Five Life Lessons from the Akashic Records Dr. Yana Mileva,2022-09-01 “We all have a unique life path and obstacles we face along the way. However, we are all human and we all have the same deep desires for radiant health, endless abundance, true love, and fulfilling life purpose. In this book the author, Dr. Yana Mileva, summarizes the five most important life lessons the lords of the Akashic records have given her and her clients throughout the years. The Akashic records are the universal library, the memory of God, which contains information about all that has ever happened, all that is currently happening, and the potential for all that could happen in the future. Reading through the pages of this book, not only will you find specific, down-to-earth advice on how to resolve your most serious life problems, but also get inspired to look deep inside your soul and recognize the connection to the divine. Take this book in your hands and awaken to your true self.”

Black Butler, Vol. 28 Yana Toboso,2019-10-29 The truth of what happened three years ago comes to light, as the past Ciel sought to erase is thrust in his face. The revelations shake the Phantomhive manor to its foundations, and even Sebastian, the resident devil, can only look on in admiration at the consummate gamesmanship at play. The Phantomhive blood, it would seem, runs thick with the thirst for vengeance...

The Global Gag Rule and Women's Reproductive Health Yana van der Meulen Rodgers,2018-10-26 Foreign assistance by the United States is tangled with domestic politics, and perhaps this is most clear in relation to funding for health and family planning. The long arm of U.S. domestic politics has reached the intimate lives of women all over the world because it has threatened major cuts in funding to healthcare organizations in developing countries if they perform or promote abortions. This global gag rule, so-called because to even mention abortion endangers funding, has been a hallmark of Republican administrations since it was first enacted by President Ronald Reagan. When Donald Trump reinstated and expanded the policy, there was popular uproar and a firestorm of debate. Proponents of the policy emphasize the importance of reducing the number of abortions globally and claim that the gag rule will be effective in achieving this goal. In this innovative book, Yana van der Meulen Rodgers argues that the gag rule has failed to achieve its goal of reducing abortions. Rather, the restrictive legislation is associated with higher abortion rates, and because the reduction in funding is indiscriminate there are negative repercussions across a range of health outcomes for women, children, and men. While the rhetoric in media discourse has been extreme, Rodgers provides systematic analysis of how the global gag rule affects women's reproductive health across developing regions, grounded in a conceptual framework that models the complex factors that influence women's decision making about fertility. She also traces the background to American policy, the evolution of international family planning programs, the links between contraceptive access and fertility rates, and the relationship between restrictive abortion laws and abortion rates. And because Rodgers provides a rounded perspective on factors

influencing women's decisions on reproduction and abortion, she offers a constructive and cost-effective approach for U.S. family planning assistance that targets integrated reproductive health services.

Performance, Subjectivity, Cosmopolitanism Yana Meerzon,2020-08-07 This book looks at the connection between contemporary theatre practices and cosmopolitanism, a philosophical condition of social behaviour based on our responsibility, respect, and healthy curiosity to the other. Advocating for cosmopolitanism has become a necessity in a world defined by global wars, mass migration, and rise of nationalism. Using empathy, affect, and telling personal stories of displacement through embodied encounter between the actor and their audience, performance arts can serve as a training ground for this social behavior. In the centre of this encounter is a new cosmopolitan: a person of divided origins and cultural heritage, someone who speaks many languages and claims different countries as their place of belonging. The book examines how European and North American theatres stage this divided subjectivity: both from within, the way we tell stories about ourselves to others, and from without, through the stories the others tell about us.

Black Butler, Vol. 5 Yana Toboso,2014-04-08 For an impeccable gentleman's butler like Sebastian Michaelis, the word impossible is just not in his vocabulary. Everything demanded of him under the English sun is well within his grasp. But do his talents extend to things under the scalding Indian sun?! As Harold West-Jeb's plan to use Agni, Prince Soma's superhuman butler, in a curry battle to win himself a Royal Warrant is exposed, Earl Ciel Phantomhive sets Sebastian to the task of creating an incomparable curry to defeat the despicable West-Jeb. But how can Ciel's devil of a butler possibly best Agni, the man with the Right Hand of God?!
