The Other Sport Mega-Event: Rugby World Cup 2011 StevenJ. Jackson,2017-07-05 The mention of sport mega-events conjures up images and memories of London 2012 or anticipation of FIFA 2014, the 2016 Rio Olympics and beyond. Indeed, the expanding annual calendar of sport mega-events, both in terms of the bidding process and the actual hosting of the event means that there is rarely time for considered reflection. This is particularly true within the context of neo-liberalism and an obsession with creating world class sporting cities that are propelled by state-private promotional discourses that often silence oppositional voices. This edited collection focuses on Rugby World Cup 2011 in order to examine the contested terrain of one particular sport mega-event with respect to its economic, political and cultural impact both locally and globally. As an event, the 2011 Rugby World Cup was unique in many ways but perhaps the most notable are the nation's remote geographic location and at just over four million people its small population. This anthology addresses how the Rugby World Cup has changed since its inception in 1987 including a major shift in the globalisation of the game, professionalization, player migration and television and sponsorship rights. The core of the anthology explores how the event impacted on various segments of New Zealand society: from the state to regions and individual citizens. Collectively the implications are relevant for all who are interested in sport mega-events whether it is from a political, economic, scholarly or policy perspective. This book was published as a special issue of Sport and Society.

Women's Lives around the World [4 volumes] Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens; the key roles women play in their families, careers, religions, and cultures; how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries.

Migrant Cross-Cultural Encounters in Asia and the Pacific Jacqueline Leckie, Angela McCarthy, Angela Wanhalla, 2016-11-03 In contrast to much scholarship on cross-cultural encounters, which focuses primarily on contact between indigenous peoples and 'settlers' or 'sojourners', this book is concerned with migrant aspects of this phenomenon – whether migrant-migrant or migrant-host encounters – bringing together studies from a variety of perspectives on cross-cultural encounters, their past, and their resonances across the contemporary Asia-Pacific region. Organised thematically into sections focusing on 'imperial encounters' of the nineteenth and twentieth centuries, 'identities' in the twentieth and twenty-first centuries, and 'contemporary citizenship' and the ways in which this

is complicated by mobility and cross-cultural encounters, the volume presents studies of New Zealand, Singapore, Australia, Vanuatu, Mauritius and China to highlight key themes of mobility, intimacies, ethnicity and 'race', heritage and diaspora, through rich evidence such as photographs, census data, the arts and interviews. Demonstrating the importance of multidisciplinary ways of looking at migrant cross-cultural encounters through blending historical and social science methodologies from a range of disciplinary backgrounds, *Migrant Cross-Cultural Encounters in Asia and the Pacific* will appeal to anthropologists, sociologists, cultural geographers and historians with interests in migration, mobility and cross-cultural encounters.

A Time of Love and Tartan Alexander McCall Smith, 2017-07-27 Catch up with the delightful goings-on in the fictitious 44 Scotland Street from Alexander McCall Smith . . . 'A joyous, charming portrait of city life and human foibles, which moves beyond its setting to deal with deep moral issues and love, desire and friendship' Sunday Express If only Pat Macgregor had an inkling of the embarrassment romantic, professional, even aesthetic that flowed from accepting narcissistic ex-boyfriend Bruce Anderson's invitation for coffee, she would never have said yes. And if only Matthew, her boss at the art gallery, hadn't wandered into his local bookshop and picked up a particular book at a particular time, he would never have knocked over his former English teacher or attracted the attentions of the police. Whether caused by small things such as a cup of coffee and a book, or major events such as Stuart's application for promotion and his wife Irene's decision to go off and study for a PhD in Aberdeen, change is coming to serial fiction's favourite street. But for three seven-year-old boys Bertie Pollock, Randal Braveheart Macpherson, and Big Lou's foster son Finlay - it also means a getting a glimpse of perfect happiness. Alexander McCall Smith's delightfully witty, wise and sometimes surreal comedy spirals out to include tennis-playing Rwandan Forest People, researches into levitating Celtic saints, bogus headhunters in Papua New Guinea and primary school performances of Beckett. But its heart remains where it has always been true to life, love and laughter in Edinburgh's New Town.

Out-Innovate Alexandre "Alex" Lazarow, 2020-04-07 The new playbook for innovation and startup success is emerging from beyond Silicon Valley--at the frontier. Startups have changed the world. In the United States, many startups, such as Tesla, Apple, and Amazon, have become household names. The economic value of startups has doubled since 1992 and is projected to double again in the next fifteen years. For decades, the hot center of this phenomenon has been Silicon Valley. This is changing fast. Thanks to technology, startups are now taking root everywhere, from Delhi to Detroit to Nairobi to Sao Paulo. Yet despite this globalization of startup activity, our knowledge of how to build successful startups is still drawn primarily from Silicon Valley. As venture capitalist Alexandre Lazarow shows in this insightful and instructive book, this Silicon Valley gospel is due for a refresh--and it comes from what he calls the frontier, the growing constellation of startup ecosystems, outside of the Valley and other major economic centers, that now stretches across the globe. The frontier is a truly different world where startups often must cope with political or economic instability and lack of infrastructure, and where there might be little or no access to angel investors, venture capitalists, or experienced employee pools. Under such conditions, entrepreneurs must be creators who build industries rather than disruptors who change them because there are few existing businesses to disrupt. The companies they create must be global from birth because local markets are too small. They focus on resiliency and sustainability rather than unicorn-style growth at any cost. With rich and wide-ranging stories of frontier innovators from around the world, Out-Innovate is the new playbook for innovation--wherever it has the potential to happen.

Richie McCaw The Open Side Greg McGee, 2012-10-09 A player like Richie McCaw comes along once in a lifetime... The Open Side will define that

player. Rarely has a New Zealand biography been so eagerly anticipated. Superbly crafted, brilliantly insightful, and set to inspire people for generations to come. From the time his father told him as a child that 'he would enjoy his rugby more if he got fitter', Richard Hugh McCaw never looked back. Captain of the All Blacks since 2006, he is the face of rugby in New Zealand and one of our best-known and most admired figures. He has been named International Player of the Year three times and is considered the greatest player of his generation, and quite possibly the finest loose forward of all time. But what do we know of Richie the person and what drives him? In *The Open Side*, he reveals his passions and motivations, on and off the field. Teamed with Greg McGee, one of our great contemporary writers — and a man who himself is no stranger to rugby culture — the two have produced an outstanding book. *The Open Side* delves into the inner McCaw, the defining events and people in his life, as well as providing insight into the modern game and its professional players and coaches — including frank comment on the Deans–Henry debate. Richie's leadership has had a huge impact on the team, and *The Open Side* traces his rise from fresh-faced Under 19 squad member in 1999 to hardened 100-cap veteran in 2011. As a participant in three Rugby World Cups, Richie describes the agony of defeat in 2007, and the four years of 'living in a tunnel' before clawing his way to 'the light' of a dramatic victory with the All Blacks in the 2011 final.

Just This Once Rosalind James, 2012 An American businesswoman decides to have a New Zealand getaway, and once there, she has a fling with a rugby player.

Fringes Ben Mercer, 2021-07-24 Updated edition of the #1 Amazon Bestseller LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 2020 Sports books tend to detail extraordinary achievements, triumphs against the odds or commemorate World Cup winning captains. This book does not do that. For many, playing professional sport is the Dream Job. Few manage it, very few make it to the top and for the rest, life is very different. This is their story. In *Fringes*, Ben Mercer invites you to witness life at the outer edges of professional rugby. This is a first hand account of what life is like as a journeyman professional athlete. You play, but to the wider public you don't exist. You earn but you don't drive a flash car. You sometimes pack out a stadium but sometimes, you play in a deserted park. This is the story for the majority of sports professionals. Only the minority taste the top, only one person gets to lift the cup or win the medal, only 15 get to play for England at any one time. For the rest, that's not the case. Ben Mercer is a former professional rugby player who after becoming disillusioned and uninspired plying his trade in the English Second Division, accepted an offer out of the blue to go to France and do something different - help an amateur team turn professional. This is a first hand account of what life is like in the lower reaches of professional sport - where your employment status is as precarious as your health and barely anyone will know your name. It's about how it feels to live year to year, with teammates constantly on the move. It's about how professionalism irreversibly changes the French club Stade Rouennais as they move up the divisions, about the tension between progress and identity in a rugby team. It's also about how it feels to actually be out there on the field, how it feels to occasionally do something extraordinary and how it feels when this is no longer enough for you to make the sacrifices that you need to make to keep playing. There's no ghostwriting, it's an unmitigated meditation on how it feels and what it means to play rugby for a living, to dedicate yourself to an uncompromising but occasionally

beautiful game. If you've wanted to know what life is really like as a professional athlete, on the Fringes, away from the glitz and glamour of the international game then look no further.

Miracle Men Lloyd Burnard, 2020-09-01 When Rassie Erasmus took over as coach of the Springboks in 2018, few thought they had a chance of winning the Rugby World Cup. The Boks had slipped to seventh in the world rankings and lost the faith of the rugby-loving public. Less than two years later, jubilant crowds lined the streets of South Africa's cities to welcome back the victorious team. Sportswriter Lloyd Burnard takes the reader on the thrilling journey of a team that went from no-hopers to world champions. He examines how exactly this turnaround was achieved. Interviews with players, coaches and support staff reveal how the principles of inclusion, openness and focus, as well as careful planning and superb physical conditioning, became the basis for a winning formula. The key roles played by Rassie Erasmus and Siya Kolisi shine through. There were ups and downs along the way: beating the All Blacks in Wellington during the Rugby Championship was a high point, but then came Kolisi's injury, while in Japan the distractions of a volatile support base sometimes shook the players' focus. *Miracle Men* is filled with marvellous anecdotes and sharp insights. It is also inspiring testimony to what can be achieved when a group of South Africans from all backgrounds come together as a team.

Stephen Donald - Beaver Stephen Donald, Scotty Stevenson, 2018-03 Stephen Donald etched himself into All Blacks folklore with that 'kick' in the 2011 Rugby World Cup final at Eden Park. Donald, one of the country's most popular All Blacks, had not originally been wanted for the World Cup squad. He was whitebaiting in the Waikato and effectively off the rugby grid when the SOS went out for his services. The rest, as they say, is history. That one penalty goal in the final has ensured him a special place in All Blacks history. Now, Donald is combining with the hugely talented rugby writer and commentator Scotty 'Sumo' Stevenson in a book which will cover not only Donald's sporting career and his part in the All Blacks' historic Cup win, but also poke the borax at both himself and his team mates. Stevenson's unique brand of humour - he collaborated with Cory Jane on the screaming funny Cory Jane: Winging It - will

ensure Beaver's book will be one to be both remembered and most feared (especially if you're a high profile teammate!)

The Jersey Peter Bills, 2018-08-09 The phenomenal international number one bestseller with exclusive interviews with Richie McCaw, Steve Hansen, Beauden Barrett and Dan Carter, The Jersey is the definitive story behind the greatest sports team on the planet. With a better winning record than any other sports team in history, they stand head and shoulders above their nearest rugby rivals. How did a country of just 4.8 million people conquer the world? Peter Bills, who has reported on international rugby for more than forty years, was given exclusive access to all the key figures in New Zealand rugby as he set out to understand the secrets behind the All Blacks success. Peter talked at length with ninety people, both in New Zealand and around the world, with intimate knowledge of what makes the All Blacks tick. The Jersey goes to the heart of the All Blacks success.
