**With a Little Help** Cory Doctorow,2015-07-16 With a Little Help is my first serious experiment in self-publishing. I've published many novels, short story collections, books of essays and so on with publishers, and it's all been very good and satisfying and educational and so on, but it seems like it's time to try something new. With a Little Help consists of 12 stories, all reprints except for Epoch (commissioned by Mark Shuttleworth).

Peterson Reference Guide To Birding By Impression Kevin T. Karlson,Dale Rosselet,2015-05-05 A highly visual guide to identifying birds in the field based on the important, unchanging features of size, shape, structure, and behavior Birding is an extremely rewarding and fun hobby, but some situations can be frustrating or unsuccessful because of a variety of challenging viewing conditions. This guide to identifying birds offers the holistic "birding by impression" method, which not only helps with these difficult conditions, but also develops an efficient mental identification process using left- and right-brain skills. It begins with a conscious assessment of a bird's unchanging physical characteristics, including general size, body shape, structural features (bill, legs, neck, and wings), and behavior. Using this approach, birders can quickly assess all birds and distinguish new and uncommon species from familiar ones. They can then examine more detailed field marks to fine-tune the identification. Rather than a traditional field guide, this book presents an interactive how-to approach to a more complete identification process.

**Dead Lies Dreaming** Charles Stross,2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' Dead Lies Dreaming: A Laundry Files Novel. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”—she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true Necronomicon is up for underground auction in London. He hires Imp's sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**American Empire: The Centre Cannot Hold** Harry Turtledove,2014-04-20 Turtledove's alternate history of America in the last 150 years continues . . . The second book in the American Empire sequence takes the violent American civil war (which has become a world war) to 1924: a time of rebuilding. Life is slowly returning to normal in the devastated cities of Europe and Canada. In the United States, the Socialist Party battles Calvin Coolidge to hold on to power. And it seems as if the Socialists can do no wrong as the stock market soars and America enjoys a prosperity unknown for half a century. But as old names like Custer and Roosevelt fade into history a new generation faces new uncertainties,. In a world of occupiers and the occupied, of simmering hatreds, shattered lives and pent-up violence, the centre can no longer hold. And for a powerful nation, the ultimate shock will come when a fleet of foreign aircraft rains death and destruction on one of the great cities of the United States.

Economic and Societal Impacts of Tornadoes Kevin Simmons, Daniel Sutter, 2013-01-22 For almost a decade, economists Kevin M. Simmons and Daniel Sutter have been studying the economic effects and social consequences of the approximately 1,200 tornadoes that touch down across the United States annually. During this time, they have compiled information from sources such as NOAA and the U.S. Census Bureau to examine the casualties caused by tornadoes and to evaluate the National Weather Service (NWS)'s efforts to reduce these casualties. Their unique database has enabled this fascinating and game-changing study for meteorologists, social scientists, emergency managers, and everyone studying severe weather, policy, disaster management, or applied economics.

Storming the State House Mike Hubbard, 2012-06-01 Storming the State House provides a revealing, behind-the-scenes look into the campaign that elected Alabama's first Republican legislature in modern history and liberated the state from 136 years of Democrat Party rule. Written by Speaker of the House Mike Hubbard, it is a battlefield account by the architect of the Republican takeover, whose vision and partisan vigor directly led to the GOP tsunami that hit Alabama in November 2010.

*The Cambridge Companion to Blues and Gospel Music* Allan Moore, 2003-03-13 From Robert Johnson to Aretha Franklin, Mahalia Jackson to John Lee Hooker, blues and gospel artists figure heavily in the mythology of twentieth-century culture. The styles in which they sang have proved hugely influential to generations of popular singers, from the wholesale adoptions of singers like Robert Cray or James Brown, to the subtler vocal appropriations of Mariah Carey. Their own music, and how it operates, is not, however, always seen as valid in its own right. This book provides an overview of both these genres, which worked together to provide an expression of twentieth-century black US experience. Their histories are unfolded and questioned; representative songs and lyrical imagery are analysed; perspectives are offered from the standpoint of the voice, the guitar, the piano, and also that of the working musician. The book concludes with a discussion of the impact the genres have had on mainstream musical culture.

**Love for Sale** David Hajdu, 2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don’t Care Girl” who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, *Love for Sale* is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today’s practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, *Love for Sale* is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.

“One Minute to Ditch!” Cornelius Ryan, 2016-01-18 Prize-winning True Stories of the Supreme Moment—When Men Suddenly Face Death Some of these true stories are already famous because they have been dramatized on television. All of them take you straight to the heart of great moments of crisis. You’ll know what it’s like to look down at the wide Pacific and realize that your plane is going to ditch there. You’ll twist the wheel of your racing car as it takes a narrow turn at Indianapolis. You’ll struggle in cabin 56 of the S.S. *Andr a Doria* during its five last frantic hours. In these and other stories, Cornelius Ryan, ace journalist, has caught the essence of that split-second that may be a man’s last. Two of these pieces have won Benjamin Franklin Magazine awards. “One Minute To Ditch!”—Thirty-one men, women and children high over the mid-Pacific in a failing plane. (Dramatized on TV.) *Five Desperate Hours in Cabin 56—A story of the sinking of the S.S. Andr a Doria told in gripping minute-by-minute detail. (Dramatized on TV.) The Major of St. L —A classic of the Normandy invasion, an unforgettable true story of quiet heroism. (Dramatized on TV.)* These and other factual accounts are moving documents of crisis: of courage against the sudden fact of very possible death.

*Surviving Storm* Rebecca Vazquez, Jackie Ziegler, 2021-09-22 Lottie I spent months going from one biker club to another, desperately searching for a long-lost brother my mum abandoned. Turning up at the Kings Reapers MC was purely coincidence, but it worked out for the best cos meeting Lake put an end to my search. So why doesn't

finding him, stop my pain? I'm a hot mess, that's how a social worker once described me, and poor Lake did nothing to deserve having me as a sister. Then, one day, I cave because the world becomes too much and who turns up to save me but Storm, newest member of the Kings Reapers. Running away from his own demons, the mysterious biker is too much. Too intense. Too hot. Too bossy. Too dangerous. So, of course, I'm attracted to him. Storm London was a fresh start, that's how I sold it to my sister, Taya. Riggs needed more men, and I jumped at the chance to escape cos that's what I do, run. I swore I wouldn't get involved with any woman, especially not Lake's long-lost sister. Lottie is all kinds of messed up and she's a complication I don't fuckin' need. My priority is getting Taya and my son, Seb, settled. That is, until the day I have to collect Lottie from the hospital. Her eyes are screaming pain and they call out to me for help. Because if anyone knows pain, it's me. Separately, we're suffering . . . but together, we're toxic. But I know we met for a reason and I ain't letting her slip away from me. I can fix her, she can fix me, and then we'll live happily ever after, right? Right?
