Dr. Knut Olsen

Encyclopedia of E-Commerce Development, Implementation, and Management Lee, In, 2016-03-31 The convenience of online shopping has driven consumers to turn to the internet to purchase everything from clothing to housewares and even groceries. The ubiquity of online retail stores and availability of hard-to-find products in the digital marketplace has been a catalyst for a heightened interest in research on the best methods, techniques, and strategies for remaining competitive in the era of e-commerce. The Encyclopedia of E-Commerce Development, Implementation, and Management is an authoritative reference source highlighting crucial topics relating to effective business models, managerial strategies, promotional initiatives, development methodologies, and end-user considerations in the online commerce sphere. Emphasizing emerging research on up-and-coming topics such as social commerce, the Internet of Things, online gaming, digital products, and mobile services, this multi-volume encyclopedia is an essential addition to the reference collection of both academic and corporate libraries and caters to the research needs of graduate-level students, researchers, IT developers, and business professionals. .

*Multi-Sided Platforms (MSPs) and Sharing Strategies in the Digital Economy: Emerging Research and Opportunities* Yablonsky, Sergey, 2018-03-30 Rapid technological advancements have the ability to positively or negatively impact corporate growth and success. Professional leaders and decision makers must consider such advancements when designing and implementing new policies in preparation for the sustainable future of the business environment. *Multi-Sided Platforms (MSPs) and Sharing Strategies in the Digital Economy: Emerging Research and Opportunities* is a critical scholarly resource that examines platform strategies and business models with a focus on multi-sided platform business models. Featuring coverage on a broad range of topics, such as digital collaboration, business ecosystem, and platform value chain, this book is an ideal resource for managers, researchers, academics, practitioners, and students interested in recent trends in business models in the digital age.

Seven Myths of the Russian Revolution Jonathan Daly, Leonid Trofimov, 2023-02-09 This fascinating volume is a major contribution to our understanding of the Russian Revolution, from World War I to consolidation of the Bolshevik regime. The seven myths include the exaggeration of Rasputin's influence; a purported conspiracy behind the February Revolution; the treasonous Bolshevik dependence on German support; the multiple Anastasia pretenders to the royal inheritance; the antisemitic claims about 'Judeo-Bolsheviks'; distortions about America's intervention in the civil war; and the 'inevitability' of Bolshevism. In each case the authors analyze the facts, uncover the origins of the myth, and trace its later perseverance (even in contemporary Russia). To assist readers, the volume includes three reference guides (people, terms, dates), nine maps, and twenty-nine illustrations. The result is immensely valuable for undergraduate courses in Russian history. -Gregory L. Freeze, Raymond Ginger Professor of History, Brandeis University

Aiding Forensic Investigation Through Deep Learning and Machine Learning Frameworks Raj, Alex Noel Joseph, Mahesh, Vijayalakshmi G. V., Nerisson, Ruban, Yu, Ang, Gentry, Jennifer, 2022-06-24 It is crucial that forensic science meets challenges such as identifying hidden patterns in data, validating results for accuracy, and understanding varying criminal activities in order to be authoritative so as to hold up justice and public safety. Artificial intelligence, with its potential subsets of machine learning and deep learning, has the potential to transform the domain of forensic science by handling diverse data, recognizing patterns, and analyzing, interpreting, and presenting results. Machine Learning and deep learning frameworks, with developed mathematical and computational tools, facilitate the investigators to provide reliable results. Further study on the potential uses of these technologies is required to better understand their benefits. Aiding Forensic

Investigation Through Deep Learning and Machine Learning Frameworks provides an outline of deep learning and machine learning frameworks and methods for use in forensic science to produce accurate and reliable results to aid investigation processes. The book also considers the challenges, developments, advancements, and emerging approaches of deep learning and machine learning. Covering key topics such as biometrics, augmented reality, and fraud investigation, this reference work is crucial for forensic scientists, law enforcement, computer scientists, researchers, scholars, academicians, practitioners, instructors, and students.

*What if?* Dr. Knut Olsen, 2013-10 Every month, millions of people enter the term 'what if' on Google and other online search engines. What do they expect to find? The answer is something like the information you'll find in this collection of trivia, witticisms, and plain old useful information. Author Knut Olsen addresses questions like these: What if Adam had been gay? What if nobody drank alcohol? What if you could call God? A: The phone operator would probably charge you a fortune. What if you put all the condoms in the world on top of each other? What if you fired a gun on a train moving as fast as a bullet? What if we knew how much Governments around the world waste of taxpayers' money? You'll discover the answers to these and more than one thousand other what if questions on a wide range of topics, including family, religion, music, sex, politics and much more. As you read the questions and answers, you'll think, laugh, and often be surprised. We are surrounded by what-ifs, and some of them are so serious that you might not be prepared to consider them. While some are unthinkable or unrealistic, many are fun. Either way, sit back and enjoy the ride!

Collective Memories in War Elena Rozhdestvenskaya, Victoria Semenova, Irina Tartakovskaya, Krzysztof Kosela, 2015-12-14 This edited collection offers an empirical exploration of social memory in the context of politics, war, identity and culture. With a substantive focus on Eastern Europe, it employs the methodologies of visual studies, content and discourse analysis, in-depth interviews and surveys to substantiate how memory narratives are composed and rewritten in changing ideological and political contexts. The book examines various historical events, including the Russian-Afghan war of 1979-89 and World War II, and considers public and local rituals, monuments and museums, textbook accounts, gender and the body. As such it provides a rich picture of post-socialist memory construction and function based in interdisciplinary memory studies.

*HIEROGLYPHS OF THE PHAISTOS DISC: history and full text translation.* Vitaly Surnin, 2013-12-28 This book is the preliminary part of a great work titled «THE BOOK OF THE EGYPTIAN: The beginning of the basic Egyptology or a key to the understanding of history, philosophy and world religion». Usually, the introduction is made in the form of a brief preface or foreword, but I got a whole book as the first step in a multi-volume publication of the study. The purpose of this specific introduction as the beginning of serious research - is right at the level of the opening to inspire a reader, showing him in a clear visual and comprehensible form, the whole true mechanism of the hieroglyphic writing. To achieve this, I will completely dispel the myth created by the modern science that hieroglyphs do not convey any meaning (of words, the whole idea), but only individual sounds (letters), or their combination (syllables). This scientific myth will be finally deprived of the status of scientific knowledge, and the translation of the Phaistos disc, on the contrary, will be clearly shown, what is called «broken apart», and will be read in the ancient hieroglyphic language united by the principle of construction - in the language of the ancient Egyptians. I can say that it will not be two simultaneously existing systems of hieroglyphs translation, as well as two Egyptologies, one will be false, and the other - true! To prove the validity of the system of translation I wanted to give you immediately not only a complete translation of the text of the Phaistos disc, where the number of occurrences of each hieroglyph is not big (1 to 19 times), but the translation of the whole

ancient Egyptian writing, because the number of times it is used in there is thousands, if not even millions. And each such use of each hieroglyph is translating in the same way, so it creates the full reading of the hieroglyphic texts - writing, which will be easily read by everyone with the dictionary of hieroglyphs in the future. The main reason why I wanted to do it - is because, at first, I read the ancient Egyptian texts and only then, by chance, came across with the hieroglyphs of the Phaistos disc. But then, I decided to set a different aim - to teach the reader to think, and not just to read hieroglyphs. Since we have no ancient Egyptian temple, and you're not its novice, the method of achieving the aims will be different than in the antiquity. First of all, I would suggest not a translation of ancient Egyptian hieroglyphs, but a complete translation of the Phaistos disc, and at the same time to give them a sort of test of common sense to modern science in the face of particular academies and universities of the world. Let them answer me the question, not knowing the translations of ancient Egyptian texts, - whether they think this translation of the Phaistos disc is correct? So when I completely publish «The Book of Egyptian», it will become clear who they are and where do they lead all of you. As they always test the students, it's a time to test them as well. Will they pass the test, I do not know, but any way, you, my reader, will get to know about it, (in the main manuscript) and will be able to draw your own conclusions about their intellectual level. Therefore, I recommend you to take this message of the book, at least with the attention, because not every day the science gets a ready revelation, designed in the form of scientific study. And here the attention and common sense will help the reader to re-look the original, pure, uncomplicated meaning of the Hieroglyphs, which through the veil of delusion will finally begin to appear in their true, original and vibrant colors - and finally, get from the nether world - into the realm of the living!

From Conquest to Deportation Jeronim Perovic, 2018-06-01 This book is about a region on the fringes of empire, which neither Tsarist Russia, nor the Soviet Union, nor in fact the Russian Federation, ever really managed to control. Starting with the nineteenth century, it analyses the state's various strategies to establish its rule over populations highly resilient to change imposed from outside, who frequently resorted to arms to resist interference in their religious practices and beliefs, traditional customs, and ways of life. Jeronim Perovic offers a major contribution to our knowledge of the early Soviet era, a crucial yet overlooked period in this region's troubled history. During the 1920s and 1930s, the various peoples of this predominantly Muslim region came into contact for the first time with a modernising state, demanding not only unconditional loyalty but active participation in the project of 'socialist transformation'. Drawing on unpublished documents from Russian archives, Perovic investigates the changes wrought by Russian policy and explains why, from Moscow's perspective, these modernization attempts failed, ultimately prompting the Stalinist leadership to forcefully exile the Chechens and other North Caucasians to Central Asia in 1943-4.

*Handbook of Western Palearctic Birds, Volume 1* Hadoram Shirihi, Lars Svensson, 2018-08-27 This unique and spectacular handbook is the most complete and comprehensive photographic guide to the passerines of the Western Palearctic. Written by two of the world's most respected ornithologists, Hadoram Shirihi and Lars Svensson, it contains the most up-to-date information available on bird identification covering all aspects of plumage, moult, ageing and sexing, with sections on voice and other identification criteria, and detailed taxonomic notes. This first volume covers larks, hirundines, pipits and wagtails, bulbuls, accentors, robins, chats, wheatears, thrushes, prinias and cisticolas, and warblers. The exceptional text is backed up by a remarkable collection of almost 2,500 photographs, featuring a comprehensive range of plumages that illustrate every race and morph of each species in the region. This stunning handbook will be the definitive reference for the region for years to come -

no birder's shelf will be complete without it.

*The Black Sea Encyclopedia* Sergei R. Grinevetsky, Igor S. Zonn, Sergei S. Zhiltsov, Aleksey N. Kosarev, Andrey G. Kostianoy, 2014-09-30 This publication is devoted to the natural feature – the Black Sea and its littoral states. At the same time the Azov Sea is also considered here. This region is the focus of many geopolitical, economic, social and environmental issues that involve not only the countries coming out to the Black and Azov Seas, but other world countries, too. This publication contains over 1500 articles and terms providing descriptions of geographical and oceanographic features, cities, ports, transport routes, marine biological resources, international treaties, national and international programs, research institutions, historical and archaeological monuments, activities of prominent scientists, researchers, travelers, military commanders, etc. who had relation to the Black Sea. It includes a multi-century chronology of the events that became the outstanding milestones in the history of development of the Black Sea – Azov Sea region.

**9 and 11** Kim H. Veltman, 2015-02-23 This is an unlikely story of true events. The Day that changed the World in the United States (bombing of the Twin Towers), the Day of Fate in Germany and the Day of Destiny in Israel are all connected with the 11th day of the 9th month. These 9/11 dates entail much more than three events in three countries. In the Hebrew tradition, they include all the calamities that have befallen the Jews from the time of the Destruction of the First Temple and Second Temple, the Expulsion of the Jews from England, France, Spain through to the Holocaust in World War II. These events are, in turn, part of a larger history, which linked the same date with cosmic events such as a day of Cosmic Battle and the Birth of Venus and gave special significance to the numbers 9 and 11. Part one explores this tradition and surveys a range of sources from a former German officer involved in the plot against Hitler, to various conspiracy theories. These events are also related to swastikas and hexagrams. Since World War II there has been a trend to associate swastikas with an evil, German Aryan tradition and hexagrams (e.g. six-pointed Star of David) with a good, Jewish Semitic tradition. Historically, a Jewish connection with the Star of David is late Mediaeval rather than Biblical. Swastikas and hexagrams are found in both the Aryan and the Semitic tradition. Hence, the new trend distorts a complex history. More disturbingly, in the guise of tolerance and political correctness, one version of stories is highlighted, others are being suppressed and truth is endangered.

**Контакты. Учебник русского языка для школьников. Третий иностранный язык** Анатолий Бердичевский, Анна Голубева, 2022-01-29 Учебник «Контакты» предназначен для обучения русскому языку как третьему иностранному при первом английском учащихся старших классов гимназий и студентов университетов. При его разработке авторы ориентировались на возрастные когнитивные особенности учащихся 15–18 лет. Учебник учитывает рекомендации «Общеввропейских компетенций в изучении иностранных языков» по формированию ограниченной коммуникативной компетенции на уровне А2. Большое внимание уделяется страноведению России и развитию общеучебных компетенций на русском языке. Аудиоприложение см. на сайте издательства [www.zlat.spb.ru](http://www.zlat.spb.ru), в разделе «Учебники».

*Soviet War Songs in the Context of Russian Culture* Elena Polyudova, 2016-02-29 This volume presents a unique study of war songs created during and after World War II, known in Russia as the “Great Patriotic War”. The most popular war songs, such as “Katyusha”, “The Sacred War”, “Dark Night”, “My Moscow”, “In the Dugout”, “Victory Day”, provide illuminating insights into the musical culture of the former Soviet Union and modern Russia. In the year of the 70th anniversary of victory in the war, the book studies the cultural heritage of famous war songs from a new perspective, exploring the historical background of their creation and analysing their lyrics as part of Russian cultural heritage. The book also discusses the modifications required when translating the songs from

Russian to English. It concludes with a description an educational project studying war songs at Moscow schools run under the auspices of UNESCO.

**The Winter Palace and the People** Susan McCaffray, 2018-09-21 In the face of a changing social landscape in their rapidly growing nineteenth-century capital, Russian monarchs reoriented their display of imperial and national representation away from courtiers and toward the urban public. When attacked at mid-century, monarchs retreated from the palace. As they receded, the public claimed the square and the artistic treasures in the Imperial Hermitage before claiming the palace itself. By 1917, the Winter Palace had come to be the essential stage for representing not just monarchy, but the civic life of the empire-nation. What was cataclysmic for the monarchy presented to those who staffed the palace and Hermitage not a disaster, but a new mission, as a public space created jointly by monarch and city passed from the one to the other. This insightful study will appeal to scholars of Russia and general readers interested in Russian history.--Amazon.

**Mapping Russia's Natural Focal Diseases** Svetlana Malkhazova, Varvara Mironova, Natalia Shartova, Dmitry Orlov, 2018-10-24 This book is the first scientific publication on diseases caused by agents circulating in natural environments independently from humans, covering the whole territory of the Russian Federation. It contains diverse and multifaceted information, both in textual and cartographic form. The book focuses on the historical and current distribution of natural-focal diseases in Russia, epidemiological aspects, natural and socio-economic determinants conducting natural foci. With a series of maps this book depicts population morbidity rates in particular regions and on a national level for the 21st century. With numerous color illustrations this book appeals to a wide audience and is of particular interest to geographers, environmental workers, epidemiologists and other specialists interested in environmental and public health issues.

Textological Aspects of Musicology in Russia and the Former Soviet Union Tatyana Naumenko, 2021-01-18 In this monograph, Tatyana Naumenko, Doctor of Arts and a professor at Moscow's Gnessin Russian Academy of Music, looks at modern Russian musicology through the prism of texts representing it. She mentions subjects addressed in musicological studies, names genres of music that scholars preference to explore, and describes modern methods of research and criteria of assessment, largely with the aim of overcoming Soviet-era dogmatism. Special consideration is given to the writing of academic degree dissertations on music in the former Soviet Union and post-Soviet Russia. The Annex lists dissertations approved between 1970 and 2013.

**Стрелковое огнестрельное оружие и боеприпасы к нему** Евгений Назаркин, Олег Межерауп, 2023-09-09 Рассмотрены основные типы и виды наиболее часто встречаемого на территории России и за её пределами стрелкового огнестрельного оружия и боеприпасов к нему. Наглядно представлены их конструктивные и видовые особенности в форме иллюстративного познавательного информационного обзора. Материалы монографии не являются официальными справочно-методическими материалами для производства криминалистических баплистических экспертиз и исследований. Монография представляет собой обобщенный и систематизированный обзор видов огнестрельного оружия, основ его материальной части, исходя из норм действующего законодательства, ГОСТа, а также специализированной литературы. Все материалы взяты из открытых, общедоступных, легальных источников, преимущественно, из сети Интернет. Для широкого круга читателей, интересующихся историческим и современным обзором стрелкового огнестрельного оружия и боеприпасов к нему, изучением материальной части оружия: студентов, курсантов, слушателей юридических вузов, практических работников правоохранительных органов, военных, сотрудников учреждений уголовно-исполнительной системы, лиц, связанных с оборотом оружия и боеприпасов, а также обычных читателей.

**API Яндекс, Google и других популярных веб-сервисов. Готовые решения для вашего сайта** Петин Виктор

Александрович, 2012 Рассмотрены возможности, предоставляемые API Яндекс, Google, Twitter, ISPmanager, Wikipedia. Показано, как повысить функциональность и привлекательность веб-проектов, интегрировав в них возможности, предоставляемые API этих популярных веб-сервисов. Описано создание 4-х больших готовых к размещению в сети проектов (личного кабинета для сайта хостинговой компании, каталога предприятий, сайта учета заказов для фирмы такси, интерактивной карты местности региона), а также ряда небольших практических решений. Во всех случаях использованы современные технологии создания сайтов без перезагрузки страницы, в том числе подробно рассмотренные в книге фреймворки ха́ах и jQuery. Исходные коды описанных в книге и готовых к размещению в сети проектов можно скачать по ссылке: <ftp://85.249.45.166/9785977507431.zip>

*Очень простые истории* Н. Кабьяк, 2022-01-29 Данное пособие содержит короткие занимательные тексты, адресованные иностранным студентам начального этапа обучения (A1-A2). Каждый раздел пособия представляет собой новую грамматическую тему. Послетекстовые задания помогают проверить понимание текста, запомнить новые слова, а также закрепить знания и умения по грамматике.

*Antentop 01 2013*, 2013-12-31 Antentop is Free E-Magazine devoted to antennas and amateur radio

## Yandex Fotki Introduction

In the digital age, access to information has become easier than ever before. The ability to download Yandex Fotki has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Yandex Fotki has opened up a world of possibilities. Downloading Yandex Fotki provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience

allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Yandex Fotki has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Yandex Fotki. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Yandex Fotki. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Yandex Fotki, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Yandex Fotki has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students,

researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Yandex Fotki Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
