Never in My Wildest Dreams Belva Davis, Vicki Haddock, 2012-02-06 The pioneering TV news journalist shares her extraordinary story in this acclaimed memoir: "A very important book" (Dr. Maya Angelou). As the first black female television journalist in the western United States, Belva Davis overcame the obstacles of racism and sexism, and helped change the face and focus of television news over the course of five decades. Born in the Great Depression to a fifteen-year-old Louisiana laundress, and raised in the projects of Oakland, California, Davis persevered to achieve a career beyond her imagination. Davis has seen profound changes in America, from being verbally and physically attacked while reporting on the 1964 Republican National Convention in San Francisco to witnessing the historic election of Barack Obama in 2008. She reported on some of the most explosive stories in

modern American history, including the Vietnam War protests, the rise and fall of the Black Panthers, the mass suicides at Jonestown, the onset of the AIDS epidemic, and many others. She encountered everyone from Malcolm X to Frank Sinatra, James Brown, Ronald Reagan, Huey Newton, Muhammad Ali, Fidel Castro, Condoleezza Rice, and more. Davis spent her career on the frontlines of the battle for racial equality, bringing stories of black Americans into the light of day. Still active in her seventies, Davis hosted a news roundtable at one of the nation's leading PBS stations. In this way she remained engaged in contemporary journalism, while offering her unique perspective on the decades that have shaped us.

What Spins the Wheel Len Forkas, 2014-05-28 When entrepreneur Len Forkas learned that his nine-year-old son had leukemia, his own life changed forever. In 2003, Len founded Hopecam, a nonprofit that uses technology to connect young cancer patients with their friends at school. Ten years later, Len's fight against childhood cancer rose to a new level. He qualified as a solo competitor in Race Across America, a 3,000-mile bicycle race that traverses scorching deserts and 11,000-foot mountain elevations. As Len fought to finish the race in just 12 days, an all-volunteer crew supported him around the clock. *What Spins the Wheel* is a true story about fatherhood and fortitude, business grit and growth ? and the power of combining the right mission with the right team to help others.

Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora, the anti-gun lobby has launched a campaign of lies, distortion, misrepresentation, and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts. Their goal is to take away our Second Amendment rights and then disarm law-abiding Americans. Emily Miller tells her personal story of how being a single, female victim of a home invasion drove her to try to obtain a legally registered gun in Washington, D.C. The narrative—sometimes shocking, other times hilarious in its absurdity—gives the reader a real life understanding of how gun-control laws only make it more difficult for honest, law-abiding people to get guns, while violent crime continues to rise. Using facts and newly uncovered research, Miller exposes the schemes politicians on Capitol Hill, in the White House, and around the country are using to deny people their Second Amendment rights. She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms. The gun rights debate isn't just about firearms. It's about protecting a fundamental right that is enshrined in the U.S. Constitution. It's about politicians who lie, manipulate, and outright break existing laws to get what they want. It's about President Obama wanting a bigger federal government to control you. Not just your guns—you. The fight for gun rights is the fight for freedom. Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go.

Full Dissidence Howard Bryant, 2020-01-21 A bold and impassioned meditation on injustice in our country that punctures the illusion of a postracial America and reveals it as a place where authoritarianism looms large. Whether the issues are protest, labor, patriotism, or class division, it is clear that professional sports are no longer simply fun and games. Rather, the industry is a hotbed of fractures and inequities that reflect and even drive some of the most divisive issues in our country. The nine provocative and deeply personal essays in Full Dissidence confront the dangerous narratives that are shaping the current dialogue in sports and mainstream culture. The book is a reflection on a culture where African Americans continue to navigate the sharp edges of whiteness—as citizens who are always at risk of being told, often directly from the White House, to go back to where they came from. The topics Howard Bryant takes on include the player-owner relationship, the militarization of sports, the myth of integration, the erasure of black identity as a condition of success, and the kleptocracy that has forced America to ask itself if its beliefs of freedom and democracy are more than just words. In a time when authoritarianism is creeping into our lives and is being embraced in our politics, Full Dissidence will make us question the strength of the bonds we think we have with our fellow citizens, and it shows us why we must break from the malignant behaviors that have become normalized in everyday life.

A Few Seconds of Panic Stefan Fatsis, 2008-07-03 An insightful and . . . amusing look at the inner workings of pro

football (The New York Times) from the bestselling author of Word Freak In Word Freak, Stefan Fatsis invaded the insular world of competitive Scrabble players, ultimately achieving an expert-level ranking. Now, in his new book, he infiltrates a strikingly different subculture-pro football. After more than a year of preparation, Fatsis molded his fortyish body into one that could stand up-barely-to the rigors of NFL training. And for three months he became a placekicker for the Denver Broncos. Making the most of unprecedented access to an NFL team and its players, and drawing on his own personal experience, Fatsis with wry candor and hard-won empathy unveils the mind of the modern pro athlete and the workings of a storied sports franchise as no writer has before.

To the Break of Dawn William Jelani Cobb, 2008-05 With roots that stretch from West Africa through the black pulpit, hip hop emerged in the streets of the South Bronx in the 1970s and has spread to the farthest corners of the earth. *To the Break of Dawn* uniquely examines this freestyle verbal artistry on its own terms. A kid from Queens who spent his youth at the epicenter of this new art form, music critic William Jelani Cobb takes readers inside the beats, the lyrics, and the flow of hip hop, separating mere corporate rappers from the creative MCs that forged the art in the crucible of the street jam. The four pillars of hip hop - break dancing, graffiti art, deejaying, and rapping - find their origins in traditions as diverse as the Afro-Brazilian martial art Capoeira and Caribbean immigrants' turnstile artistry.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours,

Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.
