The Art of the Personal Letter Margaret Shepherd, Sharon Hogan, 2008-09-16 When was the last time you wrote a letter? Or received one in the mail? These days, it's so easy to dash off a quick e-mail or text message or make a cell- phone call while you're on the run that you may rarely make time for letter writing. But letters are a time-honored form of connection that simply cannot be equaled or replaced by faster methods of communication. The Art of the Personal Letter reclaims this lost art, giving you the gift of leisurely expression and allowing you to write beautiful, enduring letters to the people you care about—be it by hand or on a computer. For any occasion—whether you're reaching out to connect with a long-lost friend or you want to express condolences with grace—author Margaret Shepherd gives you both the inspiration and the tools to write a memorable and meaningful letter that will be cherished by its recipient for years. Filled with marvelous examples of common types of letters, The Art of the Personal Letter provides helpful guidelines to enhance your unique voice and inspire you to start that holiday letter or difficult letter of apology. From choosing just the right words, the right stationery, and even the right pen or font, you'll learn everything you need to know about the timeless art of the personal letter.

Romanticism, Sincerity and Authenticity T. Milnes, K. Sinanan, 2010-08-11 The categories of authenticity and sincerity, treated sceptically since the early twentieth century, remain indispensable for the study of Romantic literature and culture. This book, focusing on authors including Wordsworth, Macpherson and Austen, highlights their complexities, showing how they can become meaningful to current critical debates.

Byron and Romanticism Jerome McGann, 2002-08-15 Publisher Description

The Poetics of Sensibility Jerome J. McGann, 1998 The Poetics of Sensibility takes as its prime aim the neglected poetry, principally by women, which qualifies as either poetry of sensibility or poetry of sentiment.

Fingal, an Ancient Epic Poem, in Six Books: Together with Several Other Poems, Composed by Ossian, the Son of Fingal, 1762

Romanticism and Improvisation, 1750-1850 Angela Esterhammer, 2008-08-07 Angela Esterhammer explores how the professional practice of improvisation contributes to Romantic ideas and explores poetic improvisation in nineteenth-century fiction.

Scars of the Spirit Dr. Geoffrey Hartman, 2015-11-17 In this fascinating collection of essays, noted cultural critic Geoffrey Hartman raises the essential question of where we can find the real or authentic in today's world, and how this affects the way we can understand our human predicament. Hartman explores such issues as the fantasy of total and perfect information available on the Internet, the biographical excesses of tell-all daytime talk shows, and how we can understand what is true in biographical and testimonial writing. And, what, he asks, is the ethical point of all this personal testimony? What has it really taught us? Underlying the entire book is a question of how the Holocaust has shaped the possibilities for truth and for the writing of an authentic life story in today's world, and how we can approach the world in a meaningful way. Hartman produces a meditation on how an appreciation of the aesthetic qualities of art and writing may help us to answer these questions of meaning.

The Politics of Sensibility Markman Ellis, 2004-07-29 The sentimental novel has long been noted for its liberal and humanitarian interests, but also for its predilection for refined feeling, the privilege it accords emotion over reason, and its preference for the private over the public sphere. In The Politics of Sensibility, however, Markman Ellis argues that sentimental fiction also consciously participated in some of the most keenly contested public controversies of the late eighteenth century, including the emergence of anti-slavery opinion, discourse on the morality of commerce, and the movement for the reformation of prostitutes. By investigating the significance of political material in the fictional text, and by exploring the ways in which the novels themselves take part in historical disputes, Ellis shows that the sentimental novel was a political tool of considerable cultural significance.

Romancing Jane Austen A. Tauchert, 2005-12-16 We celebrate Jane Austen as the mother of the English realist novel, but have you ever wondered why she insists on giving her mature heroines the 'perfect happiness' that can only be realized in the romance? Romancing Jane Austen asks the reader to consider Austen's happy endings as a 'prophetic' rather than merely 'illusory' answer to the contradiction that feminine subjectivity represents for history. A happy ending for the feminine subject? But that would be against all the empirical odds...

The Truth about Romanticism Tim Milnes, 2010-06-03 How have our conceptions of truth been shaped by romantic literature? This question lies at the heart of this examination of the concept of truth both in romantic writing and in modern criticism. The romantic idea of truth has long been depicted as aesthetic, imaginative and ideal. Tim Milnes challenges this picture, demonstrating a pragmatic strain in the writing of Keats, Shelley and Coleridge in particular, that bears a close resemblance to the theories of modern pragmatist thinkers such as Donald Davidson and Jürgen Habermas. Romantic pragmatism, Milnes argues, was in turn influenced by recent developments within linguistic empiricism. This book will be of interest to readers of romantic literature, but also to philosophers, literary theorists, and intellectual historians.

Wordsworth's Poetry 1787-1814 Geoffrey Hartman, 2015-01-01 The drama of consciousness and maturation in the growth of a poet's mind is traced from Wordsworth's earliest poems to The Excursion of 1814. Mr. Hartman follows Wordsworth's growth into self-consciousness, his realization of the autonomy of the spirit, and his turning back to nature. The apocalyptic bias is brought out, perhaps for the first time since Bradley's Oxford Lectures, and without slighting in any way his greatness as a nature poet. Rather, a dialectical relation is established between his visionary temper and the slow and vacillating growth of the humanized or sympathetic imagination. Mr. Hartman presents a phenomenology of the mind with important bearings on the Romantic movement as a whole and as confirmation of Wordsworth's crucial position in the history of English poetry. Mr. Hartman is professor of English and comparative literature at the University of Iowa. A most distinguished book, subtle, penetrating, profound.—Rene Wellek. If it is the purpose of criticism to illuminate, to evaluate, and to send the reader back to the text for a fresh reading, Hartman has succeeded in establishing the grounds for such a renewal of appreciation of Wordsworth.—Donald Weeks, Journal of Aesthetics and Art Criticism.

The Making of the Modern Self Dror Wahrman, Ruth N Halls Professor of History Dror Wahrman, 2004-01-01 Wahrman argues that toward the end of the 18th century there was a radical change in notions of self & personal identity - a sudden transformation that was a revolution in the understanding of selfhood & of identity categories including race, gender, & class.

Ossian and Ossianism Dafydd Moore, 2004-07 James Macpherson's The Poems of Ossian (1760-1763) were one of the publishing sensations of the eighteenth century. Macpherson's supposed discovery of the epic poet Ossian in the Scottish Highlands provoked fascination and controversy in equal measure. His vision of a romantic Celtic past of melancholy heroes and mournful bards made an immediate impact on all aspects of

eighteenth-century culture across Europe and influenced at least two generations of poets, novelists, painters and composers. Many of the most important documents of the Ossian phenomenon have hitherto only been accessible in a handful of British research libraries. This collection brings these documents for the first time to a wider audience. Other titles available in this series include, Shakespeare Imitations, Parodies and Forgeries (May 2004, 3 volumes, £350) and Romanticism and Science (2002, 5 volumes, £550).

Fictions and Fakes Margaret Russett, 2006-02-02 British Romantic literature descends from a line of impostors, forgers and frauds. Through a series of case-studies - beginning with the golden age of forgery in the late eighteenth century and continuing through canonical Romanticism and its aftermath - Margaret Russett demonstrates how Romantic writers distinguished their fictions from the fakes surrounding them. The book examines canonical and lesser-known Romantic works alongside fakes such as Thomas Chatterton's medieval poems and 'Caraboo', the impostor-princess. Through original readings of works by Wordsworth, Coleridge, Byron, Walter Scott, John Clare, and James Hogg, as well as chapters on impostors in popular culture, Russett's interdisciplinary and wide-ranging study offers a major reinterpretation of Romanticism and its continuing influence today.
