America's Got Talent Winner Landau Eugene Murphy, Jr Landau Eugene Murphy,2013-11-01 In 2011, the nation watched an American Jazz singer from the coalfields of West Virginia rise to the top of a talent competition on NBC. The story of Landau Eugene Murphy Jr. is more than a rags-to-riches story of some singer who won a reality show—it's a story of faith, hope, destiny, and dreams. To many people, Landau is the young man with dreadlocks who sings like Sinatra, but the story to be told is that of someone who is a hardworking man of enduring faith. When you're finished reading this book,

you'll discover, along with having a great voice, Landau is a world-class human being.

Mountaineer Jamboree Ivan M. Tribe, 2015-01-13 Jamboree! To many country music fans the word conjures up memories of Saturday nights around the family radio listening to live broadcasts from that haven of hillbilly music, West Virginia. From 1926 through the 1950s, as Ivan Tribe shows in his lively history, country music radio programming made the Mountain State a mecca for country singers and instrumentalists from all over America. Wilma Lee and Stoney Cooper, Little Jimmy Dickens, Hawkshaw Hawkins, Red Sovine, Blaine Smith, Curly Ray Cline, Grandpa Jones, Cowboy Loye, Rex and Eleanor Parker, Lee Moore, Buddy Starcher, Doc and Chickie Williams, and Molly O'Day were among the many who came to prominence via West Virginia radio. Wheeling's WWVA jamboree, first broadcast in 1933, attracted a wide audience, especially after 1942, when the station increased its power. The show's success spawned numerous competitors, as new stations all over West Virginia followed WWVA's lead in headlining country music. The state also played an important role in the early recording industry. The Tweedy Brothers, Frank Hutchison, Roy Harvey, Blind Alfred Reed, Frank Welling and John McGhee, Cap and Andy, and the Kessinger Brothers were among West Virginians whose waxings contributed to the state's reputation for fine native musicianship. So too did those who sought out and recorded the Mountaineer folksong heritage. As Nashville's dominance has grown since the 1960s, West Virginia's leadership in country

music has lessened. Young performers must now seek fame outside their native state. But, as Ivan Tribe demonstrates, the state's numerous outdoor festivals continue to keep alive the heritage of country music's mountain mama.

The Things They Carried Tim O'Brien,2009-10-13 Look for O'Brien's new book, *American Fantastica*, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required

reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter

where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Chasing the Wind Rody Johnson, 2014-03-30 Rody Johnson presents a compelling narrative of how, beginning in 2005, the proposed construction of a wind farm along mountain ridges in Greenbrier County, West Virginia, pitted locals against each other - a story that puts a human face on the arguments about wind power's promise of clean, renewable energy and its potentially negative effects, including bird and bat kills, a disfigured natural landscape, and noise pollution. Drawing on countless hours he spent attending public meetings and interviewing those on both sides of the issue. Johnson not only

pictures the Greenbrier County struggle in illuminating detail but also make valuable comparisons between it and similarly pitched battles in other locations. This wide-ranging account examines the broader history of wind power; its capacity and output in comparison to such sources as fossil fuels, other renewables, and nuclear energy; the infrastructural challenges of transmitting electricity from wind farms to end users; global efforts to curb carbon emissions, including the Kyoto treaty; the role of public policy, government subsidies, and tax breaks; and the differences and similarities between wind power regimes in the United States and Europe. Concluding with a thoughtful, realistic assessment of a 2012 study suggesting that the country has the capability of receiving 80 percent of its electrical generation from renewables by 2050, *Chasing the Wind* makes a vital contribution to the ongoing dialogue regarding America's energy challenges and what is likely required to meet them.--Publisher's description.

Albion's Seed David Hackett Fischer, 1991-03-14 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time.

In this sense, nearly all Americans are Albion's Seed, no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.
