How to Yard Sale Enock Lynn Norrbom, 2011-02-14 One of the main reasons people organize yard sales is so they can sell enough items to pay the bills. But at the end of many events, most sellers have not accomplished their goal. Before you even hold a yard sale, be sure to steer clear of violating any ordinances. Go to your town or city hall, and check if you need a license. This will be an operating expense just like advertising and promotional costs. But once you take care of it, the selling can begin! In this step-by-step guidebook, you will learn the sales techniques that will make people buy; the appropriate pricing to help your items sell; the importance of having stoppers that will generate a crowd; the strategies to beat your yard sale competitors and maximize profits. Written by Enock Lynn Norrbom, who has been generating revenue from yard sales for decades, this guide offers a better understanding of how selling at yard sales can be a serious home-based business that generates income. Move closer to your customers and achieve your objectives as you discover How to Yard Sale.

Lawns into Meadows Owen Wormser, 2020-07-02 In Lawns Into Meadows, landscape designer Owen Wormser makes a case for the power and generosity of meadows. In a world where lawns have wreaked havoc on our natural ecosystems, meadows offer a compelling solution. They establish wildlife and pollinator habitats. They're low-maintenance and low-cost. They have a built-in resilience that helps them weather climate extremes, and they can draw down and store far more carbon dioxide than any manicured lawn. They're also beautiful, all year round. Owen describes how to plant an organic meadow that's right for your site, whether it's a yard, community garden, or tired city lot. He shares advice on preparing your plot, coming up with the right design, and planting—all without using synthetic

chemicals. He passes along tips on building support in neighborhoods where a tidy lawn is the standard. Owen also profiles twenty-one starter grasses and flowers for beginning meadow-makers, and offers guidance on how to grow each one. To illuminate the many joys of meadow-building, Owen draws on his own stories, including how growing up off the grid in northern Maine, with no electricity or plumbing, prepared him for his work. The book, part how-to guide and part memoir, is for environmentalists and climate activists, gardeners and non-gardeners alike. Lawns Into Meadows is part of Stone Pier Press's Citizen Gardening series, which teaches readers how to grow food and garden in ways that are good for the planet.

White Elephants Katie Haegele, 2014-11-28 White elephants are the odd, old, and discarded things that end up at yard sales and flea markets—and Katie Haegele loves them all. Well, an awful lot of them, anyway. She lives a few blocks from the house she grew up in, and every summer she and her mother scour the neighborhood tag sales, looking for treasure. In this unusual, touching memoir, she chronicles the places they go and the things they find there, describing every detail in her singular, charming voice. In the end she finds more than just ugly table lamps and frilly aprons, ultimately discovering a real friendship with her mother, a deeper connection to her father, whose death left a hole in her life—and even a bit of romance.

Athens, Sayre, and Waverly Bonnie Stacy, 1996-10 With Athens, Sayre, and Waverly, the first pictorial history of the valley, Bonnie Stacy has created a nostalgic look at the picturesque communities where the Susquehanna and the

Chemung Rivers flow together. Over 200 rare images from the late 1770s to the present chronicle the proud lumber, canal, and railroad traditions that first drew residents to this bucolic area. From the unique house photographs taken by local photographer M. Louis Gore to the unusual archaeological and historic photographs from the collection of the Tioga Point Museum, these images bring the past to life. In Revolutionary times, Tioga Point was the location of Fort Sullivan. Later, the area was settled by lumbermen, canal workers, and railroaders. Included here are painted portraits of the well-known founders of the settlements in the area, as well as those of everyday people--millworkers, shopkeepers, and bridge builders--who made their marks here and enriched their communities.
