Wicca Elemental Magic Lisa Chamberlain, 2014-10-22 Everything You Need to Know About Working with the Magic of the Elements For thousands of years, our ancestors believed that the Elements – Earth, Air, Fire, and Water – were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest particular outcomes. This belief grew and evolved over time as part of the Western Mystery Tradition, a body of beliefs that has had significant influence on the dynamic nature-based religion known as Wicca. Through ritual and magic, Wiccans interact with the primal forces of the Elements in a variety of ways, calling upon them for assistance in the transformation of their realities just as the earliest shamans did in the ancient world. You may already be aware of some aspects of how the Elements figure into Wiccan practice. For example, you may know that each is represented by different ritual tools—the pentacle for Earth, the wand for Air, the cup for Water and the athame for Fire. But did you know that the psychic energies of each Element are found within each and every person on the planet? Or that by connecting spiritually with a particular Element you can help address an imbalance in your life? And let's not forget the all-important Fifth Element, known in many traditions as Akasha, or simply Spirit, which contains the other four and yet is an Element in its own right. But if all of the above is news to you, don't worry—it really doesn't matter how much you've learned so far about Wicca or the Elements. Elemental Magic was created for both beginners and more experienced Witches alike. In this guide, best-selling author Lisa Chamberlain covers it all: the basics of incorporating the Elements into your rituals, as well as less-often discussed topics like animism, Elemental personalities, and using these forces of nature to help you enhance your magical perception. Indeed, as you will see, an Element-centered practice is a rich and rewarding way to deepen your connection to the Goddess and God, to Nature, the Universe, or whatever terms your particular belief system ascribes to the power of All That Is. Foundations of Elemental Magic In order to truly grasp the underlying concepts behind working with the Elements, it's important to learn how these components—Earth, Air, Fire, Water and Spirit—came to be defined in Western magical traditions. You'll also need a close look at each individual Element to understand its inherent properties and its potential to transform your magical practice. You'll find all of this in Elemental Magic and much more: Our earliest civilizations' understandings of the Elements and their relationship to magic How recent scientific observations reflect these ancient concepts The core magical properties of each Element: Earth, Air, Fire, Water and Spirit, and how we are personally influenced by these energies Ways of attuning with individual Elements for enhanced living and magical practice Elemental relationships with deities, elemental beings, and spirit animals An overview of Wiccan ritual with a focus on the Elements, including altar layout, casting the circle, and calling the quarters Techniques and magical practices for working with individual Elements Spells, rituals and charms focused on each individual Element In addition,

you'll find tables of correspondence covering the magical properties of each Element, as well as associated colors, spell ingredients, ritual tools and more at the end of the guide. Elemental Magic will be a treasured reference, magical guide, and springboard for you to make your own discoveries about the power of the Elements and the magic they have to offer. Stitches and Witches Nancy Warren, 2019-01-05 Dropping stitches and catching killers When an older gentleman keels over in his scones and tea at the Elderflower Tea Shop in Oxford—a victim of poison—Lucy Swift and her band of undead amateur detectives are on the case. Elderflower Tea Shop is next door to Cardinal Woolsey's, the yarn shop Lucy runs and home to the late-night Vampire Knitting Club. But murder isn't the only issue troubling the Miss Watts. A man has come between them. Miss Florence Watt is being romanced by an old flame, one Mary Watt distrusts. In between figuring out who, among his many enemies, might have poisoned the unpleasant Colonel Montague, Lucy's trying to brush up on her magic spells before the Wiccan potluck dinner her witchy cousin insists she attend. However, she's still settling into being a witch and since she botched a spell and blew up her kitchen, she's taking the magic slowly. Her knitting endeavors aren't much better. Between purling when she should knit and dropping so many stitches her hand-knit scarf looks like it was attacked by giant moths, there are days Lucy thinks she'll pack it all in and move back to Boston. She might, except she'd miss her beloved undead grandmother, her new friends, one very sexy vampire and a local detective who is very much alive. Italy's Witches and Medicine Women Karyn Crisis, 2017-10-09 Karyn Crisis has been able to sense the unseen world of passed-on relatives, angels, and ghosts since childhood. Training as a Spiritualist Medium as an adult, she became a popular platform Medium and healer in the San Francisco Bay Area. In 2009, she took a fateful trip to Italy's Tuscany Region, which would have a lasting impact far beyond what she could have ever imagined: Goddesses from Italy's history suddenly began appearing to Karyn as clearly as other spirit people had, and they began transmitting to her the information of a most interesting cultural melting pot in Italy that gave rise to its unique and complex spiritual landscape. Among the information shared was the knowledge of Italy's own indigenous Lineage healing, a female shamanism hiding in-plain-sight that can be traced back to pre-pagan times. One thing was clear: Mediumship was and is the cornerstone of all these traditions by advancing the quality of life through

previously hidden knowledge from the spirit world handed down to earth. Following the guidance of the Goddesses, Karyn returned to Italy where she embarked on a long and intensive research study. Taking cures from streghe, meeting herbalists on mountain tops, experiencing a 6 hour ancestral fire ritual with secret shaman called Benandanti, interviewing local authors and museum curators and folk lore experts, and walking on the remains of the Goddess Diana's 2,000 year old temple, Karyn found the historical evidence to support what the Goddesses had shown her in visions. Volume 1 also provides a comprehensive spiritual history of the Italian Witch and reveals an important matrilineal living practice supplanted by the patriarchal invasions of pre-pagan times, whose acts of repression still affect the world today, revealing a groundbreaking history of women. Also find practical tips to reconnect with this female Lineage.

She is kidnapped by doctors who claim she's sick but it's only a matter of time before it's her turn to die. A diverse band of outlaws from every corner of the globe represent the only hope of resistance. Kenyen, a young doctor, infiltrates to the heart of the oppression but he can't stop the terror. He just wants to save one life. In the process he uncovers the Seed, the first flicker of hope in a thousand years.
