The Best Quiz Book of the World Tom Trifonoff,2019-07-30 Many quiz books claim they have a “world” flavour to them, when in fact all they ask is where a famous monument is, or in which city are you likely to find.....??? Now, for the first time, comes The Best Quiz Book of the World which actually has the world in it, in the form of quizzes on 111 countries of the world. They include all the well-known ones, the controversial ones, the unique ones, the very small ones and countries that we may have heard about, and know very little about. In fact, it’s those countries that turn out to be very interesting countries through their history, geography, leaders and their culture. The Best Quiz Book of the World has 25 questions about each of the 111 countries listed in the book. It asks questions like the capital city, currency, population, colours on the flag, economy, history, famous and infamous people, sporting and cultural achievements and even the letters on a web address. You will be surprised at how much you may know about a country already. If you don’t, you will certainly learn something about each country in the book. There are 2775 questions in The Best Quiz Book of the World covering the 111 countries. The answers to each country quiz are on the following page to the questions. There is also detailed information on each answer, especially with regards to geography, population and sporting achievements. People will find The Best Quiz Book of the World fun and challenging. It can be used in formal quiz nights or less formal occasions when people want to challenge each other on a particular country. The Best Quiz Book of the World can also be used as a teacher resource in senior primary, and secondary schools. Enjoy finding out a lot more about our world with The Best Quiz Book of the World.

The History of the World Quiz Book Meredith MacArdle,2018-04-19 Taking the history of the world as its basis might seem a mammoth task but this fascinating book does just that, breaking the

whole lot down into ten enthralling chapters that cover the ages and the world, from the Bronze Age up until the end of the Second World War. With over 5,500 years to choose from, and a whole world of events, you can be sure there is no shortage of intriguing history to explore. From the first empires and civilizations, through the Ancient world of the Middle East and Africa; the Parthian Empire; the Golden Age of India; the ancient dynasties of China; the founding of Rome and the Roman republic; Peruvian cultures; The Middle Ages; the Byzantine Empire; Mayan culture; the Crusades; the rise of the Ottoman Empire; the Renaissance - this far-reaching book will test the knowledge of any history lover and provide the ultimate challenge for even the most knowledgeable historian. With questions ranging through multiple choice, truth or fiction, maps and pictures, you will find there is always something new to learn about the world.

The Ultimate Geography Quiz Book B C Lester Books,2020-10-24 Are you looking for a fun and challenging quiz to tackle solo? Or looking to tackle it with friends and family? Or looking for a big bank of questions for a pub quiz/quiz night? Here's what you will discover with this book: 720 multiple choice questions: Choose from 4 possible answers from each question. Unlike other quiz books we have seen out there - possible answers in The Ultimate Geography Quiz book are meant to be challenging and the possible answers are well researched to truly make you think - see below for more details. Challenging questions throughout: Made to really engage the brain cells, even for the die-hard geographers! Child/Family friendly questions: No sensitive topics are asked about within

this book. Keep Score: Optional scoring system to measure your quizzing ability! Matte paperback cover for durability and ease of carrying, so your child can tackle questions at home or on the go. Tackle the quiz alone, with your partner, or make it a social event with your friends and family! Quizzes are great on commutes, and long drives - and equally as great as a social fun event for friends and family. You cannot go wrong with a quiz night! This book makes a perfect gift for adults and children with an interest in geography. Recommend age 12+ Question topics within The Ultimate Geography Quiz include, but not limited to: Country and continent names, size, borders and locations respective to each other. Mountain, mountain heights, mountain range and volcano names and their locations. Ocean, seas, marginal seas, and their locations respective to each other City, building, landmark and capital city names and location. Deserts, forests, jungles, glaciers! Country size, flags, language currency, religion, climate and population. Flag, flag colors, other flag attributes. Physical Geography jargon. World record facts regarding geography. Challenging multiple choice questions: We have seen several quiz books that have a poor selection of multiple choice questions, such as example below... What is the highest mountain in Turkey? A Mt. Whitney B Mt. Everest C Mt. Ararat D Mt. Cook Whilst this question is somewhat tricky in itself, the answers given allow most geographers to eliminate the 3 wrong answers quickly to come up with answer C. Instead of this approach, we have kept the quiz more like shown below to make this strategy of quizzing harder for the challenger... What is the highest mountain in Turkey? A Mt. Elbrus B Mt. Davamond C Mt. Ararat D Mt. Bazarduzu Although it may be easy for some seasoned geographers, this question, by the choices given is harder for the most part, and will hopefully trigger more conversation/thought before answering. Factfulness Hans Rosling, Anna Rosling Rönnlund, Ola Rosling, 2018-04-03 INSTANT NEW YORK TIMES BESTSELLER “One of the most important books I’ve ever read—an indispensable guide to thinking clearly about the world.” - Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle of human progress’ as only he can. But *Factfulness* does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” —Melinda Gates *Factfulness* by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases. - Former U.S. President Barack Obama *Factfulness*: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean there aren’t real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us

most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.
