Vesper Flights Helen Macdonald, 2020-08-25 The New York Times–bestselling author of *H is for Hawk* explores the human relationship to the natural world in this “dazzling” essay collection (Wall Street Journal). In *Vesper Flights*, Helen Macdonald brings together a collection of her best loved essays, along with new pieces on topics ranging from nostalgia for a vanishing countryside to the tribulations of farming ostriches to her own private vespers while trying to fall asleep. Meditating on notions of captivity and freedom, immigration and flight, Helen invites us into her most intimate experiences: observing the massive migration of songbirds from the top of the Empire State Building, watching tens of thousands of cranes in Hungary, seeking the last golden orioles in Suffolk’s poplar forests. She writes with heart-tugging clarity about wild boar, swifts, mushroom hunting, migraines, the strangeness of birds’ nests, and the unexpected guidance and comfort we find when watching wildlife.

The Humane Gardener Nancy Lawson, 2017-04-18 In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. *The Humane Gardener* fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

Lawns into Meadows Owen Wormser, 2020-07-02 In *Lawns Into Meadows*, landscape designer Owen Wormser makes a case for the power and generosity of meadows. In a world where lawns have wreaked havoc on our natural ecosystems, meadows offer a compelling solution. They establish wildlife and pollinator habitats. They’re low-maintenance and low-cost. They have a built-in resilience that helps them weather climate extremes, and they can draw down and store far more carbon dioxide than any manicured lawn. They’re also beautiful, all year round. Owen describes how to plant an organic meadow that’s right for your site, whether it’s a yard, community garden, or tired city lot. He shares advice on preparing your plot, coming up with the right design, and planting—all without using synthetic chemicals. He passes along tips on building support in neighborhoods where a tidy lawn is the standard. Owen also profiles twenty-one starter grasses and flowers for beginning meadow-makers, and offers guidance on how to grow each one. To illuminate the many joys of meadow-building, Owen draws on his own stories, including how growing up off the grid in northern Maine, with no electricity or plumbing, prepared him for his work. The book, part how-to guide and part memoir, is for environmentalists and climate activists, gardeners and non-gardeners alike. *Lawns Into Meadows* is part of Stone Pier Press’s Citizen Gardening series, which teaches readers how to grow food and garden in ways that are good for the planet.

A wonderful fast-paced read.” –Urban Waite, author of *The Terror of Living* As a powerful winter blizzard converges on a small Pennsylvania town, a local woman is found brutally murdered. All evidence points to Danny Bedford, the town outcast, when he is discovered cradling the bloody body. Danny manages to escape into the darkened woods, but he is pursued by the vindictive deputy sheriff, the victim's brothers, and distraught townspeople demanding justice. During the freezing night that follows, an intricate web of lies is uncovered, revealing that not everything in the town is quite what it seems, which sets off an unstoppable chain of events that changes the townspeople forever.
