The Fishing Lure Collector's Bible Richard L. Streater, Rick Edmisten, Dudley Murphy, 1999

There are more than 1,800 lures presented from many manufacturers with heavy emphasis on Creek Chub Bait Co., Heddon, South Bend, Shakespeare, and Pflueger. In addition to the many illustrations presented by company, there are a complete index, tips on displaying your collection, and other collecting trivia. Every illustrated lure has complete descriptions, and a price range to reflect today's exciting collecting trends.

The Encyclopedia of Old Fishing Lures Robert A. Slade, 2011-12 Robert A. Slade, after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector magazine for several years started researching and writing books in the 1990's. He published the HISTORY & COLLECTIBLE FISHING TACKLE OF WISCONSIN in 1999 which sold 4,500 copies. Bob realized that even though there have been many books published on the subject of old fishing lures that few books covered any detailed history on the old lure makers. His latest book writing project was nine years in the making and covers over 100 years of lure making history starting in 1875 and covers over 2,500 lure makers throughout all of North America. THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers. The author traveled to 11 states and 3 Canadian Provinces visiting collectors' homes, newspaper archives, museums and other sources and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lure makers to appear in alphabetical order. People purchasing these books can buy any one single book, a whole set, or even a book a month if they desire as the books will be printed and shipped on demand. Each book has over 400 pages of text, pictures and collector values with each book containing a table of contents and index as well as a master index for the complete set of books.

Fishing Lure Collectibles Dudley Murphy, Rick Edmisten, 2000-08-01 Progressing from simple implements of bone, stone, and wood to metals to the elaborately feathered flies of the Victorian era, antique fishing lures are now sought as highly prized collectibles. This edition has hundreds of new photographs and much new information not included in the first edition. Chapters include the 'big ten' companies, miscellaneous companies, metal lures, handmade lures, and finally the seldom seen experimental lures. Concerned primarily with the most collectible antique fishing lures made before 1940, this deluxe hardbound book contains well over 1,300 lures beautifully reproduced in full color. Research and identification will be simple yet effective with these descriptions, sizes, dates, 2001 values, and quick comparisons of similar features of lures... **AUTHOR BIO:** Dudley Murphy decided to become a lifelong collector of fishing lures at the age of 13, when his grandfather presented him with a gift of old Heddon, Jamison, and Clark lures. As one of the three founders of the National Fishing Lure Collector's Club, Dudley is an active collector with a variety of interest, including fishing. **AUTHOR BIO:** Rick Edmisten was introduced to fishing at age 12 by his father, and by the time he was 18 had developed a keen interest in collecting old lures and tackle. He has hosted a successful fishing tackle collectible show from 1990 to the present, and is recognized as an authority on old tackle. He often appraises estates and collections. **REVIEW:** This book focuses on the big ten companies, metal lures, handmade lures, and the seldom seen experimental lures, and emphasizes antique lures made before 1940. Each section begins with a short introduction about the company, followed by vivid, representative color photographs that the company made. Each photo lists the name of the lure, number, date manufactured, length, collector value, and any important notes or details about the lure.

Rapala: Legendary Fishing Lures John E. Mitchell, Rapala - the very name evokes quiet mornings on a mist-shrouded lake, family expeditions in a well-worn rowboat, and - best of all- the thrilling moment when a fish explodes out of the water. This richly illustrated book tells the story of a remarkable company and the iconic angling products they produce. Rapala lures are now sold in 140 countries and are more world-record fish than any other lure. It is the dominant company in a hugely popular sport enjoyed by 44 million recreation anglers in the U.S. alone - more people than play golf or tennis combined.

The Fred Arbogast Company Fishing Lure Collector's Guide Kicker and Tin Liz Families Kevin Virden,2019-03-10 Fred Arbogast is infamously known for his invention the Jitterbug; however, many in the fishing world do not know is that he started making lures at the age of twelve. Born in Akron, Ohio on Brown Street, he grew up in the city, and developed a love of biology and fish early in life. As a teenager, he became a star athlete with his high school football team and entered the workforce during his high school years during summers. In addition to fishing, he had a passion for journalism, making bamboo casting and fly rods in his spare time, and working with taxidermy. As he became an employee of the Goodyear Tire and Rubber Company of Akron, Ohio, he honed skills in the rubber industry. During those years, he worked in different roles which taught him a new trade and gave him skill in molding, development, and rubber manufacturing. These skills combined with his uncanny desire to create his own fishing lures led to many unique ideas outside of work. As he developed lures at home, publicly, Fred Arbogast grew in notoriety in tournament casting. He became a very competitive tournament caster and his experience outpaced his competitors in the 1920s. Because of his inept abilities to cast with accuracy and distance, he became a World Champion bait caster. Out of this experience and notoriety in the tournament casting circles, Arbogast started his own fishing tackle company in 1925 at his home in Akron, Ohio. This book uncovers much of the history of his early company and the products he manufactured at his home for many years until in 1932, he moved his business to 313 West North Street. His company, aptly named Fred Arbogast, created some of the most iconic fishing tackle in history. This book provides a guidebook and related history for collectors of Fred Arbogast fishing lures of the metal brands, his Kicker and Tin Liz families of lures. This volume provides insight into Fred Arbogast's early fishing lures and provides knowledge for collectors and those interested in fishing tackle history.
