**Jerry Yang and David Filo** Michael R. Weston,2006-08-15 Biography of Jerry Yang and David Filo, who founded Yahoo! and turned it into a billion-dollar business.

**We Were Yahoo!** Jeremy Ring,2018-01-23 For anyone paying attention, the beginning of the end for Yahoo! began with decisions made by the first team of executives while the company was on its way up, which set the stage for horrific decisions made by subsequent generations of Yahoo! leadership. Most decisions were either pure incompetence or just lack of vision by CEOs from 2001 to the present. Twenty-one years after its incorporation and sixteen years after its stock peak, Yahoo sold for 96% less than its value on January 3, 2000, when it had closed at an all-time high of \$118.75 per share, resulting in a market capitalization of \$120 billion. Wall Street valued Yahoo!, at that time in business less than six years, higher than it did Disney, News Corporation, and Comcast combined. Also on that day, the iPhone was more than seven years away from launch, Google was four years from its IPO, Amazon was hemorrhaging money, and Mark Zuckerberg was still in high school! At the end of 2016, the top seven businesses on the list of the highest-valued companies in the world by market capitalization include Apple at #1, Alphabet (Google's Parent Company) at #2, Amazon.com at #5, and Facebook at #7. Those companies combined are valued in excess of \$2 trillion more than the price Verizon paid to acquire Yahoo! Yahoo!'s story is one of missed strategies, failed opportunities, and poor execution. Early decisions to de-emphasize search features, undervalue Google, and overplay Yahoo's hand in the Facebook negotiations haunted the rest of the company's existence. In addition, factors outside of Yahoo's control—most notably how irrational expectations of Wall Street created an environment where short-term decisions were made at the expense of the long-term good. The story of Yahoo! is a cautionary tale not intended for the faint of heart.

**Marissa Mayer and the Fight to Save Yahoo!** Nicholas Carlson, 2015-01-06 A page-turning narrative about Marissa Mayer's efforts to remake Yahoo as well as her own rise from Stanford University undergrad to CEO of a \$30 billion corporation by the age of 38. When Yahoo hired star Google executive Mayer to be its CEO in 2012 employees rejoiced. They put posters on the walls throughout Yahoo's California headquarters. On them there was Mayer's face and one word: HOPE. But one year later, Mayer sat in front of those same employees in a huge cafeteria on Yahoo's campus and took the beating of her life. Her hair wet and her tone defensive, Mayer read and answered a series of employee-posed questions challenging the basic elements of her plan. There was anger in the room and, behind it, a question: Was Mayer actually going to be able to do this thing? **MARISSA MAYER AND THE FIGHT TO SAVE YAHOO!** is the inside story of how Yahoo got into such awful shape in the first place, Marissa Mayer's controversial rise at Google, and her desperate fight to save an Internet icon. In August 2011 hedge fund billionaire Daniel Loeb took a long look at Yahoo and decided to go to war with its management and board of directors. Loeb then bought a 5% stake and began a shareholder activist campaign that would cost the jobs of three CEOs before he finally settled on Google's golden girl Mayer to unlock the value lurking in the company. As Mayer began to remake Yahoo from a content company to a tech company, an internal civil war erupted. In author Nicholas Carlson's capable hands, this riveting book captures Mayer's rise and Yahoo's missteps as a dramatic illustration of what it takes to grab the brass ring in Silicon Valley. And it reveals whether it is possible for a big lumbering tech company to stay relevant in today's rapidly changing business landscape.
