**You Gotta Be Kidding!** Workman Publishing,2020-07-14 Gross, embarrassing, and just plain silly questions about boogers, bugs, smelly socks, itchy scabs, and more! Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter-with nothing to drink? The exponentially icky: Would

you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what’s dangerously filthy and what’s just gross, why we blush when we’re embarrassed—so kids can learn something as they laugh!

*Would You Rather?* Katie Heaney, 2018-03-06 A collection of poignant, relatable essays from the author of *Never Have I Ever* about coming out in her late twenties, entering into her first relationship, and figuring out what it means to be an adult. When Katie Heaney published her first book of essays, chronicling her singledom up to age twenty-five, she was still waiting to meet the right guy. Three years later, a lot changed. For one thing, she met the right girl. Here, for the first time, Katie opens up about realizing at the age of twenty-eight that she is gay. In these poignant, funny essays, she wrestles with her shifting sexuality and identity, and describes what it was like coming out to everyone she knows (and everyone she doesn’t). As she revisits her past, looking for any “clues” that might have predicted this outcome, Katie reveals that life doesn’t always move directly from point A to point B—no matter how much we would like it to. In a warm and relatable voice, Katie tackles everything from the trials of dating in New York City to the growing pains of her first relationship, from obsessing over Harry Styles (because, actually, he does look a bit like a lesbian) to learning to accept herself all over again. Exploring love and sexuality with her neurotic wit and endearing intimacy, Katie Heaney shares the message that it’s never too late to find love—or yourself. Praise for *Would You Rather?* “[Katie] Heaney’s not afraid to examine her past for ‘clues’ to what she realizes is her truth in the present, and reflects on her changing identity with honesty and wit.”—NYLON “An honest, endearing, and laugh-out-loud account of coming to terms with one’s sexual identity.”—W Magazine “*Would You Rather?* is an extraordinarily generous and affecting book. Katie Heaney has written something with a remarkable amount of room in it—enough for anyone to spread out and connect with. It’s deeply felt, clear-eyed, joyful, and illuminating.”—Mallory Ortberg, author of *Texts from Jane Eyre: And Other Conversations with Your Favorite Literary Characters* “Whether you’re single or in a relationship, whether you’re queer, straight, or questioning, whether or not you’re partial to Harry Styles—you will discover something relatable and self-affirming in this honest, heartfelt, hilarious memoir.”—Camille Perri, author of *The Assistants*

**Commodity Market Trading and Investment** Tom James, 2017-02-15 This book offers practical knowledge, analysis, trading techniques and methodologies required for the management of key international commodities. The author explores each aspect of commodity trading in detail and helps the reader to implement effective techniques to build a strong portfolio. Early chapters set the current scene of commodity trading markets before going on to discuss the fundamental instruments and tools used in navigating commodity markets. The author provides detailed, empirical case studies of traded natural resources in order to explicate the financial instruments that enable professionals both to invest and to trade them successfully. Later chapters investigate the psychology and behavioural influences behind optimal market trading, in which the author encourages the reader to understand and combat the obstacles that prevent them from reaching their full trading potential.
