Fly Into the Wind Lt Colonel Dan Rooney,2020-11-17 USA TODAY BESTSELLER “Lt Colonel Dan Rooney is a true patriot who serves our country with courage and honor.”—George H.W. Bush, 41st President of the United States F-16 fighter pilot, American hero, Folds of Honor founder, PGA professional, and inspirational family man Dan Rooney delivers a motivational code for living to help ordinary people ascend to their highest level in life. Part spiritual guide and part call-to-action, *Fly Into the Wind* combines Lt Colonel Rooney’s fighter pilot stories with his discovery of faith and purpose in order to help each reader achieve a philosophy he calls CAVU, after the Air Force acronym that stands for “ceiling and visibility unrestricted.” CAVU describes the perfect conditions for flying a fighter jet, when steel-blue skies invite pilots to spread their wings like supersonic eagles. In today’s world of identity politics, fractured racial relations, and external turmoil, Rooney’s book will show how all of us are connected by God in more ways than we realize, and that the path to fulfillment begins with changing ourselves in order to better one another. From the outside, Lieutenant Colonel Dan “Noonan” Rooney was living the American Dream: he was an F-16 fighter pilot, PGA Professional, husband to his college sweetheart, and father of five daughters. His position in life should have been a blessing. But a near-tragic mishap while piloting his F-16 triggered an ominous life storm that altered his trajectory and filled him with self-doubt. Realizing that a jet takes off into the wind because it requires resistance over its wings to fly, Lt Colonel Rooney’s attitude toward the resistance he encountered in his life changed from resentment to humble introspection. Hyper-focused on the precise areas that are immediately under your control, CAVU is a disciplined approach to each day that will help you reshape, motivate, prioritize, and ultimately thrive. In *Fly Into the Wind*, Lt. Colonel Rooney breaks down CAVU into ten unique lines of effort (LOE), with each LOE building upon the previous one to provide a positive vector toward a new way of living. Along this enlightened path, readers will discover a renewed belief in themselves and the art of the possible. The time for self-discovery and ultimate achievement begins now.

The Snow Killings Marney Rich Keenan,2020-06-29 Over 13 months in 1976-1977, four children were abducted in the Detroit suburbs, each of them held for days before their still-warm bodies were dumped in the snow near public roadsides. The Oakland County Child Murders spawned panic across southeast Michigan, triggering the most extensive manhunt in U.S. history. Yet after less than two years, the task force created to find the killer was shut down without naming a suspect. The case went cold for more than 30 years, until a chance discovery by one victim's family pointed to the son of a wealthy General Motors executive: Christopher Brian Busch, a convicted pedophile, was freed weeks before the fourth child disappeared. Veteran Detroit News reporter Marney Rich Keenan takes the reader inside the investigation of the still-unsolved murders--seen through the eyes of the lead detective in the case and the family who cracked it open--revealing evidence of a decades-long coverup of malfeasance and obstruction that denied justice for the victims.

The Measure of Our Age M.T. Connolly,2023-07-18 An expert on elder justice maps the challenges of aging, how things go wrong, and presents powerful tools we can use to forge better long lives for ourselves, our families, and our communities. As tens of millions of Americans are living longer lives, longevity is creating challenges that cut across race, class, and gender. Caregivers help older relatives for “free,” but with high costs to themselves in time, money, jobs, and health. Scammers target countless seniors. The institutions built to protect older people—like nursing homes and guardianship—too often harm them instead. And epidemics of isolation and loneliness make older people vulnerable to all sorts of harm. In *The Measure of Our Age*, elder justice expert and MacArthur “genius” grant recipient, M.T. Connolly investigates the systems we count on to protect us as we age. Weaving first-person accounts, her own experience, and shocking investigative reporting, she exposes a reality that has long been hidden and sometimes actively covered up. But her investigation also reveals reasons for hope within everyone’s grasp. Connolly’s strategies and action plans for navigating the many challenges of aging will appeal to a wide range of readers—adult children caring for aging parents; policymakers trying to do the right thing; and, should we be so lucky as to live to old age, all of us. This book transforms how we think about aging.

WYXIE Wonderland Dick Osgood,Martin Grams, Jr.,2017-09-08 WYXIE WONDERLAND by Dick Osgood is possibly the first comprehensive exploration into the inner workings of a broadcasting enterprise. Fifty years of national radio and television history, from 1925 to 1975, are reflected in the fundamental and accidental specifics of a single station - WXYZ, Detroit - AM, FM and TV. WXYZ was more than just the birthplace of The Lone Ranger, The Green Hornet, and Sgt. Preston of the Yukon. It was the starting point of investigative journalist Mike Wallace, comedian Soupy Sales, actors John Hodiak and Danny Thomas. This extraordinary book traces the beginnings of five networks; the rise and decline of radio network programming. It sees the radio actor replaced by the disc jockey. WYXIE Wonderland explains how the scandal of radio payola grew out of the discovery of rigged TV quiz programs. It tells of a sound created in Texas that revolutionized radio, and how the Top 40 format emerged from a bar in Omaha. WXYZ influenced American culture - and sometimes it was American culture. Whether you are a fan of The Lone Ranger or old-time radio in general, this is one of the dozen essentials for your bookshelf. - Martin Grams, Jr., Pop culture historian, from the introduction.

Suspended Charles Bell,2021-11-02 The disturbing truth: school suspension does more than impede Black students' academic achievement—it also impacts their parents' employment and can violate state and federal laws. Finalist of the C. Wright Mills Award by the Society for the Study of Social Problems Decades of urban disinvestment and poverty have made educational attainment for Black youth more vital than at any time in recent history. Yet in their pursuit of quality education, many Black families are burdened by challenging barriers to success, most notably the frequency and severity of school punishment. Such punishment is meant to be a disciplinary tool that makes schools safer, but it actually does the opposite—and is particularly harmful for Black students and their families. Focusing on schools in inner-city and suburban Detroit, Charles Bell draws on 160 in-depth interviews with Black high school students, their parents, and their teachers to illuminate the negative outcomes that are associated with out-of-school suspension. Bell also sheds light on the inherent shortcomings of school safety measures as he describes how schools fail to protect Black students, which leaves them vulnerable to bullying and victimization. The students he interviews offer detailed insight into how the lack of protection they received in school intensified their fear of being harmed and even motivated them to use violence to establish a reputation that discouraged attacks. Collectively, their narratives reveal how receiving a suspension for fighting in school earned them respect, popularity, and a reputation for toughness—transforming school punishment into a powerful status symbol that destabilizes classrooms. A thought-provoking and urgent work, *Suspended* calls for an inclusive national dialogue on school punishment and safety reform. It will leave readers engrossed in the students' and parents' tearful narratives as they share how school suspension harmed students' grades, disrupted parents' employment, violated state and federal laws, and motivated families to withdraw from punitive districts.

The Rise of Victimhood Culture Bradley Campbell,Jason Manning,2018-03-07 The Rise of Victimhood Culture offers a framework for understanding recent moral conflicts at U.S. universities, which have bled into society at large. These are not the familiar clashes between liberals

and conservatives or the religious and the secular: instead, they are clashes between a new moral culture—victimhood culture—and a more traditional culture of dignity. Even as students increasingly demand trigger warnings and “safe spaces,” many young people are quick to police the words and deeds of others, who in turn claim that political correctness has run amok. Interestingly, members of both camps often consider themselves victims of the other. In tracking the rise of victimhood culture, Bradley Campbell and Jason Manning help to decode an often dizzying cultural milieu, from campus riots over conservative speakers and debates around free speech to the election of Donald Trump.

On January 6, 2021, insurgents stormed the U.S. Capitol, an act of domestic terror without parallel in American history, designed to disrupt the peaceful transfer of power. In a resolution six months later, the House of Representatives called it one of the darkest days of our democracy, and established a special committee to investigate how and why the attack happened. Celadon Books, in collaboration with The New Yorker, presents the committee’s final report, the definitive account of January 6th and what led up to it, based on more than a year of investigation by nine members of Congress and committee staff, with a preface by David Remnick, the editor of The New Yorker and a winner of the Pulitzer Prize, and an epilogue by Congressman Jamie Raskin of Maryland, a member of the committee.

The January 6th Report The January 6 Select Committee, 2023-01-10 NEW YORK TIMES BESTSELLER • The official report by the Select Committee to Investigate the January 6th Attack on the United States Capitol, featuring an exclusive foreword on the state of American democracy by Congressman Adam Schiff On January 6, 2021, the United States came perilously close to losing its democracy. A mob instigated by the president of the United States violently attacked the Capitol Building in Washington, D.C., seeking to disrupt the certification of the electors in the presidential election and prevent the peaceful transfer of power for the first time in American history. The attack was the culmination of a plot organized and driven by a defeated president, attempting to remain in power through a complex web of deceit, intimidation, and violence. This is the official report of the investigation into the attack—perhaps the most vital congressional investigation in American history—with exhibits, witness testimony, and an exclusive foreword by Congressman Adam Schiff, who offers critical insights into this harrowing chapter in American history.

The Homosexuality Debate in Malawi Mawerenga, Jones Hamburu, 2018-06-14 Homosexuality is a cross-cutting challenge to Malawian society with theological, socio-cultural, economic, legal, political, and human rights implications. This book argues that the solution to the homosexuality debate in Malawi does not lie in either the criminalization or decriminalization of homosexuality; neither does it lie in homophobia nor heterophobia. However, the solution to the homosexuality debate lies in achieving a harmonious co-existence of both heterosexuals and homosexuals by practicing mutual tolerance. The book concludes by suggesting various activities to be taken by: The Government of Malawi; Gay Rights Activists; Religious Leaders; Traditional Leaders; and Malawian Society to ensure the aforementioned tolerance and understanding is encouraged.

2015 Serial Killers True Crime Anthology, Volume II RJ Parker, Peter Vronski, Michael Newton, Katherine Ramsland, Sylvia Perrini, Kelly Banaski, 2014-12-15 This is the second volume of the bestselling annual, Serial Killers True Crime Anthology, a collection of some of the best true crime writing on serial killers over the year. Several of these authors who appeared in Volume 1 of the Anthology, return this year to Volume 2 with new stories. 2015 Serial Killers True Crime Anthology Volume 2: Peter Vronsky in the chilling story Zebra! The Hunting Humans 'Ninja' Truck Driver Serial Killer describes the carnage perpetrated in 2007 by Adam Leroy Lane, a long haul truck driving serial killer who after repeatedly watching in his truck cab a serial killer DVD movie he was obsessed with, forayed out in the night from Interstate highway truck-stops dressed in Ninja black to re-enact the movie scenes by killing and mutilating unsuspecting women in their homes until he was captured by a fifteen-year old girl and her parents when he attempted to kill her as she slept in her bedroom. RJ Parker in Demons introduces us to the little known story of Canada’s serial killer Michael Wayne McGray who murdered men, women and children indiscriminately and whom even prison could not stop from continuing his killing. In the Grim Sleeper Parker describes the brutal crimes of Lonnie Franklin, Jr. who over a 23-year killing career, took a fourteen-year hiatus (thus his nickname) before resuming his murders of women in Los Angeles. Katherine Ramsland in The Babysitter brings us up to date on the still unsolved horrific 1976 mutilation child murders in Detroit that inspired Bill Connington’s one-man Broadway play and Joyce Carol Oates 1995 novella Zombie. In Really! The Other Guy Did It. Ramsland explores the bizarre case of serial killer Douglas Perry who after killing several women underwent a transsexual change into a woman, Donna Perry, who when apprehended, claimed the murders were perpetrated by his former male self who no longer existed. Ramsland asks, Is guilt in the body or the soul? Michael Newton in Bad Medicine and Angel of Death describes two serial killers where we least expect them: health care workers. Physician Dr. Harold Shipman who murdered 250 victims in Britain and might be history’s most prolific serial killer, and the smiling mild mannered Ohio medical orderly 'Angel of Death' Donald Harvey, who confessed to murdering 87 helpless patients, stating, So I played God. Sylvia Perrini, Britain’s true crime chronicler of female serial killers in The House of Horrors revisits the notorious case of Rosemary West who teamed up with her husband Fred in the rape, torture and murder of ten young women in their rooming house, including her own daughter. In The Mum Who Killed for Kicks Perrini looks at the recent case of Joanne Dennehy, a mother of a thirteen-year old who inexplicably went on a thrill kill serial killing spree in which she tortured and murdered three men with a knife and attempted to kill two others. Kelly Banaski, a newcomer to true crime writing, brings us Stripped of his medals and female panties, the strange case of a Canadian air force base

commander, a colonel who piloted senior government officials and even the Queen of England, who suddenly began to commit a series of panty fetish burglaries that eventually escalated to horrific rape-torture murders of women. Enjoy and be horrified!!
