*Futile Diplomacy, Volume 4* Neil Caplan, 2015-05-15 This book, first published in 1997, focuses on the Anglo-American cooperation which began during the relatively uneventful years 1953 and 1954, and which led to a covert operation, code-named 'Alpha', which aimed – unsuccessfully – at convincing Egyptian and Israeli leaders to consider a settlement through secret negotiations. As with the other three volumes that make up *Futile Diplomacy*, this volume comprises Dr Caplan's expert in-depth analysis with a wealth of primary source documents, making this a key reference source in the study of the Arab-Israeli conflict.

*Futile Diplomacy: Operation Alpha and the failure of Anglo-American coercive diplomacy in the Arab-Israeli conflict, 1954-1956* Neil Caplan, 1983 These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources ...

**The Failure of American and British Propaganda in the Arab Middle East, 1945-1957** J. Vaughan, 2005-11-29 Using recently declassified sources, this book provides the first detailed analysis of British and American propaganda targeting the countries of the Middle East during the years of increasing international tension and regional instability immediately following the end of the Second World War. Considering British and American propaganda within the framework of the Cold War crusade against Communism and the Soviet Union, and the developing confrontations between Arab nationalism and the West, the book investigates the central questions of Anglo-American partnership and rivalry in the period when primary responsibility for 'policing' the Middle East passed from one to the other.

*Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56* Neil Caplan, 2021-03-04 These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources, providing an essential reference source for the student of the Arab-Israeli conflict and its long history.

**The Lobbying Strategy Handbook** Pat Libby, 2011-07-13 This book teaches students of social work and non-profit management how the government works and what they can do to effect change at the state or local level through lobbying. Social workers are very politically active and this book covers key skills taught in a policy practice course. The centerpiece of the book is a 10-step lobbying process that walks the student through important stages of lobbying. It lays out a clear, 10 point framework that helps students lobby effectively. It also provides a chapter on the 10 point process in action, which displays case examples of student projects from conception to implementation. Following the 10 point process the author also presents chapters on tax aspects of non-profits and the varying structures of such organizations. In addition the author includes chapters on budgeting, evaluation, and hiring and working with a lobbyist.

## Adopting the Song of Phrase: An Emotional Symphony within **115880**

In a world taken by displays and the ceaseless chatter of immediate interaction, the melodic splendor and psychological symphony created by the prepared term often disappear in to the backdrop, eclipsed by the constant sound and disturbances that permeate our lives. However, set within the pages of **115880** a charming literary prize brimming with fresh thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that interesting masterpiece conducts visitors on a psychological trip, well unraveling the concealed tunes and profound influence resonating within each cautiously constructed phrase. Within the depths of this poignant assessment, we will examine the book is main harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
