I Am Ruby Bridges Ruby Bridges, 2022-09-06 Ruby Bridges tells her story as never before and shares the events of the momentous day in 1960 when Ruby became the first Black child to integrate the all-white William Franz Elementary as a six year old little girl -- a personal and intimate look through a child's lens at a landmark moment in our Civil Rights history. My work will be precious. I will bridge the gap between Black & white... ...and hopefully all people! I suppose some things in life are just meant to be. When Ruby Bridges was six years old, she became the first Black child to integrate the all-white William Frantz Elementary in Louisiana. Based on the pivotal events that happened in 1960 and told from her point of view, this is a poetic reflection on her experience that changed the face of history and the trajectory of the Civil Rights movement. *I Am Ruby Bridges* offers hope and confidence to all children. It is the perfect learning tool for schools and libraries to teach the story of Ruby Bridges and introduce this landmark story to young readers in a powerful new way. This story of innocence and courage is brought to life by NAACP-nominated artist, Nikkolas Smith through stunning and breath-taking illustrations. Embracing the meaning of her name, Bridges reflects with poignancy and heart on the way one brave little girl stood proud to help build a bridge between all people and pave the path for future generations.

Safe Haven Mark Spitznagel, 2023-10-10 What is a safe haven? What role should they play in an investment portfolio? Do we use them only to seek shelter until the passing of financial storms? Or are they something more? Contrary to everything we know from modern financial theory, can higher returns actually come as a result of lowering risk? In *Safe Haven*, hedge fund manager Mark Spitznagel—one of the top practitioners of safe haven investing and portfolio risk mitigation in the world—answers these questions and more. Investors who heed the message in this book will never look at risk mitigation the same way again.

The Strangers Katherena Vermette,2024-03-01 The Strangers, a breathtaking companion to Vermette's bestselling debut *The Break*, is a fierce exploration of bonds that refuse to be broken even in the most traumatic of circumstances. Cedar, Phoenix, and Elsie—these are the strangers, each haunted in her own way. Cedar grapples with the pain of being separated from her mother, Elsie, and her sister, Phoenix. From a youth detention center, Phoenix gives birth to a baby she'll never get to raise. And Elsie, struggling with addiction and determined to turn her life around, is buoyed by the idea of being reunited with her daughters and striving to be someone they can depend on, unlike her own distant mother. Between flickering moments of warmth and support, the women diverge and reconnect, fighting to survive in a fractured system that pretends to offer success but expects them to fail. Facing the distinct blade of racism from those they trusted most, they urge one another to move through the darkness, all the while wondering if they'll ever emerge safely on the other side.

Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts Mark Mahaney,2021-11-09 Find the winners, avoid the losers, and build a solid Tech portfolio for the long run—with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market's hottest, most profitable sector, but it can be a roller coaster ride. Companies with great ideas can end up going nowhere, and some that dominate today will be sold at fire-sale prices in five years. "Sure things" can become "sore things" very rapidly. *Nothing But Net* provides the knowledge and insights you need to understand what's really hot, to know what's not, and to outperform other investors consistently and decisively. Famous for his smart, savvy and unique approach to Tech stock investing, Mark Mahaney provides his 10 proven rules for succeeding as a long-term Tech stock investor—explaining everything he's learned during almost 25 years of analyzing internet stocks, including: Why revenue growth and customer metrics—not earnings—are what matter most to Tech investors How to invest—not trade—in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity "I've watched the rise of some of the leading companies of today—Facebook, Amazon, Netflix, Google—and the fall of some of the leading companies of yesterday—Yahoo!, eBay, and AOL..." Mahaney writes. "[F]iguring out which companies really are going to be dominant franchises is an extremely hard thing to do. But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation." *Nothing But Net* provides powerful advice for the next two decades—lessons you can start applying today and use for years to come.

The Women's Guide to Successful Investing Nancy Tengler,2017-06-30 Providing proven wealth accumulation strategies, tailored advice and a comprehensive market analysis, this book is a must-read for female investors who want to master volatile markets with long-term success.

I'm A Shareholder Rick Roman, *I'm A Shareholder* is a unique and experiential way to teach kids about the stock market. It's colorful, it's fun, and it's the only kids book that can be coupled with a share of stock, whether it is from GiveAshare.com or stock held in a brokerage account. In fact, the book comes with coupon for \$20 off the students first share of stock in a company they love. This NAPPA award winning book teaches the basics about stocks, what it means to be a shareholder, and the experiences that come with stock ownership. Teachers, parents, and grandparents who want to teach their kids to be savers and investors rather than spenders should buy this book! See the stellar reviews on Amazon.com .

Rebounders Rick Newman,2012 U.S. News & World Report journalist Newman examines the rise and fall--and rise again--of some of our most prolific and productive figures in order to demystify the anatomy of resilience.

Yahooting! Alan L. McCann,2004 The internet boom gave birth to a world where technology and easy money were the subject of most conversations. Nowhere was this more evident than the communities that formed around fiery online discussion groups hosted by web sites like Yahoo!. Though the boom ended, these online communities remain active and can still be a valuable source of investment information. However, you have to be able to sort the good information from the bad.

Yahooting! Life and Death on an Internet Stock Chat Board by Alan L. McCann takes you inside these discussion groups to show you how to get the full benefit of the information that can be found there: How these groups work; Why they are fun, captivating, and frustrating, often at the same time; How to understand what the discussions are about; How to identify people's motivations so you can understand their biases; How to use the information to make more informed investment decisions. Using the real life Yahoo! chat board for a typical boom/bust public company, Ravisent Technologies Inc., this book will help you get an inside seat in these communities so you can make better investments.

Inside Yahoo! Karen Angel, 2002-10-01 An intriguing look at an Internet pioneer and global powerhouse Reaching sixty percent of all Net users, Yahoo! is one of the most popular Internet portals and one of the most successful companies in the world today. Inside Yahoo! takes readers on a fascinating journey through the thoughts and motivations behind the company. Revealing stories of on-again, off-again management, the race for innovation, and the constant focus on survival, this book will engage readers on many different levels. With access to Yahoo's top executives, author Karen Angel describes the complementary, but different styles that have made Yahoo! one of the few surviving business models in the struggling Internet sector. An informed and astute narrative traces the company's transformation from a twenty-something brainstorm to a sophisticated community to a onetime Wall Street darling that managed to ride-out the recent market shakeout. Along the way, readers will follow in the steps and missteps of this unique company and see how it keeps reinventing itself to keep ahead of a changing marketplace.

A Wealth of Common Sense Ben Carlson, 2015-05-15 A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market mistakes. Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

The One-Page Financial Plan Carl Richards, 2015-03-31 Intends to remove the complexity from investing by encouraging readers to identify deeply personal goals and to use a series of steps to help set up and attain a workable, meaningful financial plan.

Personal Finance Barbara Friedberg, 2015-04-14 This jargon-free resource explains the who, what, why, and where of contemporary personal finance in simple, easy-to-grasp language, covering the key people, events, terms, tools, policies, and products that make up modern money management. The ideal roadmap to 21st-century financial literacy, this layman's encyclopedia discusses ideas, concepts, events, and people that inform money management and personal finance. It explains the intricacies of things like investing, saving, debt, credit, and mortgages, and it drills down into complexities like the difference between 401(k) and 403(b) retirement plans. Entries invite the reader to explore common financial topics, such as seeking credit counseling, using credit cards, buying a home, and choosing insurance. Issues such as identity theft, derivatives, and taxes are explored as well. The unique work is topically organized with contributions from both academics and financial professionals. Entries are augmented by entertaining sidebar anecdotes and a glossary, and there is a useful feature that connects readers to online sources, enabling them to keep up with this fast-changing field. A one-stop resource ideal for individuals seeking to understand personal finance, this book will also prove valuable to students taking courses in finance and economics. All readers will come away better equipped to profit from money management and more skilled at making smart financial decisions.

Investing for Beginners Giovanni Rigters, It's time to take your financial future into your own hands, because no one else will. There is too much false information available and it's too easy to lose your money investing. That's why we'll take a close look at the basics of investing, how to analyze investments and mistakes you should avoid. Time is of the essence. So don't wait, read this book now!

Digital Wealth Simon Moore, 2015-12-02 Leverage algorithms to take your investment approach to the next level *Digital Wealth: An Automatic Way to Invest Successfully* reveals core investment strategies that you can leverage to build long-term wealth. More than a simple review of traditional investment strategies, this innovative text proffers digital investment techniques that are driven not by people but by algorithms. Supported by asset allocation research, the secrets shared in this forward-thinking book have underpinned cutting-edge investment firms as they integrate algorithm-based strategies. In addition to presenting key concepts, this groundbreaking resource explains how these concepts can give you an edge over the professionals on Wall Street through details regarding achieving financial security and meeting financial goals rooted in a firm foundation in behavioral finance, portfolio tilts, and modern portfolio theory. Investment strategies have evolved from one generation to the next, and the ability to leverage new digital tools calls for another overhaul of traditional investment concepts. Investment techniques implemented by algorithm rather than by human monitoring can, in some cases, prove more successful. The key to a balanced portfolio is understanding what these algorithm-based strategies are, and how to best use them. Explore insights from multiple Nobel Prize winning academics that can give your investment strategy an edge Consider how technology can open up powerful techniques to mainstream investors, including tax-loss harvesting and automated rebalancing Discuss how cost minimization and a strategic tax approach can boost your portfolio's compound growth Identify strategies that support the long-term growth of your wealth *Digital Wealth: An Automatic Way to Invest Successfully* is an essential text for sophisticated individual investors and investment consultants alike who want to explore how digital tools can bolster financial success.

Risk Parity Alex Shahidi, 2021-12-22 Target high returns and greater consistency with this insightful guide from a leading investor The market volatility exacerbated by the COVID-19 pandemic has led many to question their exposure to risk in their own portfolios. But what should one do about it? In *Risk Parity: How to Invest for All Market Environments*, accomplished investment consultant Alex Shahidi delivers a powerful approach to portfolio management that reduces the potential for significant capital loss while maintaining an attractive expected return. The book

focuses on allocating capital amongst four diverse asset classes: equities, commodities, Treasury bonds, and Treasury Inflation Protected Securities. You'll learn about: The nature of risk and why traditional approaches to risk management unnecessarily give up potential returns or inadequately protect against catastrophic market events Why proper risk management is more important now than ever How to efficiently implement a risk parity approach Perfect for both individual and professional investors, Risk Parity is a must-have resource for anyone seeking to increase consistency in their portfolio by building a truly balanced asset allocation.
