Mobile Communication in Everyday Life Joachim Höflich, Maren Hartmann, 2006-05-03 The mobile phone has become an integral part of our everyday life communication – in this sense a domestication of a ‘nomadic’ medium has taken place. For the very reason that the telephone has left its fixed home environment, it requires us to take an ‘ethnographic view’ in describing both this development and the changes taking place therein. Mobile Communication in Everyday Life takes a closer look at the mobile phone as an object of inquiry in the tradition of the so-called media ethnography. Consequently, the benefits and limitations of such research designs are the focus of the book. Some contributions focus on the tension between private and public communication, others on cultural dimensions. Overall, the book presents a range of the most up-to-date research in the field of mobile communication.

Islam and Gender Ziba Mir-Hosseini, 2021-05-11 Following the Islamic Revolution of 1979 and the re-introduction of Sharica law relating to gender and the family, women's rights in Iran suffered a major setback. However, as the implementers of the law have faced the social realities of women's lives and aspirations, positive changes have gradually come about. Here Ziba Mir-Hosseini takes us to the heart of the growing debates concerning the ways in which justice for women should be achieved. Through a series of lively interviews with clerics in the Iranian religious center of Qom, she seeks to understand the varying notions of gender that inform Islamic jurisprudence and to explore how clerics today perpetuate and modify these notions. Mir-Hosseini finds three main approaches to the issue: insistence on traditional patriarchal interpretations based on complementarity but inequality between women and men; attempts to introduce balance into traditional interpretations; or a radical rethinking of the jurisprudential constructions of gender. She introduces the debates among the commentators by examining key passages in both written and oral texts and by narrating her meetings and discussions with the authors. Unique in its approach and its subject matter, the book relates Mir-Hosseini's engagement, as a Muslim woman and a social anthropologist educated and working in the West, with Shii'i Muslim thinkers of various backgrounds and views. In the literature on women in Islam, there is no account of such a face-to-face encounter, either between religion and gender politics or between the two genders.

The Fool's Best Joke Book Volume 1 Neil Hutchison, 2014-03-28 Welcome to the world of humour. What makes human beings laugh can be broadly defined under three headings: someone else's misfortune, someone else's misunderstanding or someone else's stupidity. The keywords here are someone else's because, let's face it, most silly things are much funnier when they happen to someone else. Neil Hutchison, creator of The Fool in Paradise, has collected thousands of jokes, then catalogued and listed them in this first volume of the Fool's Best Jokes. Now the many fans of the Fool will not have to be told that the jokes will veer away from political correctness until they are travelling in the absolute opposite direction. Now, if you have never read any of the many books about the Fool be prepared to be shocked. This book is not recommended to be read in situations where others may report you for laughing and talking to yourself. It's not recommended for those of a more liberal bent, be it feminism or any other trendy ism. The author refuses to take responsibility for any medical problems that this book may engender in readers. Life is ShortBreak the Rules Forgive Quickly Love Truly Laugh Uncontrollably ... and ... Never Regret Anything That Made You Smile

Without Precedent Anna R. Hayes, 2009-06-01 The first woman judge in the state of North Carolina and the first woman in the United States to be elected chief justice of a state supreme court, Susie Marshall Sharp (1907-1996) broke new ground for women in the legal profession. When she retired in 1979, she left a legacy burnished by her tireless pursuit of lucidity in the law, honesty in judges, and humane conditions in prisons. Anna Hayes presents Sharp's career as an attorney, distinguished judge, and politician within the context of the social mores, the legal profession, and the political battles of her day, illuminated by a careful and revealing examination of Sharp's family background, private life, and personality. Judge Sharp was viewed by contemporaries as the quintessential spinster, who had sacrificed marriage and family life for a successful career. The letters and journals she wrote throughout her life, however, reveal that Sharp led a rich private life in which her love affairs occupied a major place, unsuspected by the public or even her closest friends and family. With unrestricted access to Sharp's abundant journals, papers, and notes, Anna Hayes uncovers the story of a brilliant woman who transcended the limits of her times, who opened the way for women who followed her, and who improved the quality of justice for the citizens of her state. Without Precedent also tells the story of a complicated woman, at once deeply conservative and startlingly modern, whose intriguing self-contradictions reflect the complexity of human nature.
