Wheaton College, 1834-1957 Paul C. Helmreich,2002 This volume chronicles the history of Wheaton College in Norton, Massachusetts, beginning with its creation as a Female Seminary in 1834 and concluding with the 1955 decision to increase substantially in size, a process that commenced in 1957. This latter event brought to a close 123 years during which Wheaton Seminary and College had remained tied to the precepts and fiscal resources of the founding family, the Wheatons.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Wheaton College - II Off the Record Steven Dziedzic,2006-07-01 Provides a look at Wheaton College from the students' viewpoint.

My Name Is Asher Lev Chaim Potok,2009-07-01 NATIONAL BESTSELLER • In this modern classic from the National Book Award–nominated author of *The Chosen*, a young religious artist is compulsively driven to render the world he sees and feels, even when it leads him to blasphemy. “A novel of finely articulated tragic power Little short of a work of genius.”—The New York Times Book Review Asher Lev is a Ladover Hasid who keeps kosher, prays three times a day and believes in the Ribbono Shel Olom, the Master of the Universe. He grows up in a cloistered Hasidic community in postwar Brooklyn, a world suffused by ritual and revolving around a charismatic Rebbe. He is torn between two identities, the one consecrated to God, the other devoted only to art and his imagination, and in time, his artistic gift threatens to estrange him from that world and the parents he adores. As it follows his struggle, *My Name Is Asher Lev* becomes a luminous, visionary portrait of the artist, by turns heartbreaking and exultant.

The Gift of Asher Lev Chaim Potok, 1997-09-10 “Extraordinary . . . No one but Chaim Potok could have written this strangely sweet, compelling, and deeply felt novel.”—The Cleveland Plain Dealer In his powerful *My Name is Asher Lev*, Chaim Potok gave the world an unforgettable character and a timeless story that The New York Times Book Review hailed as “little short of a work of genius.” The Chicago Sun-Times declared it “a story that had to be told.” Now, Chaim Potok’s beloved character returns to learn, to teach, to dream, in *The Gift of Asher Lev*. Twenty years have passed. Asher Lev is a world-renowned artist living with his young family in France. Still, he is unsure of his artistic direction. Success has not brought ease to his heart. Then Asher’s beloved uncle dies suddenly, and Asher and his family rush back to Brooklyn—and into a world that Asher thought he had left behind forever. It is a journey of confrontation and discovery as Asher purges his past in search of new inspiration for his art and begins to understand the true meaning of sacrifice and the painful joy in sharing the most precious gift of all. Praise for *The Gift of Asher Lev* “A masterwork.”—Newsday “Rivals anything Chaim Potok has ever produced. It is a book written with passion about passion. You’re not likely to read anything better this year.”—The Detroit News “Fascinating.”—The Washington Post Book World “Very moving.”—The Philadelphia Inquirer

We the Fallen People Robert Tracy McKenzie, 2021-09-21 Christianity Today Book Award The Gospel Coalition Book Awards Honorable Mention Foreword INDIES Book of the Year Award Finalist The success and survival of American democracy have never been guaranteed. Political polarization, presidential eccentricities, the trustworthiness of government, and the prejudices of the voting majority have waxed and waned ever since the time of the Founders, and there are no fail-safe solutions to secure the benefits of a democratic future. What we must do, argues the historian Robert Tracy McKenzie, is take an unflinching look at the very nature of democracy—its strengths and weaknesses, what it can promise, and where it overreaches.

And this means we must take an unflinching look at ourselves. *We the Fallen People* presents a close look at the ideas of human nature to be found in the history of American democratic thought, from the nation's Founders through the Jacksonian Era and Alexis de Tocqueville. McKenzie, following C. S. Lewis, claims there are only two reasons to believe in majority rule: because we have confidence in human nature—or because we don't. The Founders subscribed to the biblical principle that humans are fallen and their virtue is always doubtful, and they wrote the US Constitution to frame a republic intended to handle our weaknesses. But by the presidency of Andrew Jackson, contrary ideas about humanity's inherent goodness were already taking deep root among Americans, bearing fruit in such perils as we now face for the future of democracy. Focusing on the careful reasoning of the Founders, the seismic shifts of the Jacksonian Era, and the often misunderstood but still piercing analysis of Tocqueville's *Democracy in America*, McKenzie guides us in a conversation with the past that can help us see the present—and ourselves—with new insight.

Seeing the Light Samuel Schuman, 2010-01-18 Samuel Schuman examines the place of religious colleges and universities, particularly evangelical Protestant institutions, in contemporary American higher education. Many faith-based schools are flourishing. They have rigorous academic standards, impressive student recruitment, ambitious philanthropic goals, and well-maintained campuses and facilities. Yet much of the U.S. higher-education community ignores them or accords them little respect. *Seeing the Light* considers, instead, what can be learned from the viability of these institutions. The book begins with a history of post secondary U.S. education from the perspective of the religious traditions from which it arose. After focusing briefly on nonevangelical institutions, Schuman next looks at three Roman Catholic institutions—the College of New Rochelle, Villanova University, and Thomas Aquinas College. He then profiles evangelical colleges and universities in detail, discovering the factors contributing to their success. These institutions range from nationally recognized to little known, from rich to poor, with both highly selective and open admission requirements. Interviews with key administrators, faculty, and students reveal the challenges, the successes, and the goals of these institutions. Schuman concludes that these schools—Baylor University, Anderson University, New Saint Andrews College, Calvin College, North Park University, George Fox University, Westmont College, Oral Roberts University, Northwestern College, and Wheaton College—and others like them offer important and timely lessons for the broader higher-education community.

Accounts of a Campus Revival Timothy Beougher, Lyle W. Dorsett, 2002-09-04 In the spring of 1995, prayer and the Spirit of God wrought great changes in the halls of academia. Through a series of revivals which began at Baptist churches in Brownwood and Santa Anna, Texas, God moved across the face of American campuses. From Texas to Minnesota, from Massachusetts to Oregon, lives were touched and schools and churches were turned upside down. While focusing on Wheaton College, this book chronicles the events as they affected many schools and students. You will find here the characteristics of revivals and a history of campus awakenings. This touching report gives readers a glimpse of what happens when God's spirit moves in a dramatic way among His people.
