**The WoW Diary: A Journal of Computer Game Development [Second Edition]** John Staats,2023-11-28 The WoW (World of Warcraft) Diary offers a rare, unfiltered look inside the gaming industry written by the game's first level designer, John Staats. The World of Warcraft Diary offers a rare, unfiltered look inside the gaming industry. It was written by the game's first level designer, John Staats, from notes he took during WoW's creation. The WoW Diary explains why developers do things and debunks popular myths about the games industry. In great detail he covers the what it took to finish the project; the surprises, the arguments, the mistakes, and Blizzard's formula for success. The author includes anecdotes about the industry, the company, the dev team; how they worked together, and the philosophy behind their decisions. The WoW Diary is a story made from notes taken during the dev team's four-year journey. It is a timeline of Vanilla WoW's development cycle, a time-capsule with an exhausting amount of details that also looks at the anatomy of computer game studio. In order to illustrate how all the parts of computer game company work together, he interviewed everyone from the company's founders to his former

teammates; and the supporting departments who helped make WoW a reality.

**The Goblin's Secrets** Goblin Sachs, 2019-08-18 In order to succeed in World of Warcraft Classic, you will need a lot of gold. In addition to the thousands of gold you will spend on your spells, mounts, gear, enchantments, and respecs, you will also need to consistently purchase large quantities of consumables and utility items to stay competitive in serious raiding/PvP. Without enough gold, you will always be outclassed by players who do have enough. However, accumulating gold is very difficult in World of Warcraft. By the time The Burning Crusade was about to launch, World of Warcraft (WoW) had 8 million active subscribers with likely millions more accounts that were created but stopped subscribing at some point. Out of the millions of players who played the game, there was not a single recorded instance of someone hitting the gold cap (~215,000 gold) on one character. This means it is more common for someone to be a billionaire in America (about 1 out of 600,000) than it is for someone to have 215,000 gold. This is why I have compiled the most comprehensive, optimal, and practical guide on gold making in World of Warcraft Classic. I played the original WoW through Wrath of the Lich King with a Hunter main and Druid alt and have played on 3 different vanilla WoW private servers where I have over 25 level 60 characters and amassed hundreds of thousands of gold among them. My love of the game evolved past raiding and PvPing and I became consumed by the economic PvP (competing against other goblins to earn more gold). With WoW Classic's release, I am happy to finally share everything I have learned about making gold. This book will cover the most optimal and practical strategies for gold making while discarding the less optimal ones that are often repeated in popular guides. This book will also include resources such as a full list of level appropriate mobs to grind while leveling, a full list of the most lucrative twink items in the level 19 and 29 brackets, a full list of the most lucrative BoE limited supply vendors to camp, a step by step action plan for the launch of Classic WoW and much much more.

*The Unofficial World of Warcraft Classic Horde Leveling Guide (Special Edition)* Vincent Verret, 2018-07-10 Welcome to the Ultimate, Unofficial Classic WoW Horde Leveling Guide. With this guide, you'll save days off of your leveling time, getting you to 60 in the fastest time possible! This guide is designed for new players and veterans alike, and you'll need it when faced with the difficulty of the original World of Warcraft. This guide contains both an outline of leveling by questing area and character level, as well as tips, tricks, secrets, and advanced techniques to speed up your leveling! If you want to quickly get into level 60 raids and dungeons, you'll need this guide! Why World of Warcraft Classic? Like many of you, I have fond memories of the original WoW and its Burning Crusade Expansion. I remember a time before instant gratification, achievements, and cross-realm group finder, where your reputation, skill as a player, and social connections mattered. When faced with the challenges of Azeroth, we all had to make friends and work together. With the return of classic WoW, we can all have that again: friendships that last beyond the game, instead of gear that is recycled with each content patch. Classic Wow is about quality over quantity. I have nearly 200 mounts on regular WoW, yet none feel as rewarding as my original level 60 mount. With this series of Guides, you can become that legend again or become a new legend, in the most important MMORPG of our time.
