Great Britain. Parliament. House of Commons

Word Hero Jay Heinrichs,2011-10-04 Yes, it's true: you can learn how to be a verbal wizard! Ever hear someone utter an unforgettable phrase and feel yourself reacting with with...well, awe? Ever read a great quote and think I could never come up with anything that clever? Daunting as it may seem, there's nothing mystical about witcraft. Crafting memorable lines doesn't require DNA-encoded brilliance. What it does require is some knowledge of the tricks and techniques that make words stick. In Word Hero, Jay Heinrichs rescues the how-to of verbal artistry from cobwebbed textbooks and makes it entirely fresh– even a little mischievous. Fear not: on offer here are not dry, abstract ideas couched in academic jargon. Rather, Heinrichs takes you on an amusing – and amazingly helpful – tour of the mechanisms that make powerful language work. You'll learn how to slyly plant your words in people's heads and draw indelible verbal pictures by employing such tools as “crashing symbols,” “rapid repeaters,” “Russian Dolls” and even the powers of Mr. Potato Head. With those tools and others tucked in your utility belt, you might not immediately achieve “wordsmith immortality” but you will become a better speaker, writer, and raconteur...and long after people have forgotten everything else, they'll remember your priceless lines.

Purple Hearts Nina Auguste Berman,2004 A Purple Heart is the token honor given to soldiers for their wounds, it makes, them heroes. It is the title that Nina Berman has given to her photographs of American soldiers gravely

wounded in the Iraq war, who have returned home to face life away from the waving flags and heroic send-offs. The images are accompanied by first-person interviews with the soldiers, who discuss their lives, reasons for enlisting, and experience in Iraq. They provide a glimpse into the myths of warfare as glorious spectacle through the minds of young men desperate to believe in the righteousness of their actions. One soldier explains that he always wanted to be a hero. He thought the military would be fun--he would jump out of planes. He never imagined it could be ugly until he saw Saving Private Ryan. He is now a cripple, doped up all day on pain medications, flat broke, with one kid and another on the way. Another soldier describes how he called a recruiting station after watching an MTV-style commercial for the Army on TV.,An immigrant from Pakistan, he was given his citizenship following his injury. It's a fair trade in his mind: a leg for an American passport.

Hero Michael Korda,2011-03-24 Michael Korda's Hero is an epic biography of the mysterious,Englishman whose daring exploits made him an object of intense fascination, known the world over as 'Lawrence of Arabia. An Oxford Scholar and archaeologist, T.E. Lawrence was sent to Cairo as an intelligence officer in 1916 and vanished into the desert in 1917. He united and led the Arab tribes to defeat the Turks and eventually capture Damascus, an adventure he recorded in the classic Seven Pillars of Wisdom. A born leader, utterly fearless and seemingly impervious to pain and danger, he remained modest, and retiring. Farsighted diplomat, brilliant military strategist, the first media celebrity, and acclaimed writer, Lawrence was a visionary whose achievements transcended his time: had his vision for the modern Middle East been carried through, the hatred and bloodshed that have since plagued the region might have prevented. The democratic reforms he would have implemented as British High Commissioner of Egypt, are those the Egyptians are now demanding, 91 years later. Ultimately, as this magisterial work demonstrates, Lawrence remains the paradigm of the hero in modern times.

How to Argue with a Cat Jay Heinrichs,2018-06-19 Learn how to persuade cats--the world's most skeptical and cautious negotiators--with this primer on rhetoric and argument from the New York Times bestselling author of Thank You for Arguing! Cats are skilled manipulators who can talk you into just about anything without a single word (or

maybe a meow or two). They can get you to drop whatever you're doing and play with them. They can make you serve their dinner way ahead of schedule. They can get you to sit down in an instant to provide a lap. On the other hand, try getting a cat to do what you want.... While it's hard, persuading a cat is possible. And after that, persuading humans becomes a breeze, and that is what you will learn in this book. How to Argue with a Cat will teach you how to: · Hold an intelligent conversation—one of the few things easier to do with a cat than a human. · Argue logically, even if your opponent is furry and irrational. · Hack up a fallacy (the hairball of logic). · Make your body do the talking (cats are very good at this). · Master decorum: the art of fitting in with cats, venture capitalists, or humans. · Learn the wisdom of predator timing to pounce at the right moment. · Get someone to do something or stop doing it. · Earn any creature's respect and loyalty.
