned by the realization that there are things mortals understand better than he does—has arranged to live a human life, and has come to the City as one of the children. He knows his true identity, and conceals it from his peers. For this lifetime, he is prone to all the troubles of being human. Then, a few years in, Sokrates arrives—the same Sokrates recorded by Plato himself—to ask all the troublesome questions you would expect. What happens next is a tale only the brilliant Jo Walton could tell. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Claudia's Cocina Claudia Sandoval,2016-05-10 From the winner of MasterChef season 6, sixty-five recipes inspired by her Mexican roots, featuring her favorite dishes plus on-the-spot creations from the show. Claudia's Cocina: A Taste of Mexico celebrates the food of MasterChef Season 6 winner, Claudia Sandoval. Claudia brought with her a cooking background strongly influenced by her family's Mexican roots, as well as the seafood restaurant her grandparents owned when she was a child. Throughout the show she demonstrated a bright, versatile range of flavors and always made family the center of her dishes. Simple by design, the book offers sixty-five mouthwatering recipes straight from Claudia's kitchen to yours. It showcases a mix of Claudia's favorite dishes, as well as some of the on-the-spot creations that propelled her to victory: · Hibiscus Poached Pears · Grilled Swordfish · Head-On Garlic Shrimp · Achiote Rubbed Pork Chops · Cilantro Lime Grilled Chicken · Tres Leches Cake The book also shares her favorites from her family's town of Mazatlán, as well as creams, sauces, and salsas, plus step-by-step directions for complex dishes that will help readers master some of the staples of Mexican cuisine. Readers will also learn about Claudia's life and childhood and find insights into how she became the extraordinary winner of MasterChef Season 6. With a foreword by Graham Elliot

The Best of Sail Trim Charles Mason,2000-07 An anthology of authoritative articles from SAIL magazine--one of the world's major sailing magazines.

Deadly Illusion Kathy Lockheart,2021-12-10 Fairytales aren't supposed to end in murder She's hiding a dangerous secret. He'll stop at nothing to keep her safe...but can he stop himself from killing her? An emotional, tension-filled forbidden romance that will keep you on the edge of your seat until the very last page... Jenna wasn't going to let the darkness of her past prevent her from building the life she's always wanted, so she put herself through college and moved to the magnificent city of Chicago. But just when she thought all her dreams were coming true, a shocking incident shattered her fairy-tale life and now, she's hiding a terrible secret-a secret that could cost her everything. Damian is as gorgeous as he is mysterious, keeping his own dark secrets from everyone he meets. He never thought he'd care about anything again...until he meets Jenna. He knows letting her get close to him will put her in danger, but when he suspects Jenna's in trouble, there's only one thing that matters: protecting her at all costs. Thrust into a terrifying nightmare where a threat looms in every shadow, Jenna and Damian find themselves in a race for survival. Soon, everyone Jenna loves is in peril, and only the ultimate sacrifice can save them... This book contains sensitive subject matter.

Lord of the Vampires Gena Showalter,2011-09-01 Once upon a time...the Blood Sorcerer vanquished the kingdom of Elden. To save their children, the queen scattered them to safety and the king filled them with vengeance. Only a magical timepiece connects the four royal heirs...and time is running out.... Nicolai the Vampire was renowned for his virility, but in a twist of fate The Dark Seducer had become a sex slave in the kingdom of Delfina—stripped of his precious timepiece and his memory. All that remained was a primal need for freedom, revenge—and the only woman who could help him. In her dreams, a wanton vampire called to Jane Parker, drawing her to his dark sexuality and his magical realm. But for a human, all was not a fairy tale in Delfina. Jane was the key to Nicolai's memory...but exploiting her meant dooming the only mortal he craved.

God's War Kameron Hurley,2020-03-05 'Hurley's world-building is phenomenal . . . highly engaging' Publishers Weekly The first instalment of the action-packed Bel Dame Apocrypha trilogy - perfect for fans of Becky Chambers and N. K. Jemisin Nyx is a bel dame, a bounty hunter paid to collect the heads of deserters - by almost any means necessary. 'Almost' proved to be the problem. Cast out and imprisoned for breaking one rule too many, Nyx and her crew of mercenaries are all about the money. But when a dubious government deal with an alien emissary goes awry, her name is at the top of the list for a covert recovery. While the centuries-long war rages on only one thing is certain: the world's best chance for peace rests in the hands of its most ruthless killers. . . ***** Make sure you've read the rest of the series: 1. God's War 2. Infidel 3. Rapture

Scientific American ,1854

Flood Risk Science and Management Gareth Pender,Hazel Faulkner,2010-12-01 Approaches to avoid loss of life and limit disruption and damage from flooding have changed significantly in

recent years. Worldwide, there has been a move from a strategy of flood defence to one of flood risk management. Flood risk management includes flood prevention using hard defences, where appropriate, but also requires that society learns to live with floods and that stakeholders living in flood prone areas develop coping strategies to increase their resilience to flood impacts when these occur. This change in approach represents a paradigm shift which stems from the realisation that continuing to strengthen and extend conventional flood defences is unsustainable economically, environmentally, and in terms of social equity. Flood risk management recognises that a sustainable approach must rest on integrated measures that reduce not only the probability of flooding, but also the consequences. This is essential as increases in the probability of inundation are inevitable in many areas of the world due to climate change, while socio-economic development will lead to spiralling increases in the consequences of flooding unless land use in floodplains is carefully planned. Flood Risk Science and Management provides an extensive and comprehensive synthesis of current research in flood management; providing a multi-disciplinary reference text covering a wide range of flood management topics. Its targeted readership is the international research community (from research students through to senior staff) and flood management professionals, such as engineers, planners, government officials and those with flood management responsibility in the public sector. By using the concept of case study chapters, international coverage is given to the topic, ensuring a world-wide relevance.

The Bartender's Pride: Book 1 in the Pride Trilogy TJ Dallas, 2019-10-23 This *erotica follows Lara as she moves to a new city & comes to terms with her desire for another woman; a seductive bartender with a supernatural secret. Semi-finalist for the BBNYA (Book Bloggers Novel of the Year Award) 2020 Lara's world is turned upside down when her boyfriend cheats on her with her best friend and she's forced to move to a new city. Desperate for money, she lands a job in an LGBT nightclub, but her racing heart and inappropriate thoughts about the club's owner, Harry, must have everything to do with the stress she's under. She's not gay. There's something about Harry. She's stunning, cocky, and looks far too good in a shirt and tie, ignoring the fact she's telepathic and can read Lara's emotions like a book. Harry is one of seven managers at the Cardinal, and she has a set of skills that can help Lara, but she has to manage her own feelings about three of the other managers in the meantime-Lust, Gluttony, and Envy. When things go downhill for Lara, can Harry ultimately make her proud of who she is without admitting their deadly secret? Or will Lara's shame, depression, and her homophobic parents, lead her down a path of destruction? *18+, mature and sexually explicit content, 1 x brief M/F scene, depression/attempted suicide.

Limit of Vision Linda Nagata, 2017-07-12 Survive long enough, and strangeness becomes cliché. Virgil Copeland, Randall Panwar, and Gabrielle Villanti are all brilliant young biotechnologists, working together on an artificial life-form affectionately known as *LOVs*, an acronym for Limit Of Vision, because in size LOVs are just at the boundary of what the human eye can easily see. LOVs contain bioengineered human neurons. They enhance brain function when implanted in test animals. Experimentation on humans is, of course, highly illegal. But it's the nature of brilliant and ambitious young minds to ignore the rules. Believing the LOVs to be perfectly safe, Virgil, Panwar, and Gabrielle experiment on themselves, using implanted LOVs to enhance their own cognitive abilities. But there is a limit of vision, too, when we try to foresee the consequences of technology—especially of a living, thinking technology that can evolve into new forms in a matter of hours. When the experiment goes terribly wrong, the consequences are bizarre and unforeseeable. Virgil finds himself on the run, riding the whirlwind of a runaway biotechnology that could lead to the next phase of human evolution.

Managing NASA in the Apollo Era Arnold S. Levine, 1982

Terminal Boredom Izumi Suzuki, 2021-04-20 Named a Most Anticipated Book of 2021 by Thrillist, The Millions, Frieze, and Metropolis Japan The first English language publication of the work of Izumi Suzuki, a legend of Japanese science fiction and a countercultural icon At turns nonchalantly hip and charmingly deranged, Suzuki's singular slant on speculative fiction would be echoed in countless later works, from Margaret Atwood and Harumi Murakami, to Black Mirror and Ex Machina. In these darkly playful and punky stories, the fantastical elements are always earthed by the universal pettiness of strife between the sexes, and the gritty reality of life on the lower rungs, whatever planet that ladder might be on. Translated by Polly Barton, Sam Bett, David Boyd, Daniel Joseph, Aiko Masubuchi, and Helen O'Horan.

Breaking Vegan Jordan Younger, 2015-11-01 Finding balance in life is a goal many of us strive to achieve. Whether it's through a healthy diet, exercise regimen, state of mind, relationship, or other activity (or all of the above), we spend our days trying to be, and become, our best selves. But what happens when all that focus starts to dominate our lives? When our desire for perfect health trumps everything else, perhaps without us even realizing it? What happens when our solution starts becoming the problem? These are questions that author and popular blogger Jordan Younger faced when she decided that her extreme, plant-based lifestyle just wasn't working in favor of her health anymore--and questions that you may be facing too. In *Breaking Vegan*, Jordan reveals how obsessive healthy dieting eventually led her to a diagnosis of orthorexia, or a focus on healthy food that involves other emotional factors and ultimately becomes dysfunctional, even dangerous. In candid detail, Jordan shares what it was like to leave veganism, the downfall of her desire to achieve nutritional perfection, and how she ultimately found her way to recovery. In addition to this, Jordan outlines an anti-diet, whole-foods-based eating plan featuring more than 25 recipes to help inspire others to find similar balance in their own lives. *Breaking Vegan* is about tolerance and forgiveness. And ultimately, forging one's own path toward happiness.

Thank Earth You Armand Daigle, 2014-02-03 Liberation and abundance bloom in arm's reach, but a young engineer's wrists are choked red by the chains of cubical slavery. Brought to his breaking point, he quits and confesses to his disappointed and worried parents that he has no plans of returning to a discipline they hold so dear. His world butterflies open. Relief and happiness come fast, but his new course remains obscured, and it's not until five months later, when he takes up with a pack of wolves, that direction begins to emerge. His surroundings become vibrant, lines dissolve, and never feeling so alive he pushes himself to precarious limits. And late one winter night, in the den where the wolves came from, the ex-engineer is confronted by a power that brings him both rapid bliss and the crumbling of his reality. Finding himself is a dark and constant battle between sanity and revelation in which he's not sure what side to take.

Adorable, 2021-04-13 • Marketing activity is focused on visibility in-store and online • Pre-publication mailings to special interest media, national and regional magazines, • Major focus on gift, travel, tourist sector • Mailings and promotion to Museums and galleries and local exhibitions. Adorable cats, warm summer breezes, joyful, inspirational quotes and beautiful art. Lesley Anne Ivory is one of the most prolific and prestigious painters of cats today and this delightful new gift book offers hours of pleasure in the company of her delectable illustration. Lesley Anne Ivory's meticulous attention to detail is legendary; she spends a great deal of time researching for her pictures, including countless hours in the British Museum or the Victoria and Albert Museum, studying patterns and fabrics. Her style has evolved over many years and her work is now instantly recognisable from her exquisitely realistic portrayals of cats against richly textured backgrounds. This new series of gift books from *Flame Tree*, *Thoughts to Inspire & Motivate* features the inspirational art of female illustrators and artists. Each book is a celebration of empowerment and diversity, displaying the breadth and complexity of modern life, turning anxiety into positivity, everyday challenges into universal meditations.

The Bohr Maker Linda Nagata, 2011-06 Nikko is genetically engineered to survive in the airless void of space, but the research permit allowing his existence is about to expire and his body has already begun running the program that will cause his death. His only hope for life lies in rewriting his genetic code with the help of the illegal nanotech device known as the Bohr Maker.
