Untie the Lines Emma Bamford,2016-07-14 In Casting Off we met Emma Bamford. Stressed out and fed up with London life, working 80-hour weeks and with no hint of a love life, Emma suddenly decided to quit her job, pack up her life and go and live with a man she's never met, and his cat, on a yacht in Borneo. In Casting Off we followed Emma on her amazing adventures as she sailed the globe in search of something more. We laughed, we cried and we 'aaahhhh'ed. Untie the Lines picks up where Casting Off left off. There's love in the air in the form of Guy, the handsome sailor Emma met in Casting Off. Will they sail off happily into the sunset together? And there's an abundance of sailing adventure to be had in the USA and Caribbean too. But there are also difficult times, as we follow Emma's journey through more heartache and anguish, as she is forced to return to London, to her old, crippling life. Things spiral out of control until one day Emma, exhausted and suffering from anxiety attacks, just can't take a step further along the same path any more and she is forced to seek help and admit that it's time to change things once and for all. Untie the Lines is another thrilling, funny and absorbing installment of Emma's life. It's also deeply moving and will ring true with anyone affected by the stresses and fast pace of modern life and the battle between head and heart.

Stress-Free Sailing Duncan Wells,2015-03-12 The vast majority of sailing yacht scenarios comprise a couple sailing the boat together, and needing to carry out all manoeuvres and activities themselves with no help from a back-up crew. Their boat handling, navigation, sail handling, anchoring and mooring skills all have to be carried out both efficiently and effectively, preferably with the minimum of physical effort (to conserve energy). But most sailing technique books assume a crew of 3 or 4, all willing to lend a hand. This book is therefore a first, addressing the most common sailing scenarios that anyone cruising will have to deal with, and providing clever, original, highly effective (and most importantly successfully tried and tested by the author) techniques and solutions for dealing with the huge variety of essential operations on a boat – from sail setting and reefing, to picking up mooring buoys in a variety of wind and tide situations, anchoring, berthing and leaving a pontoon shorthanded, picking up a man overboard, sailing in fog and heavy weather – and even going up the mast. This book will be a godsend to anyone sailing single or shorthanded – including couples with young children who need to be supervised by one parent whilst the other runs the boat. Organised into techniques for different cruising scenarios, the book features step by step sequential photos showing exactly how to approach each situation and carry out the task in hand.
