Where Are You From? Yamile Saied Méndez, 2020-07-07 This resonant and award-winning picture book tells the story of one girl who constantly gets asked a simple question that doesn't have a simple answer. A great conversation starter in the home or classroom—a book to share, in the spirit of *I Am Enough* by Grace Byers and Keturah A. Bobo. When a girl is asked where she's from—where she's really from—none of her answers seems to be the right one. Unsure about how to reply, she turns to her loving abuelo for help. He doesn't give her the response she expects. She gets an even better one. Where am I from? You're from hurricanes and dark storms, and a tiny singing frog that calls the island people home when the sun goes to sleep.... With themes of self-acceptance, identity, and home, this powerful, lyrical picture book will resonate with readers young and old, from all backgrounds and of all colors—especially anyone who ever felt that they don't belong. 2019 Nerdies Fiction Picture Book Award Winner | Silver Medalist for Bank Street College of Education's Best Spanish Language Picture Books of the Year | Named one of Kirkus Reviews Best Books of 2019 | *A Mighty Girl's* 2019 Book of the Year | Named one of New York Public Library's Best Books for Kids 2019 Lyrical language and luminous illustrations. An ideal vehicle for readers to ponder and discuss their own identities. —Kirkus (starred review) An enchanted, hand-in-hand odyssey [and] opportunity to acknowledge and celebrate the many, many

backgrounds, roots, histories, of those who live in these United States. –Shelf Awareness (starred review) A much-needed title that is a first purchase for libraries and classrooms. –School Library Journal This touching book addresses a ubiquitous question for children of color, and in the end, the closeness between the girl and Abuelo shows that no matter the questions, she knows exactly where she's from. –Booklist Although the book begins as a gentle riposte to narrow cultural and ethnic categorizations, its conclusion reaches out to all readers, evoking both heritage and the human family. –Publishers Weekly A Spanish-language edition, ¿De dónde eres?, is also available.

Maybe you moved forward in faith, but now His presence is nowhere to be found. Welcome to the wilderness—the place between receiving a promise from God and seeing it come to pass. But here's the good news—this is no purposeless wasteland. God uses the wilderness to prepare and equip you for your destiny—that is, if you navigate it correctly. Contrary to what many may think, getting through this season isn't just a matter of waiting on God. You have a part to play in navigating through it. A big one. And if you don't want to waste time wandering in circles, it's important to learn what that is. In this eye-opening book, best-selling author John Bevere equips you with key biblical insights and profound stories that will help you navigate your dry or

difficult seasons and step into all that God has for you. Includes discussion questions for group study

Where Are You From? Yvette Balogh, 2014-05-30 The story is about Inez, a Hungarian girl who takes on a job as an au pair in London right after finishing college. She finds an advert in a newspaper and meets with the mother, who lives with her French husband and two boys (eight and five) in London. The girl's journey begins in the south of France. She suddenly finds herself in the French Riviera in a beautiful house, with two boys whom she will have to take care of. They spend the summer holiday in France getting to know each other and the extended family. In September, the family moves back to Chiswick, London. Everybody starts to go after their duties, and Inez's daily

routine takes shape too. It isn't exactly what she was looking for, and she doesn't really get along with the mother, but at least she finds friends at the English school. The mother gets pregnant, and then it turns out that the whole family has to pack up and move to Colorado. The transition period turns out to be horrific. The situation gets a little out of hand, especially after the new baby arrives. Inez's year of duty ends in the summer after one last job she has to do for the family: accompany the boys as they fly back to Budapest.

Daddy, Where Are You? Anntwanique D.

Edwards, 2013-06 Daddy, where are you? She cried, Daddy, Where Are You? Trapped in a maze, trying to escape the feelings of a hurting girl's bondage, a daughter constantly hits roadblocks. Her pain negatively impacts her identity and relationships. Could she be lost because of a father that left her alone? Maybe he didn't notice her stuck in a corner or understand her need for guidance. Either way, there is no cry like that of a daughter who is lost because her father is missing! In a non-fiction portrayal of the search for her father's love, Dr. Anntwanique Edwards candidly expresses how her quest could not be satisfied by man. She openly describes her disappointment with her biological and heavenly fathers for not attending to her needs. Her Life experiences are divulged to reveal the purpose of pain. This phenomenal speaker puts her words on a paper to establish God's ability to release women from the catastrophic danger of dancing with versions of love created by this world. Hear her words, declare the affirmations she shares at the end of each chapter, and experience freedom as never before.

God, Where Are You? Carlos Mesters, 2003-12-09

God, where are you? is a question many of us ask, at many points in life - usually when we don't

know what path to take, or where to turn in despair. In God, Where Are You? Carlos Mesters suggests that to answer this question we should turn to the place turned to again and again throughout history; the Bible itself. God, Where Are You? provides a way to approach the Bible as millions of ordinary people have, for many hundreds of years. Carlos Mesters suggests that the Bible can be considered the Christian family album, and its contents a guide for discovering who we are, where we came from, and – of course – where God is in our lives. Scholars may study and debate, argue and date, searching for the perfect answers to who wrote down which part of the Bible and when, but this is not the total of what the Bible is. God, Where Are You? shows that it is the people of the Bible, and the stories of how God touches them, that have the most to tell us. Mesters looks at the stories of Adam and Eve, Abraham, Moses and the prophets, as well as the story of Job and the Psalms of David from the Hebrew Scriptures. Then, he turns to the Gospels, the Sermon on the Mount, the Parables, Miracles, and Life of Jesus. Throughout, he shows how the Bible, in speaking about people, also speaks about God being always, firmly, in their midst.

Where are you from? Ulla Dentlinger, 2016-10-01
Print | eBook Language: English 150 pages
Illustrations, map Vol. 12 , 2016 ISSN: 1660-9638
ISBN: Print: 978-3-905758-79-5 Ulla Dentlinger
Where are you from? 'Playing White' under
Apartheid "My family did the unthinkable: after
getting away with 'playing white' for some years,
we went one step further and 'jumped the colour
line'. By various obscure and not well-documented
processes, we changed our 'racial classification'
from 'coloured' – as defined by the apartheid
policy of the day – to that of 'white' ... The price
we paid was anguish, constant fear of detection
and a sacrifice of family connectedness. The

decades-long process of becoming completely comfortable with my ultimate identity was psychologically so unnerving that I have only recently felt free to talk about it. This is certainly the first time I have ever written about it." With these words the fascinating story of Ulla Dentlinger's life history begins. Growing up in poor, rural Apartheid-Namibia in the early 1950s, Ulla Dentlinger soon learns that her parents are not prone to reminisce about their family's past. The most mundane information about their background is guarded much like a state secret. As a child, she begins to panic at being asked the question so normal to others: Where are you from? Only in later years it dawns on her that she had to be a 'Coloured'. The sense of conflict increases incrementally. Nonetheless, after living in Namibia for the first six years of her life, she grows up in a white area in Cape Town, goes to a white school and bears herself in a German fashion. She has, in fact, jumped the colour line. Returning to southern Africa in the 1990s, she now openly pursues investigations into her family background. Ulla Dentlinger portrays some of her relatives and their intimate, painful or straightforward stories as well as her own emotional realisation about her enriching heritage.

Where are you? Self- and body part localization using virtual reality setups Albert van der Veer ,2019-09-19 This volume presents a line of original experimental studies on the bodily self, investigating where people locate themselves in their bodies and how accurate they are at localizing their body parts. So far, it was not well known whether people locate themselves in one or more specific regions of their bodies. On the other hand, some systematic distortions in indicating bodily locations were already documented. In the present studies, participants

were therefore asked to indicate their self-locations, as well as the locations of several of their body parts, using a self-directed, first-person perspective pointing paradigm in various virtual reality (VR) setups (different head-mounted displays and a large-screen immersive display). Overall, participants were found to locate themselves mainly in the (upper) face and the (upper) torso. However, striking differences in self-localization were found when testing in different VR setups. Upon further investigation, these differences were found to be foremost due to inaccuracies in body part localization. When taking these inaccuracies into account, differences between setups—and also with self-localization outside of VR—largely disappear. Another striking finding was that providing participants—in between pointing phases—with information about their bodies in the form of a real-time animated self-avatar, did not make them more accurate at locating their own body parts. While manipulating their viewpoint to chest-height of their self-avatar did shift the afterwards indicated locations of their own body parts upwards, towards where they were seen on the avatar. Potential explanations for the various new findings, also from tasks outside of VR, are discussed. Taken together, this volume suggests a differential involvement of multi-sensory information processing in experienced self-location within the body and the ability to locate body parts. Self-localization seems to be less flexible, possibly because it is strongly grounded in the 'bodily senses', while body part localization appears more adaptable to the manipulation of sensory stimuli, at least in the visual modality.

Where Are You Going, Little Mouse? Robert Kraus, 1989-05-26 The hero of the classic *Whose Mouse Are You?* runs away from home when he decides

his family doesn't love him. Luckily, he doesn't run farther than the nearest telephone booth. Wonderful...resonates with emotions deeply felt by young children.--Publishers Weekly.

"Where are You Going, where Have You Been?"

Eco Baby: Where Are You Koala? Dorling Kindersley (corp),2021-02-02 In Where are you? Koala, wander through outback and woodland to meet a world of amazing Australian animals like wombats and kangaroos. Can you find koala's secret hiding place? Colourful illustrations provide a bold contrast to the natural cardboard pages, making this a book that will stand out on the shelf. Bright habitats surround charming animal animals, making every page a delight. Simple text is ideal for reading aloud, or for young children just starting their reading journeys. Little readers will love running their hands along the fun corrugated cardboard elements and tracing the cut out sections.

Mommy, Where Are You? Leonid Gore,2009-03-24 One morning Ozzy wakes up...and Mommy isn't there! Where could she be? Behind the fence? Down in the meadow? Up in the tree? Or maybe she is exactly where she is supposed to be after all.

Starfish, Where Are You? Barroux,2016-04-12 Where's the starfish? Where's the jellyfish? Where's the clownfish? What starts as a game of ocean hide-and-seek quickly turns into something more significant in this environmentally-minded book from award-winning French illustrator Barroux. *Starfish, Where Are You?* is an almost wordless tale about marine pollution that offers readers the chance to discuss environmental concerns in a gentle way. This touching and elegant picture book is filled with intricate scenes and three sweet characters to spot on every page. With only a few sentences and beautiful, heartwarming simplicity, this charming story puts

the power back in the hands (or fins) of the natural world—with a bold, stunning twist at the end. Readers are asked: Where's the Starfish? Where's the Jellyfish? Where's the Clownfish?, and are tasked with finding each on the following pages as the fish are slowly forced out of the spreads by more and more trash accumulating in the ocean. A whale, upset with all the junk, pushes it all back onto land and comes back to the ocean with a big grin on his face.
