*Road Out of Winter* Alison Stine, 2020-09-01 A teenage girl treks across a dangerous, frozen nation to reunite with her family in this Philip K. Dick Award-winning apocalyptic thriller. Wylodine comes from a world of paranoia and poverty. Her family grows marijuana illegally in order to survive. But now she's been left behind in Ohio to tend the crop alone. Then spring doesn't return for the second year in a row, bringing unprecedented, extreme winter. With grow lights stashed in her truck and a pouch of precious seeds, Wil begins a journey to join her family in California. But the icy roads and strangers hidden in the hills are treacherous. Gathering a small group of exiles on her way, she becomes the target of a volatile cult leader. Because she has the most valuable skill in the climate chaos: she can make things grow. *Road Out of Winter* offers a glimpse into an all-too-possible near future, with a chosen family forged in the face of dystopian collapse. Alison Stine's acclaimed debut "blends a rural thriller and speculative realism into what could be called dystopian noir" (Library Journal, starred review).

**Kursk** Peter Truscott, 2003-10-07 A gripping account of the Russian Navy's greatest peace-time disaster, the sinking of the nuclear submarine Kursk. On August 12, 2000, the Russian Navy experienced a devastating catastrophe as the nuclear-powered Kursk submarine, manned by a 118-member crew, sank to the bottom of the Barents Sea. Peter Truscott examines Russia's failure to respond to the crisis and explains this tragedy in Kursk, providing countless interviews with relatives of the crew and experts. The result is a fascinating, vivid recreation of the terrible final hours of the crew as they waited in vain for rescue--an illustration of human courage, human failing, and the tragic repercussions.

**Ottawa Valley Ancestry: A Dempsey Family History** Gary T. Dempsey,

Winter Pasture Li Juan, 2021-02-23 Named one of The Washington Post's Best Travel Books of 2021. *Winter Pasture* is Li Juan's crowning achievement, shattering the boundaries between nature writing and personal memoir. —Smithsonian Magazine Li Juan spent minus-20-degree nights with nomadic herders in the Chinese steppes. You'll want to join her. —Laura Miller, Slate Deeply moving...full of humor, introspection and glimpses into a vanishing lifestyle. —The New York Times Book Review Winner of the People's Literature Award, *WINTER PASTURE* has been a bestselling book in China for several years. Li Juan has been widely lauded in the international literary community for her unique contribution to the narrative non-fiction genre. *WINTER PASTURE* is her crowning achievement, shattering the boundaries between nature writing and personal memoir. Li Juan and her mother own a small convenience store in the Altai Mountains in Northwestern China, where she writes about her life among grasslands and snowy peaks. To her neighbors' surprise, Li decides to join a family of Kazakh herders as they take their 30 boisterous camels, 500 sheep and over 100 cattle and horses to pasture for the winter. The so-called winter pasture occurs in a remote region that stretches from the Ulungur River to the Heavenly Mountains. As she journeys across the vast, seemingly endless sand dunes, she helps herd sheep, rides horses, chases after camels, builds an underground home using manure, gathers snow for water, and more. With a keen eye for the understated elegance of the natural world, and a healthy dose of self-deprecating humor, Li vividly captures both the extraordinary hardships and the ordinary preoccupations of the day-to-day of the men and women struggling to get by in this desolate landscape. Her companions include Cuma, the often drunk but mostly responsible father; his teenage daughter, Kama, who feels the burden of the world on her shoulders and dreams of going to college; his reticent wife, a paragon of decorum against all odds, who is simply known as sister-in-law. In bringing this faraway world to English language readers here for the first time, Li creates an intimate bond with the rugged

people, the remote places and the nomadic lifestyle. In the signature style that made her an international sensation, Li Juan transcends the travel memoir genre to deliver an indelible and immersive reading experience on every page.

**Vibrations** David Amram, 2015-12-03 David Amram has played and rambled and galloped and staggered through a remarkably broad sweep of American life, experience, and creative struggle. The Boston Globe has described him as the Renaissance man of American Music. Amram and Jack Kerouac collaborated on the first-ever jazz poetry reading in New York City in 1957 as well as the subsequent legendary film Pull My Daisy in 1959, combining Amram's music with Kerouac's narration. Amram, honored as the first Composer-in-Residence of the New York Philharmonic, has composed more than 100 orchestral and chamber works, written two operas, and has collaborated with Leonard Bernstein, Dizzy Gillespie, Lionel Hampton, Charles Mingus, Dustin Hoffman, Thelonious Monk, Willie Nelson, Nancy Griffith, Johnny Depp, and more. Vibrations is the story of one boy's adventures growing up on a farm in Pennsylvania, working odd jobs, misfitting in the U.S. Army, barnstorming through Europe with the famous Seventh Army Symphony, exiling in Paris, scuffling on the Lower East Side, day-laboring-often down but never out-finally emerging as a major musical force. With its stage-setting foreword by Douglas Brinkley and a new afterword by Kerouac biographer Audrey Sprenger, this new edition is not to be missed.

Healthy Living in the Alps Susan Barton, 2008 The history of sanatoria and of winter sports between 1860 and 1914 is told in this comparative study which examines the relationship between the search for relief from respiratory diseases, such as tuberculosis, in five high alpine resorts and the development in the same places of winter sports tourism. Four out of these five resorts owed much of their initial fame to their reputation as health centres: Davos, St Moritz, Arosa and Leysin. The fifth, Grindelwald, was already famous as a summer mountaineering centre. The first winter visitors to the Swiss Alps began to arrive in the 1860s and in the first four centres they were health seekers, many of whom were encouraged to take outdoor exercise as part of their cure regime. They also had healthy visitors and companions who sought recreation while the invalids were resting as part of the sanatoria routine. Demonstrating that this is not just part of the history of Switzerland but of Britain too, biographical backgrounds of British visitors to the resorts give depth and context to a history of health and winter sports tourism by looking at the kind of people who would spend several months of the year in the Alps. A discussion of the application of modern technologies creates an overall view of the growth of health and sports tourism in Switzerland.--BOOK JACKET.

**Women at Work in Preindustrial France** Daryl M. Hafter, 2007-04-24 The subject of women as skilled workers in the eighteenth century is central to our understanding of the history of work and technology in the preindustrial age. While recent scholarship has dispelled the notion that women did not enter the workforce until the Industrial Revolution, debate continues as to the extent to which women actually participated in skilled work in the preceding decades. This book draws upon substantial archival research in Rouen, Lyon, and Paris to show that while the vast majority of working women in eighteenth-century France labored at unskilled, low-paying jobs, it was not at all unusual for women to be actively engaged in economic activities as workers, managers, and merchants. Some even developed vertically integrated wholesale and retail businesses, while others became indispensable to manufacturers through their technical skill. In fact, Hafter documents how certain women guild masters were able to exploit the legal system to achieve considerable economic independence, power, wealth, and legal parity with male masters. She also shows how gender politics complicated the day-to-day experience of these working women.

**Absolute War** Chris Bellamy, 2008-11-26 In *Absolute War*, acclaimed historian and journalist Chris Bellamy crafts the first full account since the fall of the Soviet Union of World War II's battle on the Eastern Front, one of the deadliest conflicts in history. The conflict on the Eastern Front, fought between the Soviet Union and Nazi Germany between 1941 and 1945, was the greatest, most costly, and most brutal conflict on land in human history. It was arguably the single most decisive factor of the war, and shaped the postwar world as we know it. In this magisterial work, Bellamy outlines the lead-up to the war, in which the fragile alliance between the two dictators was unceremoniously broken, and examines its far-reaching consequences, arguing that the cost of victory was ultimately too much for the Soviet Union to bear. With breadth of scope and a surfeit of new information, this is the definitive history of a conflict whose reverberations are still felt today.

**Pages of Life** Angelika Siska, 2017-06-29 The author has kept a diary of her daily activities for a year, often interspersed with memories and retrospection. This is the backdrop to a fascinating insight into her life, structured by her annual travels from the Allgaeu in Germany via Iceland and Kentucky to her winter residence in the Bahamas and then onwards to the North German Coast in the spring. The book is also a family portrait starting with the consequences of the First World War and leading to the present day. The diary offers descriptions of the painter's artistic process as well as impressions of nature and landscape from Kentucky, the Bahamas, Iceland and the other places the author inhabits throughout the year. It tells about important friendships and family relationships that are kept alive despite long distances. The author shares her thoughts on the politics of the day as well as historical background of the different countries visited. This includes, for example, the eruption of Eyjafjallajökull in Iceland, which her daughter witnessed from her kitchen window. Presented in an enjoyable way, all these experiences, contemporary and past alike, result in a rich image of family history and, last but not least, provide a segment of German history.

**Winter's Light: A Winter Adams Novel 2** M. J. Hearle, 2012-05-01 Blake is gone. He sacrificed himself to save Winter, leaving her alone, unprotected... hunted. An ancient enemy is rising, but Winter is no longer the innocent

girl who was fated to die at Pilgrim's Lament. She will not wait to be saved. She will do what she must to survive, even accept an unsavoury alliance with those who destroyed her love. In the gathering darkness, the enemy of an enemy is not always a friend, and Winter must find the strength to stand alone and fight for the one she loves. For she is the key to unlocking the secrets beyond the veil of shadows. And she is Blake's only hope.

Beyond the Barrier Eugene Rodgers, 2012-04-15 When this book originally appeared in 1990, it was hailed as an important new work because of the author's access to Adm. Richard E. Byrd's just-released private papers. Previous books on the legendary polar explorer had to rely on sources subject to the admiral's vigilant censorship or the control of his heirs and friends. With this study Eugene Rodgers provides a scrupulously honest and objective account of Byrd's 1929 expedition to Antarctica. Without discrediting the expedition's success or Byrd's leadership, Rodgers shows that the admiral was not the saintly hero he and the press depicted. Nor was the expedition without its problems. Interviews with surviving members of the expedition together with a wealth of other new material indicate that Byrd, contrary to his claims, was not a good navigator--his pilots usually had to find their way by dead reckoning--and that he was not on the actual flight that discovered Marie Byrd Land. The book further reveals a crisis over drunkenness among the men (including Byrd), the admiral's fear of mutiny, and his rewriting of news stories from the pole to embellish his own image.
