📖 *Are We There Yet? Tips and Tales from a “Full Timer - Professional Tourist”* Randy Badeaux, 2006-02-28 I had gone on many vacations, mostly in the Southeastern United States, but I wanted to try to see it all. I found out that there were people who went on vacation and never came back. I wanted to be one of those people. I wanted to become a Professional Tourist and I did! I have described some of the things that happened along the way and some how to tips for those who share in the spirit of adventure in wanting to know what is over the next hill and around the next curve in the road and for those who have heard the immortal question while heading up the highway, Are we there yet?

📖 *Professional Property Briefings: Croatia* Adam Jolly, 2006 This is the definitive English language guide to the laws and procedures governing the Croatian property market and to the investment opportunities in the country. Aimed at an international audience of property developers, professional investors, lawyers, estate agents and multinational companies, who are interested in both commercial and residential property investment, it addresses issues such as: gaining clear title to land; land registry records; gaining permission to buy a property; tax on capital gains; social legislation. And it looks in depth at the structure and future prospects for the property market in Croatia.

📖 *Reeds Professional Yacht Logbook* Michael Howorth, 2005-08-17 The Reeds Professional Yacht Logbook is customised specifically for the large yacht market to aid the requirement by law to keep a log both on passage and in port. It is recommended and approved by the Maritime Coastguard Agency and covers a three month period. The log is divided into two sections: ‘on passage’ which includes status and navigation sheets; and ‘in harbour’ which includes watchkeeper’s and daily report sheets. Also included are logs for tests, drills and inspections aboard, crew lists, load lines and helicopter operations. It will be welcomed by skippers and crew of large yachts, for whom there is currently no suitable logbook to fulfil their particular needs.

📖 *The Origins and History of the All-American Girls Professional Baseball League* Merrie A. Fidler, 2015-05-07 This in-depth treatment of the organization and operation of the All-American Girls Professional Baseball League draws on primary documents from league owner Arthur Meyerhoff and others for a unique perspective inside the AAGPBL. The study begins with a brief history of women’s softball, an important precursor to, and talent pool for, women’s professional baseball. Next the book investigates league administration and organization as well as publicity and promotion. Later chapters cover team administrative structures, managers, chaperones, player backgrounds, and league policies. Finally, discussion focuses on the activities of the AAGPBL Players’ Association from 1980 onward. Informed by many years of research and insights from former players, this exhaustive history contains 149 photographs.

📖 *History of the Southern Yacht Club* Flora K. Scheib, 1986-10-30 The Southern Yacht Club of New Orleans is the second oldest in the United States. Since the club was officially organized as Boat Club on July 21, 1848, it has hosted countless regattas, supported other yacht clubs, and participated in inter-club competitions. Today the Southern Yacht Club continues to contribute to, and participate in, the world of yachting, especially in New Orleans. The history of the Southern Yacht Club is a testament to this yacht club’s amazing endurance. History lovers, sailing buffs, and New Orleans aficionados will all enjoy this charming, entertaining account.

📖 *Cost Conscious Cruiser* Lin and Larry Pardey, 1999-07-07 The pleasures and adventures of cruising under sail are amazingly affordable, say Lin and Larry Pardey. But to keep your dream on budget, you have to decide: Are you a cruiser or a consumer? In this book, a logical successor to their Self-Sufficient Sailor and Capable Cruiser, they discuss making your getaway plans, finding a truly affordable boat, keeping your outfitting costs and maintenance time under control, and learning to feel confident as you cruise farther afield. Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost-conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high-tech items that can break down and steal your sense of confidence offshore. The chapters on getting the most from your cruising funds, the attributes of successful long-term voyagers, how to upgrade your boat with your own hands, plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail. As Lin and Larry explain, the decisions you make now will determine if you’ll come back from your cruise feeling more empowered or more enslaved by today’s consumer society.
