

Wolf

Natalia Moore

The Return of the Wolf Bill McKibben,2000 Leading naturalists and writers respond to the possible return of the wolf to the Northeast.

Wolves Chris Whitt,2003 Filled with spectacular full-color images of the elusive wolf in its natural habitat, this compelling study provides an up close and personal glimpse into three families. View life through the eyes of these wild creatures as they hunt together for food, defend their territory against intruders, keep peace in their tightly knit group with strict social rules, and care lovingly for their pups, so they will grow up to meet the challenges of their environment. From basic wolf biology, the evolution of the species, and wolf body language to the structure and practical functioning of packs to recent triumphs in wolf conservation, Wolves pairs fascinating information about the species with spectacular full-color images of these elusive animals in their natural habitat.

Comeback Wolves Gary Wockner,Gregory McNamee,SueEllen Campbell,2005 Delves into the spirit of the wolf dilemma through a collection of essays and poems from some of the Rocky Mountain region's most prolific writers. Authors such as Susan J. Tweit, Craig Childs, Pam Houston, John Nichols, Kent Nelson, Rick Bass, Stephen Trimble, and Laura Pritchett have contributed works specifically written for this compilation, which creates a forum for writers to voice their opinions, hopes, and concerns for the reintroduction of wolves in Colorado. Forward by Mark Udall, U.S. Representative, Colorado's 2nd Congressional District.

Wolf Wanted Ana Maria Machado,2010 A human named Manny Wolf answers a job application that says Wolf wanted and gets a job answering the applications of the wolves from literature who apply for the job.

Wolf Maureen Greeley,1996 A photographic exploration of the natural history of wolves, discussing their evolution, behavior and habitats, hunting strategies, social structure, and other topics, and considering their often tumultuous relationship with humans.

From Wolf to Woof Hudson Talbott,2016-04-12 Beginning with two orphans--a prehistoric boy and a wolf cub-- imagines how the bond between man and wolf might have formed and looks at how it changed through their shared history as wolves became domesticated and diversified into more than 400 breeds of dog.

Eastern Timber Wolf Recovery Plan United States. Eastern Timber Wolf Recovery Team,1978

Gray Wolves Meish Goldish,2007-08-01 Would wolves ever live in Yellowstone National Park again? The animals had once roamed freely there for thousands of years. Yet by 1926, hunters and ranchers had killed the entire population. The situation seemed hopeless. In 1995, however, scientists had a plan that could change the course of the animal's history. Would it succeed? In Gray Wolves: Return to Yellowstone, children follow the harrowing and heartfelt history of the gray wolf in America. From the animal's once thriving population to its near extinction, children witness the inspiring and heroic efforts of people who stepped in to save this remarkable creature when all seemed lost. Full-color photographs and a habitat map enrich this dramatic story of conservationism and courage.

The Killing of Wolf Number Ten Thomas McNamee,2014-06-03 A killer. A manhunt. The triumph of justice and of the wolf. The greatest event in Yellowstone history. Greater Yellowstone was the last great truly intact ecosystem in the temperate zones of the earth—until, in the 1920s, U.S. government agents exterminated its top predator, the gray wolf. With traps and rifles, even torching pups in their dens, the killing campaign was entirely successful. The howl of the “evil” wolf was heard no more. The “good” animals—elk, deer, bison—proliferated, until they too had to be “managed.” Two decades later, recognizing that ecosystems lacking their keystone predators tend to unravel, the visionary naturalist Aldo Leopold called for the return of the wolf to Yellowstone. It would take another fifty years for his vision to come true. In the early 1990s, as the movement for Yellowstone wolf restoration gained momentum, rage against it grew apace. When at last, in February 1995, fifteen wolves were trapped in Alberta and brought to acclimation pens in Yellowstone, even then legal and political challenges continued. There was also a lot of talk in the bars about “shoot, shovel, and shut up.” While the wolves’ enemies worked to return them to Canada, the biologists in charge of the project feared that the wolves might well return on their own. Once they were released, two packs remained in the national park, but one bore only one pup and the other none. The other, comprising Wolves Nine and Ten and Nine’s yearling daughter, disappeared. They were in fact heading home. As they emerged from protected federal land, an unemployed ne’er-do-well from Red Lodge, Montana, trained a high-powered rifle on Wolf Number Ten and shot him through the chest. Number Nine dug a den next to the body of her mate, and gave birth to eight pups. The story of their rescue and the manhunt for the killer is the heart of *The Killing of Wolf Number Ten*. + Read this book, and if you are ever fortunate enough to hear the howling of Yellowstone wolves, you will always think of Wolves Nine and Ten. If you ever see a Yellowstone wolf, chance are it will be carrying their DNA. The restoration of the wolf to Yellowstone is now recognized as one of conservation’s greatest achievements, and Wolves Nine and Ten will always be known as its emblematic heroes.

The Ninemile Wolves Rick Bass,1992 REINTRODUCTION OF WOLVES INTO MONTANA.

The Red Wolf Alvin Silverstein,Virginia B. Silverstein,Robert A. Silverstein,1994 Describes the red wolf and the recovery program that has helped to bring this species back from the brink of extinction.

The Lone Wolf Returns Louis Joseph Vance,1923 The Lone Wolf, an international thief who is expert in dodging the police, is rifling a wall safe when he senses the approach of detectives. Secreting a necklace in a cigarette case, he makes a hasty retreat. In disguise, he climbs to the balcony of another house where a bal masque is in progress and conceals himself in Marcia Mayfair's boudoir. Later he mingles with the guests and dances with Marcia. Lanyard is disclosed as a stranger when detectives force the guests to unmask, but Marcia remains silent while Lanyard replaces the jewels lifted from her bedroom. Lanyard is warned by Detective Crane, who suspects him but has no evidence. A visit to a bohemian resort owned by Morphey, leader of a band of thieves, provokes a heated argument in which Lanyard is threatened; and Marcia and Lanyard barely escape being caught in a raid. Their romance is threatened when Marcia's jewels are again stolen, but Lanyard traps Morphey and his gang and brings them to justice.

Three Among the Wolves Helen Thayer,2004 Three Among the Wolves is a highly readable true-life adventure tale combined with a fascinating natural history of the wolf. Helen and Bill Thayer, accompanied by their part-wolf, mostly Husky dog, Charlie, set out on foot to live among wild wolf packs -- first in the Canadian Yukon and then in the Arctic. They eventually set up camp within 100 feet of a wolf den, and are greeted with apprehension at first. They establish trust over time, because the wolves accept Charlie as the alpha male of the newly arrived pack. The Thayers discover the complexities of wolf family structure, including how pups are reared and how the injured are tenderly cared for. They view the intricacies of the hunt firsthand -- how ravens direct wolves to prey in exchange for carrion -- as well as the wolves' finely honed survival skills and engaging playfulness. Readers observe the ways Helen and Bill model pack behavior and how they address an unforeseen event: the Arctic wolves attempt to lure Charlie to join them.

The Wolf in the Southwest David Earl Brown,1983 A history of the eradication of the Southwestern wolf, drawn from reports of the federal Office of Predatory Animal and Rodent Control, and from accounts of wolf hunters themselves, with information on wolf biology from those who best knew their habits.

People of the Wolf W. Michael Gear,Kathleen O'Neal Gear,1990 Following a vision of a wolf, a valiant dreamer leads a band of prehistoric people across the Bering Strait to settle in an unspoiled and unpopulated American continent

Legend of the White Wolf Terry Spear,2010-02 Award-Winning Author introduces the next installment of her paranormal romance series A 2008 Publishers Weekly Best Book of the Year Award Winner! Night Owl Romance Reader Choice Award for Best Paranormal 2008 In this fourth in Spear's series, Private Eye Cameron MacPherson and Faith O'Mallery are both on quests that lead them into the world of magical wolves... Cameron arrives in the Canadian Arctic to search for his partners in his P.I. business who are late returning from a hunting trip. Faith is there to discover what her father had seen in the same area years earlier that had made him lose touch with reality—man-wolves, he called them. The two tumble into an icy world of enemies bent on destroying the lupus garou kind. As they turn into lupus garou themselves, and bond with the pack that only they can rescue from destruction, Cameron and Faith find their soul mates in each other. PRAISE FOR TERRY SPEARS' SERIES: The vulpine couple's chemistry crackles off the page, but the real strength of the book lies in Spear's depiction of pack power dynamics, as well as in the details of human-wolf interaction. Publishers Weekly A solidly crafted werewolf story, this tale centers on pack problems in a refreshingly straightforward way. Romantic Times, 4-star review Bella and Devlyn's devotion to each other is endearing. Their love scenes sizzle the pages...definitely hot! I look forward to reading more about this author's werewolf tales. Paranormal Romance Reviews A lively read that keeps readers on their feet, and an excellent addition to the serious wolf-lover's library. When it comes to authenticity, this novel truly embodies the Heart of the Wolf. Book Fetish Ms. Spear is a gifted author who brings a unique perspective to the paranormal genre. Fresh Fiction Reviews Chilling suspense and sizzling romance meet in this page-turner. The dark, sexy alpha hero will capture you—body, mind and soul. Nicole North, author of Devil in a Kilt

The Wolf Who Learned to Be Good Natalia Moore,2017-10-01 Wolf is thrilled when he meets a little girl who wants to be his friend, but he has a lot to learn about being nice. Wolf is very big and very bad. But when he meets a delicious-looking girl, she has other ideas. She wants to make Wolf her new friend. But Wolf is going to need more than a makeover to learn to get along with others. Can Wolf learn how to become a good friend—even to tasty humans? This fun and humorous storyline is beautifully reflected in Natalia Moore's charming illustrations.

Never Cry Wolf Farley Mowat,1993-01-01 Hordes of bloodthirsty wolves are slaughtering the arctic caribou, and the government's Wildlife Service assigns naturalist Farely Mowat to investigate. Mowat is dropped alone onto the frozen tundra, where he begins his mission to live among the howling wolf packs and study their waves. Contact with his quarry comes quickly, and Mowat discovers not a den of marauding killers but a courageous family of skillful providers and devoted protectors of their young. As Mowat comes closer to the wolf world, he comes to fear with them on onslaught of bounty hunters and government exterminators out to erase the noble wolf community from the Arctic. Never Cry Wolf is one of the brilliant narratives on the myth and magical world of wild wolves and man's true place among the creatures of nature. We have doomed the wolf not for what it is, but for what we deliberately and mistakenly perceive it to be -- the mythological epitome of a savage, ruthless killer -- which is, in reality, no more than the reflected image of ourself. -- from the new preface to Never Cry Wolf. From the Paperback edition.

The Sea-wolf Jack London,1904

Wolf's Honour Lee Lightner,2008 Following on from events in Sons of Fenris set in the nightmare future of the 41st millennium, can superhuman warrior Ragnar Blackmane redeem his honor and rejoin his battle-brothers?This is the gripping conclusion to the Spear of Russ story arc, a popular Sace Wolf series.

When somebody should go to the books stores, search initiation by shop, shelf by shelf, it is in fact problematic. This is why we provide the book compilations in this website. It will certainly ease you to see guide **Wolf** as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best place within net connections. If you wish to download and install the Wolf, it is no question simple then, past currently we extend the belong to to buy and make bargains to download and install Wolf thus simple!
