Ted Fox

**You Know Who's Awesome?** Ted Fox,2012-05-18 Ever stop and think, Everyone is just so awesome? Didn't think so. It's just a fact--most people aren't. But that doesn't stop them from thinking that they are. And that shouldn't stop you from mocking them. In fact, it should just encourage you. Here's your thumbs up to giving the thumbs down to everyone and everything that's far from awesome and, really, just plain awful.

The Science of Time Travel Elizabeth Howell,2020-06-02 Travel back in time with Doctor Who, the Terminator, the X-Men, and all your favorite time travelers! Science fiction is the perfect window into the possibilities and perils of time travel. What would happen if you went back in time and killed your own grandparent? If you knew how to stop a presidential assassination, would time travel allow you to make your wish come true? Can we use time travel as a tool to escape the destiny of our future or mistakes of the past? The Science of Time Travel explores time travel through your favorite science-fiction franchises, from the classic time travel paradoxes of Star Trek to the universe-crossing shenanigans of Doctor Who. Discover the real science behind questions such as: Can time travel really erase our past regrets like in A Christmas Carol? Is it worth killing people in the past to prevent a horrible future like in Terminator? What can we learn from living the same day over and over again like in Groundhog Day? Could time travel destroy our right to privacy like in Deja Vu? And so much more! It's time to fire up the DeLorean to 88 mph, jump into the TARDIS hiding in plain sight, or warp space with the USS Enterprise to explore what time travel means for us.

**A Is for Awesome!** Eva Chen,2019-02-05 Why stick with plain old A, B, C when you can have Amelia (Earhart), Malala, Tina (Turner), Ruth (Bader Ginsburg), all the way to eXtraordinary You--and the Zillion of adventures you will go on? Instagram superstar Eva Chen, author of Juno Valentine and the Magical Shoes, is back with an alphabet board book depicting feminist icons in A Is for Awesome: 23 Iconic Women Who Changed the World, featuring spirited illustrations by Derek Desierto.

**You Are Awesome** Neil Pasricha, 2019-11-05 #1 international bestseller Publishers Weekly bestseller The Globe and Mail (Toronto) The Toronto Star bestseller The Vancouver Sun bestseller From Neil Pasricha—New York Times, million-copy bestselling author of *The Book of Awesome* series and *The Happiness Equation*, thought leader for the next generation, and one of the most popular TED speakers in the world—comes a revelatory and inspiring book that will change the way we view failure and help us build resilience. We are lucky. For most of us, famine, plague, economic depression, and other life-threatening catastrophes are the stuff of history books. We’re living in an era with the highest-ever rates of longevity, education, and wealth. Cars drive us home as our phones entertain us before we arrive to food delivered to the front door. We have it all! But there’s just one side effect. We no longer have the tools to handle failure...or even perceived failure. When we fall, we lie on the sidewalk crying. When we spill, we splatter. When we crack, we shatter. We are turning into an army of porcelain dolls. A rude email from the boss means calling in sick. Only two likes on our post means we don’t have friends. Cell phones show us we’re never good enough. Yesterday’s butterflies are tomorrow’s panic attacks. Record numbers of students have clinical anxiety. And what about depression, loneliness, and suicide? All rising! What do we desperately need to learn? RESILIENCE. And we need to learn it fast. Read *You Are Awesome* to learn: • The single word that keeps your options open after failure • What every commencement speech gets wrong • 3 ways to dramatically accelerate your ability to learn and adapt • The 2-minute morning practice that helps eliminate worry • Why you need an Untouchable Day (and how to get one) • and much, much more... Because the truth is, you really are awesome.

The Awesome Book of Bible Answers for Kids Josh McDowell, Kevin Johnson, 2011-04-01 Kids are curious about Jesus and God and yet, by the time they are teens, the majority stop asking questions about faith and starting questioning faith altogether. Respected Christian apologist Josh McDowell encourages children to stand on the foundation of truth with this contemporary gathering of concise, welcoming answers for kids ages 8 to 12. A fun format includes key Bible verses and pre-teen friendly explorations of topics that matter most to kids: God's love and forgiveness Right and wrong and making choices Jesus, the Holy Spirit, and God's Word Different beliefs and religions Church, prayer, and sharing faith The next time a child asks "Who is God?" parents, grandparents, and church leaders will want this practical and engaging volume handy. Helpful tips and conversation ideas for adults will help them connect with kids hungering for straight talk about faith in Jesus.

*Classic Christianity* Thomas C. Oden, 2009-08-04 For the first time, Thomas Oden's Systematic Theology classic series (individually titled *The Living God*, *The Word of Life*, and *Life in the Spirit*) is available in one complete volume. A renowned theologian, Oden provides a consensus view of the Christian faith, delving deeply into ancient Christian tradition and bringing to the contemporary church the best wisdom from its past. In this magisterial work, Oden tackles the central questions of Christian belief and the nature of the trinity. Written for clergy, Christian educators, religious scholars, and lay readers alike, *Classic Christianity* provides the best synthesis of the whole history of Christian thought. Part one explores the most intriguing questions of the study of God--Does God exist? Does Jesus reveal God? Is God personal, compassionate, free?--and presents answers that reflect the broad

consensus culled from the breadth of the church's teachers. It is rooted deeply and deliberately in scripture but confronts the contemporary mind with the vitality of the Christian tradition. Part two addresses the perplexing Christological issues of whether God became flesh, whether God became Christ, and whether Christ is the source of salvation. Oden details the core beliefs concerning Jesus Christ that have been handed down for the last two hundred decades, namely, who he was, what he did, and what that means for us today. Part three examines how the work of God in creation and redemption is being brought to consummation by the Holy Spirit in persons, through communities, and in the fullness of human destiny. Oden's magisterial study not only treats the traditional elements of systematical theology but also highlights the foundational exegetes throughout history. Covering the ecumenical councils and early synods; the great teachers of the Eastern church tradition, including Athanasius and John Chrysostom; and the prominent Western figures such as Augustine, Ambrose, Thomas Aquinas, Martin Luther, and John Calvin, this book offers the reader the fullest understanding of the Christian faith available.

**On Being Awesome** Nick Riggle, 2017-09-19 In this lively treatise, pro-skater-turned-philosopher Nick Riggle presents a theory of awesomeness (and its opposite, suckiness) that's both sharply illuminating and more timely than ever "Nick Riggle's fun book is 'awesome' by its own definition. But don't miss its profound ambition, which is to show how philosophy unearths the structure of ordinary language, defines the meaning of life in routine business, and poses the question of how best to live." –Aaron James, author of *Assholes: A Theory* We all know people who are awesome and people who suck, but what do we really mean by these terms? Have you ever been chill or game? Do you rock or rule? If so, then you're tapped into the ethics of awesomeness. Awesome people excel at creating social openings that encourage expressions of individuality and create community. And if you're a cheapskate, self-promoter, killjoy, or douchebag, you're the type of person who shuts social openings down. Put more simply: You suck. From street art to folk singers, Proust to the great etiquette writer Emily Post, President Obama to former Los Angeles Dodger Glenn Burke, Riggle draws on pop culture, politics, history, and sports to explore the origins of awesome, and delves into the nuances of what it means to suck and why it's so important to strive for awesomeness. An accessible and entertaining lens for navigating the ethics of our time, *On Being Awesome* provides a new and inspiring framework for understanding ourselves and creating meaningful connections in our everyday lives.
