The Enemy in Our Hands Robert C. Doyle, 2010-05-14 Revelations of abuse at Baghdad's Abu Ghraib prison and the U.S. detention camp at Guantánamo Bay had repercussions extending beyond the worldwide media scandal that ensued. The controversy surrounding photos and descriptions of inhumane treatment of enemy prisoners of war, or EPWs, from the war on terror marked a watershed moment in the study of modern warfare and the treatment of prisoners of war. Amid allegations of human rights violations and war crimes, one question stands out among the rest: Was the treatment of America's most recent prisoners of war an isolated event or part of a troubling and complex issue that is deeply rooted in our nation's military history? Military expert Robert C. Doyle's *The Enemy in Our Hands: America's Treatment of Prisoners of War from the Revolution to the War on Terror* draws from diverse sources to answer this question. Historical as well as timely in its content, this work examines America's major wars and past conflicts -- among them, the American Revolution, the Civil War, World Wars I and II, and Vietnam -- to provide understanding of the United States' treatment of military and civilian prisoners. *The Enemy in Our Hands* offers a new perspective of U.S. military history on the subject of EPWs and suggests that the tactics employed to manage prisoners of war are unique and disparate from one conflict to the next. In addition to other vital information, Doyle provides a cultural analysis and exploration of U.S. adherence to international standards of conduct, including the 1929 Geneva Convention in each war. Although wars are not won or lost on the basis of how EPWs are treated, the treatment of prisoners is one of the measures by which history's conquerors are judged.

The Trials of Henry Flipper, First Black Graduate of West Point Don Cusic, 2014-10-16 Born in 1856 in Thomasville, Georgia, Henry Ossian Flipper was nine at the end of the Civil War. His parents, part of a privileged upper class of slaves, were allowed to operate an independent business under the protection of their owner. This placed Henry in an excellent position to take advantage of new educational opportunities opening up to African Americans and he graduated from the United States Military Academy at West Point in 1877. Flipper served at Fort Sill in what is now Oklahoma; took part in the Indian Wars; and served at Fort Davis in Texas, where a court-martial relating to missing funds ended his Army career with a dishonorable discharge. He later was an assistant to the Secretary of the Interior during the early 1920s Harding administration, and died in 1940. Investigations into the circumstances of Flipper's court-martial resulted in an upgrade to honorable discharge in 1976 and a posthumous pardon from President Clinton in 1999. Passages from Flipper's 1878 autobiography and excerpts from contemporary military reports and newspaper articles contribute firsthand observations to this biography of West Point's first black graduate.

Every Army Man Is with You Nicolaus Mills, 2014-11-13 For Army's players, their 1964 football game against a Navy team led by its Heisman Trophy-winning quarterback, Roger Staubach, was a do-or-die battle. Army had lost to Navy five years in a row. This time a stunning victory by Army changed the Cadets' fortunes and made headlines across the country. With five of its starters playing offense and defense, Army rallied to an 11-8 triumph. The win was the beginning of an even greater challenge for West Point's players. Soon they were in Vietnam, fighting a war that did not end as they or America expected. In *Every Army Man Is with You* Nicolaus Mills tells the story of that unforgettable Army team by focusing on the lives of seven of its players as they go from the football field, to the Vietnam battlefield, and back again to the States. Mills sheds light not just on what the players' experiences meant to them personally but on what their experiences say about the ways the Vietnam era shaped our nation.

The African American Soldier Michael L. Lanning,2022-01-25 Military history's hidden figures are given their due in this revealing and moving exploration of the pivotal role of African Americans who risked their lives for their country—even as they fought courageously to become full citizens. A retired Lieutenant Colonel, Michael Lee Lanning covers Black soldiers' involvement in conflicts from the colonial days through more recent struggles of the 21st century. From Bunker Hill to San Juan Heights, from France's muddy trenches to the Persian Gulf's scorched sands, African Americans have fought fiercely and bravely. They have battled to overthrow British rule, to preserve the union, to safeguard their allies, and to protect democracy. Many have fought for freedom they would never see for themselves, risking their lives for their country and for the right to become full citizens. In this enlightening account, Michael Lee Lanning explores African Americans' crucial part in military history over two centuries, beginning in the Revolutionary War and stretching to recent conflicts in Afghanistan and Iraq. Exploring both notable individual contributions and the role of Black regiments, *The African American Soldier* pays tribute to the hidden sacrifices and unrelenting valor of those too long overlooked by history.

A Different Point of View Misao Dean,1991 Misao Dean argues convincingly that Duncan's point of view was largely informed by nineteenth-century Canadian idealism. Making excellent use of the latest insights of feminist criticism and post-colonial literary theory, Dean explores the double marginalisation of Duncan as both a colonial and a woman. She establishes gender as an important element in the form and content of Duncan's novels and feminism as a significant influence on Duncan's point of view.
