The Wish Room Christopher Bloodworth, 2016-03-20 What lies behind the locked closet door? This question consumes Harold Withers as he and his wife Nora attempt to bury the ghosts of past tensions in their new house. While Harold obsesses over opening the locked door in his study, Nora yearns for the child and the new attempt at life Harold promised to deliver. What lies behind the locked door has other plans though. When Nora finally realizes that there is only one way to ensure she gets what she wants, she takes matters into her own hands. As the lies stack up between the married couple and the abuse continues, the closet door opens to reveal what can only be called... The Wish Room. ----- The Wish Room is an offshoot of a series of psychological suspense and horror thrillers in which Christopher Bloodworth delves into the dark and hidden places of broken relationships. Q. Why do some of your novels focus on abusive relationships? A. I've always enjoyed fiction that explores our darkest thoughts and potential capabilities. I believe that normal human beings can be capable of absolute wickedness as well as absolute kindness. Q. Is The Wish Room part of a series, and if so, what other titles are part of the series? A. The Wish Room is an offshoot of a collection of psychological suspense horrors that aren't connected by anything other than the existence of a Wish Room in both. My novel Handbook for a Teenage Antichrist is about a high school senior that falls in love with the intimidating, new girl at his school while his body begins to twist and fill with a new, dark power. There will be two other books in that series coming soon. Q. Do you only write psychological suspense horrors? A. No. I have 2 urban fantasy series coming soon, which are more thriller than psychological - although I suspect there will be an element of horror in there somewhere.

Happily Ever After Gary Chapman,2011-12-09 "My husband and I can't seem to agree on anything!" "You spent how much!?!!" "My wife's parents are driving me crazy!" "You never listen to me!" Let's face it—even the best of marriages hit an occasional bump in the road now and then. The secret to marital bliss lies in how you and your spouse handle those bumps. In *Happily Ever After*, Gary Chapman, the man "who wrote the book" on how to communicate with your spouse, shows couples how to successfully navigate the six most common problems that couples face: fighting fair, negotiating change, managing money, getting along with your in-laws, raising kids, and maintaining a healthy sex life. Drawing on more than 30 years of counseling experience, Dr. Chapman provides real-world examples and practical, battle-tested advice that will help you and your spouse better understand and communicate with each other as well as grow as a couple for many years to come.

Your Wish Is My Command Donna Kauffman,2009-06-10 For every soul there is one true mate. So says Sebastien Valentin, a former privateer destined to spend eternity bringing soul mates together. Hexed by a voodoo priestess nearly two centuries ago, he is summoned by anyone who unsheathes the Sword of Hearts.... Former powerboat racing champion Jamie Sullivan has seen enough of the world that she doesn't believe in happy endings. And she certainly doesn't believe in the costumed pirate who appears after she draws the antique sword she discovers in her attic—or his claim that he will match three people with their soul mates. And the third will be Jamie herself... .A notorious rake whose resistance to love sealed his fate, Sebastien has a surprising gift for pairing lovers for a lifetime. He introduces Jamie's two closest friends to the happiness only true love brings. But when it comes time to find a union for the unique spirit he has discovered in Jamie Sullivan, Sebastien cannot imagine this fiery woman with anyone ... but himself. Can he break the curse that binds him? Or will he at long last lose his heart ... only to lose the woman he loves?

**I Wish I Would've** Aynoit Ashor,2011-03-20 A lifetime of familial craziness boils over when she goes on a quest to uncover the truth. On a trip to visit her G-Pa she quickly finds out her childhood memories are not as warm and fuzzy as she thought. Now she's living a life darker than anyone's most horrific nightmare. Will her mom save her from her new life in human trafficking? ~~~~~ Human traffickers lure and ensnare individuals into labor trafficking and sex trafficking situations using methods of control such as force, fraud, or coercion. **Black & Decker Build Your Own Custom Closet** Gillett Cole,2007-08-15 There's almost nothing in the modern home that can delight us more than an intelligently organized, nicely featured closet-a place where things are organized in pleasing geometry, here we can find and retrieve that perfect tie or that just-right sweater, instantly. And there's nothing more disheartening and irritating than that murky closet from the netherworld, where boxes tumble down on our heads whenever the door opens, where the sheer clutter makes it impossible to identify what's inside, much less retrieve the item you need. Consumer desperation is why entire companies have sprung up devoted to closet organizing-it's the reason homeowners sometimes spend literally thousands of dollars to have a custom closet organizer designed and installed. Or, they can buy this book and do it themselves for a fraction of the cost. Today, virtually all the materials and hardware used by custom closet fabricators is available to consumers on the racks of home centers and hardware stores. *Build Your Own Custom Closet* is the first book to show consumers all the inside tips on designing a custom closet, and how to install it using materials they can buy themselves. This is the book that will lift readers from closet purgatory into the heaven of the well-organized closet-without selling their souls.
