**Lost Cowboys** Ryan John Thorburn,Laurie Mansell Reich,2010 In the 1950s the University of Wyoming, already making national headlines with an NCAA basketball championship under its belt and a strong football program, made one of the great hires in the athletic department's history when Glenn Bud Daniel was named baseball coach. Daniel, who finished his playing career at Wyoming after serving in World War II, started recruiting nationally and playing one of the nation's most difficult schedules. It all paid off in 1956 when the Pokes played their way into the College World Series. Some great players called Cowboy Field home over the years from Bob Jingling to Art Howe to Greg Brock to Jeff Huson but the proud program was unceremoniously dropped by the university in 1996. Lost Cowboys documents the proud history of Wyoming baseball from the early days of Milward Simpson to the glory days of Daniel to the final outs in Laramie.

**Cowboy Up** Ryan Thorburn,2011-09 As the dark clouds of World War II were looming on the horizon, an American original named Kenny Sailors was capturing the attention of the country and leading the University of Wyoming basketball program on an astonishing run to the NCAA championship. Before the confetti was cleaned up, the All-American was off to war. The Wyoming treasure would return to campus in Laramie and later become one of the NBA's early stars.

**The Border War** Ryan Thorburn,Robert Gagliardi,2018-09 The series between CSU and Wyoming has a unique traveling trophy. The universities, separated by only 65 miles, battled on the gridiron in three centuries for the iconic Bronze Boot, a boot worn by a

military member in Vietnam.

**Tiller: Not Your Average Joe** Joe Tiller, 2012-02-15 When opportunity knocked, Joe Tiller busted the door down. Tiller became a major college head football coach somewhat late in his career. He was hired as the head coach at Wyoming just 12 days after his 48th birthday and became the head coach at Purdue two weeks before his 54th birthday. A disciple of the wide-open offenses used in the former Western Athletic Conference, Tiller's Wyoming teams enjoyed great success in what he fondly refers to as the Wacky WAC. After leaving the Cowboys for Purdue, some coaches insisted that his one-back, spread offense wouldn't fly in the Big Ten Conference, with its physical, smash-mouth style of play. Instead, Tiller's fast-breaking offense, now nicknamed basketball on grass, took the Big Ten by storm. Before Tiller came aboard, Purdue had endured 12-consecutive losing seasons. But under Tiller, the Boilermakers have enjoyed arguably their most successful winning stretch ever. Tiller's first eight teams went to bowl games, including the Rose Bowl. Before becoming a head coach, Tiller had served as an assistant at Montana State (his alma mater), Washington State, Purdue and Wyoming. He also spent nine years in Canada with Calgary of the CFL as an assistant coach, interim head coach, and in the front office—where he was responsible for booking rock star Alice Cooper and evangelist Billy Graham for appearances at McMahon Stadium, home of the Stampeders. In many ways, Tiller is a typical who has spent most of his life in the conservative Midwest and the

open spaces of the western United States. A regular Joe, Tiller's laid-back style, wry sense of humor and, of course, winning ways has made him a hit with Purdue players and fans alike.

**The City Game** Pete Axthelm, 2011-06-28 DIVA fascinating chronicle of New York basketball, from the concrete courts of the city's parks to the bright lights of Madison Square Garden/divDIV/divDIVThe New York Knickerbockers, one of the NBA's charter franchises, played professionally for twenty-four years before winning their first championship in 1970, defeating the Los Angeles Lakers in a thrilling seven-game series. Those Knicks, who won again in 1973, became legends, and captivated a city that has basketball in its blood./divDIV /divDIVBut this book is more than a history of the championship Knicks. It is an exploration of what basketball means to New York—not just to the stars who compete nightly in the garden, but to the young men who spend their nights and weekends perfecting their skills on the concrete courts of the city's parks. Basketball is a city game, and New York is the king of cities./div

**Jump Shot: Kenny Sailors** Lew Freedman,2014-03-03 Kenny Sailors was a basketball star, and the inventor of the jump shot. He attended the University of Wyoming and was MVP in 1943 in college AA basketball. After WWII, he spent five years as an early player in the new NBA. As a youngster, Kenny was five-foot-seven but his older brother was six-foot-two so when playing basketball, Kenny had to jump up over his brother to get off a shot. That is how the jump shot was born, and Kenny used it in college and professional basketball. He played in Denver and several other cities whose team names have now changed, but he also played for the Boston Celtics with Bob Cousy. After he left the NBA, he moved to Alaska and in 1965 settled in the Glennallen area, where he was a fishing and hunting guide in the Wrangle Mountains for thirty-five years. He now lives in Idaho, and his son lives and flies aircraft from Antioch, California.

Black 14 Ryan Thorburn,2009 ....Many fans believed head coach Lloyd Eaton had his best team in 1969. Wyoming was on the verge of becoming a college football powerhouse.

And then it happened: Race, religion, authority, protest, and football collided on the high plains of Laramie. The 14 black players on the team wanted to wear black armbands during the upcoming game against Brigham Young University to protest the policies of the Mormon Church, which did not allow blacks to enter into the priesthood. Eaton gave them the boot. And everything about Cowboys football changed forever.--back cover.

Overlooked in most schools, the most successful program undertaken during President Franklin Roosevelt's New Deal, the Civilian Conservation Corps (CCC), is largely ignored. **Bowled Over** Oriard, 2010-07-13 In this compellingly argued and deeply personal book, respected sports historian Michael Oriard--who was himself a former second-team All-American at Notre Dame--explores a wide range of trends that have changed the face of big-time college football and transformed the role of the student-athlete. Oriard considers such issues as the politicization of football in the 1960s and the implications of the integration of college football. The heart of the book examines a handful of decisions by the NCAA in the early seventies--to make freshmen eligible to play, to lower admission standards, and, most critically, to replace four-year athletic scholarships with one-year renewable scholarships--that helped transform student-athletes into athlete-students and turned the college game into a virtual farm league for professional football. Oriard then traces the subsequent history of the sport as it has tried to grapple with the fundamental contradiction of college football as both extracurricular activity and multi-billion-dollar mass entertainment. The relentless necessity to pursue revenue, Oriard argues, undermines attempts to maintain academic standards, and it fosters a football culture in which athletes are both excessively entitled and exploited. As a former college football player, Oriard brings a unique perspective to his topic, and his sympathies are always with the players and for the game. This original and compelling study will interest everyone concerned about the future of college football.
