My Name Is Asher Lev Chaim Potok, 2009-07-01 NATIONAL BESTSELLER • In this modern classic from the National Book Award-nominated author of *The Chosen*, a young religious artist is compulsively driven to render the world he sees and feels, even when it leads him to blasphemy. “A novel of finely articulated tragic power Little short of a work of genius.”—The New York Times Book Review Asher Lev is a Ladover Hasid who keeps kosher, prays three times a day and believes in the Ribbano Shel Olom, the Master of the Universe. He grows up in a cloistered Hasidic community in postwar Brooklyn, a world suffused by ritual and revolving around a charismatic Rebbe. He is torn between two identities, the one consecrated to God, the other devoted only to art and his imagination, and in time, his artistic gift threatens to estrange him from that world and the parents he adores. As it follows his struggle, *My Name Is Asher Lev* becomes a luminous, visionary portrait of the artist, by turns heartbreaking and exultant.

We the Fallen People Robert Tracy McKenzie, 2021-09-21 Christianity Today Book Award The Gospel Coalition Book Awards Honorable Mention Foreword INDIES Book of the Year Award Finalist The success and survival of American democracy have never been guaranteed. Political polarization, presidential eccentricities, the trustworthiness of government, and the prejudices of the voting majority have waxed and waned ever since the time of the Founders, and there are no fail-safe solutions to secure the benefits of a democratic future. What we must do, argues the historian Robert Tracy McKenzie, is take an unflinching look at the very nature of democracy—its strengths and weaknesses, what it can promise, and where it overreaches. And this means we must take an unflinching look at ourselves. *We the Fallen People* presents a close look at the ideas of human nature to be found in the history of American democratic thought, from the nation's Founders through the Jacksonian Era and Alexis de Tocqueville. McKenzie, following C. S. Lewis, claims there are only two reasons to believe in majority rule: because we have confidence in human nature—or because we don't. The Founders subscribed to the biblical principle that humans are fallen and their virtue is always doubtful, and they wrote the US Constitution to frame a republic intended to handle our weaknesses. But by the presidency of Andrew Jackson, contrary ideas about humanity's inherent goodness were already taking deep root among Americans, bearing fruit in such perils as we now face for the future of democracy. Focusing on the careful reasoning of the Founders, the seismic shifts of the Jacksonian Era, and the often misunderstood but still piercing analysis of Tocqueville's *Democracy in America*, McKenzie guides us in a conversation with the past that can help us see the present—and ourselves—with new insight.

The Gift of Asher Lev Chaim Potok, 1997-09-10 “Extraordinary . . . No one but Chaim Potok could have written this strangely sweet, compelling, and deeply felt novel.”—The Cleveland Plain Dealer In his powerful *My Name Is Asher Lev*, Chaim Potok gave the world an unforgettable character and a timeless story that The New York Times Book Review hailed as “little short of a work of genius.” The Chicago Sun-Times declared it “a story that had to be told.” Now, Chaim Potok's beloved character returns to learn, to teach, to dream, in *The Gift of Asher Lev*. Twenty years have passed. Asher Lev is a world-renowned artist living with his young family in France. Still, he is unsure of his artistic direction. Success has not brought ease to his heart. Then Asher's beloved uncle dies suddenly, and Asher and his family rush back to Brooklyn—and into a world that Asher thought he had left behind forever. It is a journey of confrontation and discovery as Asher purges his past in search of new inspiration for his art and begins to understand the true meaning of sacrifice and the painful joy in sharing the most precious gift of all. Praise for *The Gift of Asher Lev* “A masterwork.”—Newsday “Rivals anything Chaim Potok has ever produced. It is a book written with passion about passion. You're not likely to read

anything better this year.”—The Detroit News “Fascinating.”—The Washington Post Book World “Very moving.”—The Philadelphia Inquirer

A Theology of Paul and His Letters Douglas J. Moo, 2021-10-26 A landmark study of the apostle's writings by one of the world's leading Pauline scholars Winner of the 2022 ECPA Christian Book Award for Bible Reference Works This highly anticipated volume gives pastors, scholars, and all serious students of the New Testament exactly what they need for in-depth study and engagement with one of Christian history's most formative thinkers and writers. A Theology of Paul and His Letters is a landmark study of the apostle's writings by one of the world's leading Pauline scholars Douglas J. Moo. Fifteen years in the making, this groundbreaking work is organized into three major sections: Part 1 provides an overview of the issues involved in doing biblical theology in general and a Pauline theology in particular. Here Moo also sets out the methodological issues, formative influences, and conceptual categories of Paul's thought. Part 2 moves on to Paul's New Testament writings, where Moo describes each Pauline letter with particular relevance to its theology. Part 3 offers a masterful synthesis of Paul's theology under the overarching theme of the gift of the new realm in Christ. Engaging, insightful, and wise, this substantive, evangelical treatment of Paul's theology offers extensive engagement with the latest Pauline scholarship without sacrificing its readability. This volume brings insights from over thirty years of experience studying, teaching, and writing about Paul into one comprehensive guide that will serve readers as a go-to resource for decades to come. ABOUT THE SERIES: The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary-level textbooks for students of New Testament theology, interpretation, and exegesis. Pastors and discerning theology readers alike will also benefit from this series. Written at the highest level of academic excellence by recognized experts in the field, the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament, including introductory issues and major themes, but also shows how each book relates to the broad picture of New Testament Theology.

Cross-Cultural Servanthood Duane Elmer, 2009-08-20 Duane Elmer asked people around the world how they felt about Western missionaries. The response? Missionaries could be more effective if they did not think they were better than us. The last thing we want to do in cross-cultural ministry is to offend people in other cultures. Unfortunately, all too often and even though we don't mean it, our actions communicate superiority, paternalism, imperialism and arrogance. Our best intentions become unintentional insults. How can we minister in ways that are received as true Christlike service? Cross-cultural specialist Duane Elmer gives Christians practical advice for serving other cultures with sensitivity and humility. With careful biblical exposition and keen cross-cultural awareness, he shows how our actions and attitudes often contradict and offend the local culture. He offers principles and guidance for avoiding misunderstandings and building relationships in ways that honor others. Here is culturally-savvy insight into how we can follow Jesus' steps to become global servants. Whether you're going on your first short-term mission trip or ministering overseas for extended periods, this useful guide is essential reading for anyone who wants to serve effectively in international settings with grace and sensitivity.

Blue Skies and Thunder Virgil Westdale, Stephanie A. Gerdes, 2009-12-21 In 1942, Virgil Westdale was a successful young flight instructor when the government ousted him from the Air Corps and demoted him to army private. Having grown up as a Japanese American midwestern farm boy, Westdale had his first taste of Japanese culture when he was sent to train with the all Japanese American unit, the 442nd Regimental Combat Team. He was ultimately transferred to the 522nd Artillery Battalion, where, as a member of the Fire Direction Center, he helped push the Germans out of Italy, rescue the “Lost Battalion” in France, and free prisoners from Dachau Concentration Camp in Germany. After the war, Westdale went on

to pursue a career in research and development with large corporations. He received twenty-five U.S. patents and earned an international award for his work with photocopier components. In retirement, he has been working for the TSA, returning to the worlds of aviation and national security. Written for the lay reader as well as the history buff, Westdale's stories of World War II challenge preconceived notions of what we think we know about a soldier's life in Europe and offer images that go beyond the history books. ---Spanning over ninety years, Virgil's amazing and complex life story vividly reflects America's history from the early 1900s to our current fight against terrorism. His book reads if he were sitting before me casually sharing his life. A highlight of my career--both as an Army officer and a Federal Civil Servant--has been the honor of working with and getting to know Virgil Westdale, a great American. This is a truly fascinating and memorable autobiography. John H. Mumma, Colonel, US Army Retired Federal Security Director, Transportation Security Administration ---Virgil Westdale's *Blue Skies and Thunder* tells a story that is both unique in American history and uniquely American. After growing up as a Midwestern farm boy whose Japanese father had largely assimilated into the local community, he found himself after Pearl Harbor viewed with suspicion by the very government he wanted to serve in the Second World War. Denied a chance to serve as a military pilot, or even as a pilot trainer, he eventually found his way into a newly created Japanese American artillery unit and served with distinction in Italy, France and Germany. Back in the United States, he completed college and made a career for himself as an engineer with multiple patents to his credit, and eventually served his country a second time, as an airport security officer. His account is highly readable and offers insights into a wide range of aspects of both his own life and the world around him. Dr. James Smither, Director Grand Valley State University Veterans History Project

Colleges that Change Lives Loren Pope, 1996 The distinctive group of forty colleges profiled here is a well-kept secret in a status industry. They outdo the Ivies and research universities in producing winners. And they work their magic on the B and C students as well as on the A students. Loren Pope, director of the College Placement Bureau, provides essential information on schools that he has chosen for their proven ability to develop potential, values, initiative, and risk-taking in a wide range of students. Inside you'll find evaluations of each school's program and personality to help you decide if it's a community that's right for you; interviews with students that offer an insider's perspective on each college; professors' and deans' viewpoints on their school, their students, and their mission; and information on what happens to the graduates and what they think of their college experience. Loren Pope encourages you to be a hard-nosed consumer when visiting a college, advises how to evaluate a school in terms of your own needs and strengths, and shows how the college experience can enrich the rest of your life.

Changing Signs of Truth Crystal L. Downing, 2012-05-15 Crystal Downing brings the postmodern theory of semiotics within reach for today's evangelists. Following the idea of the sign through Scripture, church history and the academy, Downing shows you how signs work and how sensitivity to their dynamics can make or break an attempt to communicate truth.

Blindsided Mark Roser, 2021-03-23 Why is there evil in a world created by a good and all-powerful God? Ethan Roser, a 19-year-old studying to be a pastor at Wheaton, raised in Africa as the son of faithful missionaries, wrote those words just days before his death due to a freak accident on campus—almost as if he had left a message behind for his parents, siblings, and friends. After Ethan died his father, Mark Roser, kept his sanity by writing, and wrestling with questions as profound as life itself. God had kept Mark's family safe for 22 years in Africa, doing missionary work; he needed to know why God permitted his son to die now. In *Blindsided*, he shares the answers to those questions. This book will grip every parent, and it will inspire every person who strives to live for God.

Collected Writings on Scripture D. A. Carson, 2010-07-01 God's Word has always had enemies, but in recent years the inspiration and authority of Scripture have been attacked with renewed vigor. Respected scholar D. A. Carson has written widely on the nature of Scripture over the past thirty

years, and here presents a timely collection of his work in two parts. In part 1, Carson selects essays written on such themes as how to interpret the Bible, recent developments in the doctrine of Scripture, unity and diversity in the New Testament, and redaction criticism. Presenting a theologically balanced and confessional perspective, Carson defines the terms of a number of debates, critiques interpretive methods and theories, and suggests positive guidelines for future action. Part 2 presents critical reviews of nine books dealing with the inspiration and authority of Scripture. Though substantial in content, Carson's detailed reviews will foster careful thought and perspective in those who are relatively new to the debates surrounding biblical inspiration and authority. This volume is a diverse collection that will prove to be a helpful resource to both seasoned pastors and scholars and those who are just starting serious study of the Bible.

Conceiving the Christian College Duane Litfin, 2004-09-24 This book is designed to help those who are interested in Christian higher education explore anew the unique features, opportunities, and contemporary challenges of one distinct type of educational institution -- the Christian college. What distinguishes *Conceiving the Christian College* from the many other books on this subject is its incisive discussion of a set of crucial ideas widely misunderstood in the world of Christian higher education. Now serving in his eleventh year as president of one of the nation's foremost Christian colleges, Duane Litfin is well placed to ask pressing questions regarding faith-based education. What is unique about Christian colleges? What is required to sustain them? How do they maintain their bearing in the tumultuous intellectual seas of the twenty-first century? Litfin's themes are large, but they are meant to refocus the conceptual challenges to Christian education in ways that will strengthen both the academic environment of today's Christian colleges and their impact on culture at large.

Sing for Me Karen Halvorsen Schreck, 2014-04 When Rose becomes a singer at a jazz club, she finds herself falling for the African American pianist and the two begin a relationship marked by prejudice and faith.

Wheaton Keith Call, 2006 Where will you find C. S. Lewis's wardrobe, J. R. R. Tolkien's desk, Malcolm Muggeridge's typewriter, Madame Blavatsky's tiara, the bones of a hulking mastodon, Billy Graham's traveling pulpit, and Tyndale House, publishers of the best-selling *Left Behind* series? Where will you find students, mystics, theologians, doctors, authors, actors, and musicians living in harmony? In *Wheaton*. Located 26 miles west of Chicago, the All America City boasts excellent schools, exquisite old homes, safe streets, and fine museums. Though Horace Greeley is credited with uttering the immortal Go west, young man! the sentiment had been acted upon much earlier by questing pioneers, many of whom halted in the middle plains, sensing terrific potential in the rich black soil of Illinois. Among these were Warren and Jesse Wheaton and Erastus Gary from Pomfret, Connecticut. Seeking suitable land for farming, they settled and constructed a mill. From there they built cabins and harvested spring crops. Soon there was a village of a few hundred, connected by train to the farthest reaches of the nation. Now there is a city of 55,000 residents.

Red Grange Chris Willis, head of the Research Library at NFL Films and author of *Red Grange: The Life and Legacy of the NFL's First Superstar*, 2019-08-09 This book tells the remarkable story of Red Grange, a two-time NFL champion and three-time consensus All-American. A humble superstar during the early years of the NFL, Grange became the face of professional football first as a player and then as a coach, broadcaster, pitchman, Hall of Famer, pioneer, and hero.

Passion and Purity Elisabeth Elliot, 2021-03-16 In her classic book, Elisabeth Elliot candidly shares her love story with Jim Elliot through letters, diary entries, and memories. She is honest about the temptations, difficulties, victories, and sacrifices of two young people whose commitment to Christ took priority over their love for each other. These revealing personal glimpses, combined with relevant biblical teaching, will remind readers that only by putting their human passion and desire through His fire can God purify their love. In a culture obsessed with dating, sex, and intimacy, the need for Elliot's freeing message is greater than ever. This beautifully repackaged edition will appeal to today's young people.

The Garbage Eater Brett Foster, 2011-04-28 The “Garbage Eater” of the title poem in Brett Foster’s provocative collection is a member of a religious sect (some would say cult) in the Bay Area who lives an ascetic life eating scraps from dumpsters. Just as this simple way of life exists within the most technologically advanced region in the world, Foster’s poems are likewise animated by the constant tension between material reality and an unabashed yearning for transcendence. The titles of Foster’s poems—“Like as a ship, that through the Ocean wyde,” “Meditation in an Olive Garden,” “Little Flowers of Dan Quisenberry” —nod to the poems of the classical, medieval, and Renaissance masters he studies as a scholar. In Foster’s vivid imagination, however, they point to the surprises hidden in the quotidian: a trip to the DMV, a visit to a chain restaurant, and the saintly reflections of the Kansas City Royals’ best closer. A lesser, more faddish writer would then tend toward ironic distance, but Foster fearlessly raises such unfashionable subjects as joy, doubt, gratitude, and grief without losing a sly sense of humor, even (as the sample poem shows) about poetry itself. Given its ambition, *The Garbage Eater* hardly seems a debut work. Foster’s universal subject matter and approachable style will win fans among both the most experienced poetry readers and those easily intimidated by contemporary verse.
