#### Things That Make Me Nuts Annette

Bergman, 2010-08-26 Every woman faces little aggravations and irritations throughout the day, and sometimes there is nothing that can be done other than accept them or explode. The third possibility is to find the humor in them, but that's almost impossible to remember. Things that Make me Nuts candidly addresses some of these common experiences with the humor we frequently overlook - as we're trying to not explode. For instance... Why is it so hard to find a bra that doesn't bind, pinch, or hurt? And why are they not hung conveniently inside the dressing room so that women don't have to dress and undress 30 times to go back into the store to hopefully find one that fits? Do men have the same trouble finding a comfortable pair of shorts? Why has toilet paper in public restrooms become so thin and ribbon-like that it takes twice as much to do the same job the

old paper did? Have you ever tried to have a meaningful conversation with your husband only to discover the most meaningful thought he has to share is: The corn crop is better this year. If your neighbor's tree drops half its leaves in your yard, who's responsible for picking them up? If you open the bathroom door and find your husband powdering his unmentionables with your expensive bath powder and favorite fluffy powder puff, would you be able to use it again? Countless everyday situations that irritate and aggravate will leave you smiling, nodding, and sometimes laughing out loud as you remember similar situations that left you just as frustrated and ready to explode.
