History of the World in 500 Railway Journeys Sarah Baxter, 2019-06-01 History is everywhere, and is never as complete as when it can be accessed on a part of history itself. The locomotive is one of the great steps in progress of civilisation that undoubtably connects us to land and history that was shaped by the machine itself. Although a basic form of railway, or rutway, did exist in Ancient Greek and Roman times - notably the ship trackway between Diolkos and the Isthmus of Corinth around 600 BC - it would take several thousand years before the first fare-paying passenger service was launched in the early nineteenth century. Some two hundred years on, it is possible to travel by train to some of the world's most remote and remarkable destinations, and track the many wonderful legacies of the Earth's extensive history - man-made and otherwise. From prehistoric rock formations to skyscraper cities, slow steam engines to high-speed bullet trains, let A History of the World in 500 Railway Journeys be your guide. Through its beautifully illustrated pages, and 500 awe-inspiring railway journeys, you can chart your own transcontinental itinerary through time. Chug through canyons, steam past ancient monuments, speed through cities, luxuriate in the railcars of presidents and queens, or make express connections between key historical moments or epic eras, A History of the World in 500 Railway Journeys has it all. A must-read for travellers, railfans and history buffs alike, offering inspiration and information in equal measure.

100 Classic Hikes in Washington Ira Spring, Harvey Manning, 2013-01-31 \* Full-color coffee-table quality hiking guidebook with lush, hand-drawn trail maps \* Written by Washington's godfathers of hiking guidebooks, Harvey Manning and Ira Spring \* In a state rich with luscious trails, these hikes are the ones you can't miss (or, at least, must start with) 100 Classic Hikes in Washington is the progeny of Washington's first hiking guidebook, and is the best-selling guidebook of all time. There's a reason: it's gorgeous. The photos of trails and vistas are breathtaking. These are hikes you will want to hike, dream about hiking, or both. Based on their more than 100 years of combined experience in Washington's backcountry, Ira Spring and Harvey Manning chose their favorite trails

for this compendium of classic hikes. Along with the images and hand-drawn maps, you'll get the authors' first-hand descriptions of the trails they hiked many times over. Featuring spectacular views, flower-filled alpine meadows, lakes and streams, ancient forests, animals and birds, and solitude, these trails will give hikers a taste of Washington's best. Infused with a strong conservation message, this guidebook not only introduces hikers to Washington's gems but encourages them to become active participants in an effort to preserve and, in some cases, reclaim the remaining wilderness.

**The White Pass** Roy Minter,1987 By the thousands they came, the gold-seekers of 1897, pouring through Alaska's White and Chilkoot passes on their way to the Klondike and to fortune. Fast behind them came the entrepreneurs, the bunco artists, and before long, the engineers and financiers whose driving ambition was to build a railway through the White Pass's rocky precipices. This is the epic northern adventure of the men who rushed for gold, the workers who toiled in winter storms and thaw-time muck, carving the grade and laying rail, and the ingenious characters who dreamed, schemed, promoted, and finally built the White Pass and Yukon Railway.
